Annie Droid Robert James Warner, 2000-12 Annie Droid is a story taken from the Watcher Chronicals by Robert James Warner, the author, who was privileged to present this story to the world public as a fiction story. The Watchers are a human race from deep space who found earth and conquered it without spilling one drop of earther blood, telling the world that they were on earth only to 'watch' and study the peoples of earth. The Watchers are a tall, bald headed, telepathic people who have achieved remarkably high levels of expertise in medicine, science,

and high tech machines which include, among many others, teleportation and robots and androids. The earthers find out that the Watchers will help them with their personal problems at times, although most of the requests for help are refused, the Watchers saying, We are here only to watch. Tom and Cindy Smith, man and wife, have a problem: Cindy insists fanatically, though she is not pregnant at the time, that her body is hers to do with as she decides including a baby in her womb, if she decides to have an abortion, whether the father agrees or not, even though the father has supplied 'one half' of the life force of the baby. Tom insists that the father has as much right to decide the fate of a baby in the womb as the mother has, pointing out that there are 'two' principles involved in any pregnancy: conception: the fertilization of the female egg by the male sperm, and incubation: the growth of the baby in the womb, the female incubator, which a female has by an accident of birth. Tom becomes fed up with Cindy's illogical and stupid sexist attitudes about a baby in the womb so he divorces her and goes to the Watchers, asking them if they can help him have a baby without using the womb of an earther woman. The Watchers, intrigued by such a request, agree to help Tom so they can study the effects of a baby grown in a non-human incubator on the peoples of earth. They give Tom an a beautiful android they name Annie Droid, who is so much like a human woman it is hard to tell she is not a human woman, who has a womb and will be the mobile incubator where Tom's baby will be grown until it is born. Tom and Annie will live as husband and wife until the baby is born, then a young earther woman, Sally North, will be its wet nurse and help Tom raise the baby. Annie Droid returns to the Watchers after the birth of Tom's baby, her job done, but there is a very big problem: Tom has fallen hopelessly in love with Annie Droid

and after she leaves he slowly sinks in to the gutter with a broken heart because he can not live with a female android as man and wife, the Watchers can not allow that, and he can not live without her! Meanwhile, Cindy, very angry at Tom for divorcing her, but feeling very guilty, goes to the Watchers too, asking them if they will make her pregnant with Tom's sperm which they decide to do. Cindy will give Tom the new baby. The Watchers decide to give Cindy an android too, a male android they name Andy Droid, who is big, blond, and beautiful, so they can study the effect of a male android lover on an earther female. Cindy falls hopelessly in love with Andy and then the trouble starts: The Watchers tell Cindy that she must return Andy to them. The Watchers can not allow her to live any longer with an android, which Cindy refuses to accept!
