Cub Cynthia L. Copeland,2020-02-25 “Raina Telgemeier fans will lap this up.” — Bulletin of the Center for Children's Books A laugh-out-loud funny and empowering graphic memoir about growing up and finding your voice. Twelve-year-old Cindy has just dipped a toe into seventh-grade drama—with its complicated friendships, bullies, and cute boys—when she earns an internship as a cub reporter at a local newspaper in the early 1970s. A (rare) young female reporter takes Cindy under her wing, and Cindy soon learns not only how to write a lede, but also how to respectfully question authority, how to assert herself in a world run by men, and—as the Watergate scandal unfolds—how brave reporting and writing can topple a corrupt world leader. Searching for her own scoops, Cindy doesn’t always get it right, on paper or in real life. But whether she’s writing features about ghost hunters, falling off her bicycle and into her first crush, or navigating shifting friendships, Cindy grows wiser and more confident through every awkward and hilarious mistake.

Little Cub Olivier Dunrea,2014-01-09 A darling companion to *Old Bear and His Cub* from the New York Times bestselling creator of the Gossie books What's an Old Bear to do when he finds a Little Cub all alone and afraid of the dark? Adopt him, of course! And help him try to get over his fears. In this book we see the father and son from *Old Bear and His Cub* meet for the first time--and grow to love one another. With the same bold art and humorous twist on parenting, Olivier Dunrea's tumbling bears will melt your heart and show how strong the bond is between any father and son pair. Praise for *LITTLE CUB* *Readers will treasure the bears’ gingerly give-and-take—watching them serendipitously become a family of two is a joy to behold.--Publishers Weekly, starred review *Dunrea packs a huge amount of emotion into his limited text and engaging art. A delight for fans of these characters and a lovely next step for children ready to move beyond the “Gossie and Friends” series.--School Library Journal, starred review

A Cub Story Alison Farrell,Kristen Tracy,2021-09-28 Alison Farrell's *The Hike* meets Richard Scarry's *I Am a Bunny* in this delightful board book that combines sweetness and science. Timeless and nostalgic, quirky and fresh, lightly educational and wholly heartfelt, this autobiography of a bear cub will delight all cuddlers and snugglers. See the world through a bear cub's eyes in this charming book about finding your place in the world. Little cub measures himself up to the other animals in the forest. Compared to a rabbit, he is big. Compared to a chipmunk, he is HUGE. Compared to his mother, he is still a little cub. The first in a series of board books pairs Kristen Tracy's timeless and nostalgic text with Alison Farrell's sweet, endearing art for an adorable treatment of everyone's favorite topic: baby animals! PERFECT FOR BEDTIME KISSES: The book goes through a day in the life of a baby bear cub and ends tucked into his den with mama bear. The perfect book to take families through their own day, ending with a cozy goodnight moment! ENCOURAGES CHILDREN TO IMAGINE OTHER PERSPECTIVES: This book is told in the first person: I am a cub. This unusual narrator will get the youngest readers thinking about what it's really like to be a little bear cub! TEACHES COMPARISONS: The idea of seeing through the animal's eyes by comparing themselves to familiar ideas (cub is bigger than rabbit but smaller than mama bear) is a perfect introduction to comparative logic. CRITICALLY ACCLAIMED ILLUSTRATOR: Alison Farrell is the author/illustrator of the fan favorite *The Hike*, along with *Cycle City* and *Bicycle Bash*. Here she brings her love of science and sweet animals a brand-new series based on forest animals! BABY ANIMALS!: There's one thing all babies love: baby animals! There are all kinds of animals to look at and learn about in these pages, rich with wildlife and filled with love. A BOOK TO BOND OVER: This is the perfect cuddly read between baby and parent, since it's focused on baby animals and their families. Perfect for: •Parents • Grandparents • Friends searching for the perfect baby shower gift • Animal lovers

Open Dating of Foods Theodore P. Labuza,Lynn M. Szybist,2008-06-02 Open dating plays a vital role in the distribution of the food products from the farm or place of manufacturing to the consumer's home. One principle is that the shelf life is a function of the distribution conditions and can be looked at as the percentage of consumers a manufacturer is willing to displease. Thus, one purpose of an open date is to give consumers enough time to purchase a food product and store it at home for a reasonable period of time before the product reaches the end of shelf-life in terms of some degree of quality change that is still acceptable. If products are not stored or rotated properly in distribution, then older products or those of lesser quality and perhaps compromised safety because of abuse during distribution chain and causing loss of confidence in the food category. Presently, the lack of uniformity among manufacturers and across state borders has made the practice of open dating confusing and misleading for consumers, retailers and the government. This book addresses these issues, and provides scientific and legal background to both evaluate and influence federally-regulated open-dating legislation in this country

Global Strategies in Retailing John Dawson,Masao Mukoyama,2013-10-08 Large and medium sized retailers have increased their international operations substantially over the last 25 years. This is evident in: the number of countries to which these retailers expand; the growing international sales of retailers; and the heightening of the level of commitment of retailers to their international activity – a trend that is likely to continue over the next decade as general globalization in the service industries increases. The managerial implications of the moves to become global are considerable. Different retailers are pursuing different approaches, to varying degrees of success and are no longer simply multi-national, but are also multi-continental. Consequently, existing concepts and theories of international business fit uneasily in explanations of international retailing, so new corporate strategies need to be explored. Featuring in-depth studies of seven retailers, by international scholars from Japan, the UK and Sweden, *Global Strategies in Retailing* explores recent developments in strategy that are related to international retailing and in particular, the emergence of a Global Portfolio Strategy. As such, this book will be important reading for all international business and retailing students and academics researching in these areas.

The Thoughtful Ring Kate Goebel,2016-08-12 Cora discovers a magical ring in the back of an old piano. This ring allows the thoughts of those around her to enter Coras mind. However, a majority of these thoughts are melancholic, pessimistic, and bothersome. Cora begins to have a more negative outlook on her life and believes she is surrounded by bad luck. When her father gets a new job, she and her family move from their home in Minnesota to Texas, leaving the ring and piano behind. After Coras family leaves, a high school acquaintance discovers the ring. Katie has the opposite experience with the ring and hears positive, affirming thoughts. The ring encourages Katies upbeat personality. She wonders why and how this happens and believes she can use it to help someone. On a visit from Texas, Cora notices Katie wearing the ring. A unique friendship forms, and Katie is on a mission to help Cora understand that positive thinking is in her own control. The ring gives power to hear thoughts, but the girls realize that the real magic of positive thinking starts from within their own minds.
