And On That Bombshell Richard Porter,2015-10-22 I was Top Gear's script editor for 13 years and all 22 series. I basically used to check spelling and think of stupid gags about The Stig. I also got to hang around with Jeremy Clarkson, Richard Hammond and James May. It didn't feel like something you should get paid for. From the disastrous pilot show of 2002 to the sudden and unexpected ending in 2015, working on Top Gear was quite a rollercoaster ride. We crossed continents, we made space ships, we bobbed across the world's busiest shipping lane in a pick-up truck. We also got chased by an angry mob, repeatedly sparked fury in newspapers, and almost killed one of our presenters. I realised that I had quite a few stories to tell from behind the scenes on the show. I remembered whose daft idea it was to get a dog. I recalled the willfully stupid way in which we decorated our horrible office. I had a sudden flashback to the time a Bolivian drug lord threatened to kill us. I decided I should write down some of these stories. So I have. I hope you like them. And now, a quote from James May: 'Richard Porter has asked me to write a quote for his new book about the ancient history of Top Gear. But this is a ridiculous request. How can one write a quote? Surely, by definition, a quote must be extracted from a greater body of writing, for the purpose of illustrating or supporting a point in an unrelated work. I cannot write a quote any more than I could film an out-take. 'Porter, like Athens, has lost his marbles.'

Hitting Against the Spin Nathan Leamon,Ben Jones,2021-06-10 'Fascinating and insightful . . . lifts the curtain to reveal the inner workings of international cricket. A must-read for any cricketer, coach or fan' Eoin Morgan 'This path-breaking book should be compulsory reading for commentators and captains - and all cricket fans' Mervyn King 'Clever and original but also wise' Ed Smith How valuable is winning the toss? And how should captains use it to their advantage? Why does a cricket ball swing? Why don't Indians bat left-handed? What is a good length and why? Why are leg-spinners so successful in T20 cricket? Why did England win the World Cup? Why do all Test bowlers bowl at either 55 or 85mph? Why don't they pitch it up? All cricketers long to know the answer to these questions and many more. Only fifteen years ago it would have been difficult to answer them - cricket was guided only by decades-old tradition and received wisdom. Data has changed everything. Today we can track every ball to within millimetres; its release point, speed and bounce point are measured as are how much the ball swings, how much it deviates off the pitch, the exact height and line that it passes the stumps, and multiple other variables. Hitting Against the Spin is the story of that data, and what it can tell us about how cricket really works. Leading cricket thinkers Nathan Leamon and Ben Jones lift the lid on international cricket and explain its hidden workings and dynamics - the forces that shape cricket and, in turn, the cricketers who play it. They analyse the unseen hands that determine which players succeed and which fail, which tactics work and which don't, which teams win and which lose. They also explore the new world of franchise cricket as well as the rapid evolution of the T20 format. Revolutionary in its insights, Hitting Against the Spin takes you on a fascinating whistle-stop tour of modern cricket and sports analytics, bringing cricket firmly into the twenty-first century by revealing its long-kept secrets. This is the most important cricket book in decades.

Steve Smith's Men Geoff Lemon,2018-11-01 He was top of the world, with numbers bettered only by Don Bradman - then captain Steve Smith led his Australian team into a cheating scandal that stunned cricket. Media exploded and million-dollar contracts were torn up. Australia's prime minister expressed the public anger and disappointment: 'Our cricketers are role models, and cricket is synonymous with fair play.' But there was more to the story than the actions of a few young men. A tangle of personality, politics and culture had led them to this point. Geoff Lemon witnessed that story from commentary boxes and press conferences, and was there in South Africa for its final act. This is a frank, fearless and often humorous account of the path from Ashes high to Cape Town low, from someone who watched it all unfold.

Cain's Redemption Dennis Shere,2005-08-01 Formerly known as America's bloodiest prison, the 18,000 acres that comprise Louisiana's Angola State Penitentiary are now home to 5,000 inmates, a full range of seasonal crops, a 9-hole golf course, yearly rodeos, a Bible seminary, a museum, and much more. All of this came into being at the behest of Warden Burl Cain, who is now the longest-standing warden in the history of Angola prison. Under his leadership, the inmate population of 5,000 has gone from regular knife fights to Bible studies. Cain is a strong believer in the ability of the gospel to turn the most incorrigible of sinners into productive, moral citizens. Because eight out of ten prisoners are serving life sentences without parole at Angola, Cain has taken upon himself the task of making the lives of these prisoners productive and educational. Through a partnership with New Orleans Baptist Seminary, prisoners have the opportunity to get a bible degree and even be transferred to other prisons as a missionary. The Angola phenomenon has been covered by such media outlets as: Time Magazine, Christianity Today, and in the award-winning film documentary, The Farm: Angola, USA. Author Dennis Shere combines his background in journalism and law to bring readers this account of redemption and life change in the most unlikely of places: a maximum security prison.
