Crossroad Blues Ace Atkins, 2000-02-15 ... Ahmad has created a novel that looks at race and culture and the changing face of America. It's a story that's easy to devour but hard to forget... - Richmond Times-Dispatch Ranjit Singh, a former Indian Army Captain trying to escape a shameful past, lives with his family among the migrant workers of Martha's Vineyard, working as a caretaker of the vacation homes of the rich and powerful. Needing a place to stay, Ranjit moves his family into an empty Senator's home. Happily, but illegally ensconced in the house, he tries to forget his brief affair with Anna, the wife of an African-American senator, and focus on providing for his family. But one night, their idyll is shattered when mysterious armed men break into the house, looking for an antique porcelain doll. Forced to flee, Ranjit is pursued and hunted by unknown forces, and becomes drawn into the Senator's shadowy world. To save his family and solve the mystery of the doll, he must join forces with Anna, who has her own dark secrets. As the past and present collide, Ranjit must finally confront the hidden event that destroyed his Army career and forced him to leave India. Tightly plotted, action-packed, smart and surprisingly moving, *The Caretaker* takes us from the desperate world of migrant workers to the elite African-American community of Martha's Vineyard, and a secret high-altitude war between India and Pakistan.

Cross Roads Wm. Paul Young, 2012-11-13 Paul Young, author of the international bestseller, *The Shack*, tells a story of the incremental transformation of a man caught in the torments of his own creation, somewhere between heaven and earth. Anthony Spencer is egotistical, proud of being a self-made business success at the peak of his game, even though the cost of winning was painfully high. A cerebral hemorrhage leaves Tony comatose in a hospital ICU. He 'awakens' to find himself in a surreal world, a 'living' landscape that mirrors dimensions of his earthly life, from the beautiful to the corrupt. It is here that he has vivid interactions with others he assumes are projections of his own subconscious, but whose directions he follows nonetheless with the possibility that they might lead to authenticity and perhaps, redemption. The adventure draws Tony into deep relational entanglements where he is able to 'see' through the literal eyes and experiences of others, but is blind to the consequences of hiding his personal agenda and loss that emerge to war against the processes of healing and trust. Will this unexpected coalescing of events cause Tony to examine his life and realize he built a house of cards on the poisoned grounds of a broken heart? Will he also have the courage to make a critical choice that can undo a major

injustice he set in motion before falling into a coma?

Midnight Crossroad Charlaïne Harris,2014-05-06 Take a trip to the small Texas town where only outsiders fit in with the first novel in #1 New York Times bestselling author Charlaïne Harris' paranormal mystery series. Welcome to Midnight, Texas, a town with many boarded-up windows and few full-time inhabitants, located at the crossing of Witch Light Road and the Davy highway. It's a pretty standard dried-up western town. There's a pawnshop with three residents. One is seen only at night. There's a diner, but people stopping there tend not to linger. There's a newcomer, Manfred Bernardo, who just wants to work hard and blend in. But Manfred has secrets of his own...

Why Does the Screenwriter Cross the Road? Joe Gilford,2015 Writers will understand why they're stuck and how to get unstuck through proven methods of breaking the logjam of self-judging and second-guessing that keeps good screenplays from being finished. Attain confidence by knowing your story is clear and solid. Seal out negative influences such as "industry experts" and fleeting trends. This is a way to write a script with integrity that makes a screenplay "storyworthy." This is how to write a screenplay that works.

Why Did the Policeman Cross the Road? Stevyn Colgan,2016-05-19 Can lollipops reduce antisocial behaviour? Could wizards prevent street gambling? Do fake bus stops protect pensioners? Can dog shows help reduce murder rates? Stevyn Colgan spent thirty years in the police service—twelve of them as part of the Problem Solving Unit, a special team with an extraordinary brief: to solve problems of crime and disorder that were unresponsive to traditional policing. They could try anything as long as it wasn't illegal (or immoral), wouldn't bring the police into disrepute, and didn't cost very much. The result is this extraordinary collection of innovative and imaginative approaches to crime prevention, showing us that any problem can be solved if we can just identify its underlying roots. In *Why Did the Policeman Cross the Road?* you'll learn how bees can prevent elephant stampedes and what tiger farms and sex workers have in common. You'll read about killer snakes in African cornfields and cholera epidemics in Soho. You'll come to appreciate the advantages of sticking gum on celebrities' faces, why the colour of the changing room might decide a football match, and how eating lobsters may help to save their lives. This book is an amusing, insightful and sometimes controversial celebration of good policing and problem solving that reaches beyond law enforcement and into everyday life.

The Crossroad Beverly Lewis,2007-01-01 Bestselling author Beverly Lewis's story of a journalist who must decide between joining the Amish life or leaving it forever.

The Crossroad Mark Donaldson,2014 On 2 September 2008, in a valley in eastern Afghanistan, Trooper Mark Donaldson made a split - second decision that would change his life. His display of extraordinary courage that day saw him awarded the Victoria Cross for Australia, making him the first Australian to receive our highest award for bravery in wartime since Keith Payne in 1969. Yet Mark's journey to those crucial moments in Afghanistan was almost as exceptional as the acts that led to his VC. He was a rebellious child and teenager, even before the

death of his father - a Vietnam veteran - when Mark and his brother were in their mid - teens. A few years later, their mother disappeared, presumed murdered. Her body has never been found. Mark's decisions could have easily led him down another path, to a life of self - destructiveness and petty crime. But he chose a different road: the army. It proved to be his salvation and he found himself a natural soldier, progressing unerringly to the SAS, the peak of the Australian military. From his turbulent early years to the stark realities of combat in the mountains and valleys of Afghanistan, Mark's book is the frank and compelling story of a man who turned his life around by sheer determination and strength of mind.

Crossroad W. H. Cameron, 2019-12-10 On a desolate road in the Oregon high desert, an apprentice mortician stumbles upon a horrific car crash--and into a vortex of treachery, long-buried secrets, and growing menace. Melisende Dulac is a fish out of water after relocating from the East Coast to a small community in the Oregon high desert. But just as she's beginning to think of Barlow County as home, her life takes an ominous turn when she comes upon a grisly multiple car wreck and three shattered bodies on an isolated road outside of town. Near the scene, Melisende trips over a fourth body, that of a newborn girl lying a physics-defying distance from the wreckage. There is no one to claim the infant, nor a clear indication she was even part of the accident. The crash offers plenty of opportunities for an apprentice mortician--but when the victims' bodies are stolen from her family's mortuary, Melisende is branded suspect number one. Then, Portland lawyer Kendrick Pride arrives on the scene on behalf of one of the victim's families--or so he says--and Melisende begins to see that there's much more to this enigmatic figure than meets the eye. As the shadows gather and the mystery deepens, Melisende must race to find the truth--or be swallowed by the darkness.

Eve Wm. Paul Young, 2015-09-15 From the author of the twenty-five-million-copy bestseller *The Shack* comes a captivating new novel destined to be one of the most talked-about books of the decade. Eve is a bold, unprecedented exploration of the Creation narrative, true to the original texts and centuries of scholarship--yet with breathtaking discoveries that challenge traditional beliefs about who we are and how we're made. Eve opens a refreshing conversation about the equality of men and women within the context of our beginnings, helping us see each other as our Creator does--complete, unique, and not constrained by cultural rules or limitations. When a shipping container washes ashore on an island between our world and the next, John the Collector finds a young woman inside--broken, frozen, and barely alive. With the aid of Healers and Scholars, John oversees her recovery and soon discovers that her genetic code connects her to every known race. No one would guess what her survival will mean... No one but Eve, Mother of the Living, who calls her "daughter" and invites her to witness the truth about her own story--indeed, the truth about us all. As *The Shack* awakened readers to a personal, non-religious understanding of God, Eve will free us from faulty interpretations that have corrupted human relationships since the Garden of Eden. Thoroughly researched and exquisitely written, Eve is a masterpiece that will inspire readers for generations to come.

Cross Road Barbara Tucker,2012-05-01 It has been six years since the day Jeff Geraldson lost his wife, and Emily and Josiah lost their mother, Carlie, in a pro-life rally accident. He's determined his children will have as normal a life as possible, in spite of everything...but often fails. Six years is a long time to deal with intense pain, grief, and guilt. Just around the corner are new experiences and people - ones Josiah, Emily, and Jeff would never expect - who will help them heal and continue their journey. --From publisher's description.

At A Cross Road Venerable, Dr. Felix Udo Anyasor,2022-09-20 At A Cross Road: Church Troubled: Consumerism & Simplicity By: Venerable, Dr. Felix Udo Anyasor There are some Ideological and structural vices of life, and when not given attention, may spread like cancer. Consumerism was known to be a societal and secular vice, in a sense, and also one of the engendering factors to corruption in the governmental and some business areas. But when consumerism finds its way into the church, where worshippers are supposedly spiritually edified, then the world itself is in trouble. When the foundations are destroyed, what can the righteous do?(Psalm 11:3). Venerable, Dr. Felix Udo Anyasor provides an in-depth look into the church today, and the many terrible effects consumerism has on the individual members and church community as a whole. He provides guidance on how to overcome this proverbial tumor, to walk in love as Jesus; making sacrifices on the mortal plane to save souls now, and the afterlife.

Non-coding RNAs at the Cross-Road of Cardiometabolic Diseases and Cancer Paul Holvoet, 2021-03-26 This book gives insight into the functional role of non-coding RNAs in central pathways contributing to the development of obesity, type 2 diabetes, non-alcoholic fatty liver disease, atherosclerosis, myocardial infarction, cardiomyopathy, and heart failure. It also sheds light on the relationship of this cluster with cancer. Tumor cells, in contrast to cells in cardiometabolic tissues, can regulate this cluster of non-coding RNAs to escape from oxidative stress and anti-tumor immunity and maintain insulin sensitivity, facilitating cancer progression. The book presents a cluster of non-coding RNAs that may be prospectively analyzed in extensive cohort studies to determine their value in risk-predicting machine learning algorithms. In addition, it emphasizes the role of microvesicles in communication between tumor-adjacent tissue, inflammatory cells, and tumor cells, with a special focus on the role of miR-155. The book intends to promote interdisciplinary research. Due to the comprehensive background information provided in each chapter, it is suitable for researchers in academia and industry and for graduate students in biology, bioengineering, and medicine.
