Cupid Julius Lester,2007 Cupid, the spoiled and mischievous god of love, is attracted to and marries the beautiful mortal, Psyche, and both learn many lessons about the nature of love.

I'm With Cupid Diane Stingley,2005-02-15 She asked for it, she got it.... Anna Munson is constantly pestering the powers-that-be for true love and, quite frankly, Cupid's had it up to here. In fact, he's so fed up that he sends her an arrow of true love even though she hasn't proven herself worthy. Worse, he does it while she's on her first date with Nick Wells -- and Nick is barely worthy of true love. Cupid's rash behavior could cost him his wings if discovered by his higher-ups. But hopefully Nick and Anna will ruin their relationship before that happens. They are human, after all. He just got caught in the crossfire. Anna has never felt this kind of love before. To her own surprise (and Cupid's despair) it changes her. Completely. And Nick starts feeling kind of weird. He was just looking for some regular sex and a few laughs, but all this unconditional love and acceptance is throwing him off his game. Watching closely, Cupid knows exactly what's going on...and he doesn't like it. Not one bit. A little kernel has started to grow inside Nick's heart, and it could turn into something wonderful. But do Nick and Anna stand a chance with an ornery Cupid rooting against them?

What Morgan doesn't know, is that Jarrod actually owns the bar. With the insistent help and interference of a cast of meddlers -- including Nick's brothers and Morgan's cousin -- constantly shooting Cupid's arrows, will this pair ever find their way to each other and a promise of true love?

Cupid's Cyclopedia Oliver Oliver Herford,James Zimmerhoff,2017-09-09 In classical mythology, Cupid (Latin Cupido Although Eros is generally portrayed as a slender winged youth in Classical Greek art, during the Hellenistic period, he was increasingly portrayed as a chubby boy. During this time, his iconography acquired the bow and arrow that represent his source of power: a person, or even a deity, who is shot by Cupid's arrow is filled with uncontrollable desire. In myths, Cupid is a minor character who serves mostly to set the plot in motion. He is a main character only in the tale of Cupid and Psyche, when wounded by his own weapons, he experiences the ordeal of love. Although other extended stories are not told about him, his tradition is rich in poetic themes and visual scenarios, such as Love conquers all and the retaliatory punishment or torture of Cupid. In art, Cupid often appears in multiples as the Amores, or amorini in the later terminology of art history, the equivalent of the Greek erotes. Cupids are a frequent motif of both Roman art and later Western art of the classical tradition. In the 15th century, the iconography of Cupid starts to become indistinguishable from the putto. Cupid continued to be a popular figure in the Middle Ages, when under Christian influence he often had a dual nature as Heavenly and Earthly love. In the Renaissance, a renewed interest in classical philosophy endowed him with complex allegorical meanings. In contemporary popular culture, Cupid is shown drawing his bow to inspire romantic love, often as an icon of Valentine's Day. The Romans reinterpreted myths and concepts pertaining to the Greek Eros for Cupid in their own literature and art, and medieval and Renaissance mythographers conflate the two freely. In the Greek tradition, Eros had a dual, contradictory genealogy. He was among the primordial gods who came into existence asexually; after his generation, deities were begotten

through male-female unions. At the same time, the Eros who was pictured as a boy or slim youth was regarded as the child of a divine couple, the identity of whom varied by source. The influential Renaissance mythographer Natale Conti began his chapter on Cupid/Eros by declaring that the Greeks themselves were unsure about his parentage: Heaven and Earth, In Latin literature, Cupid is usually treated as the son of Venus without reference to a father. Seneca says that Vulcan, as the husband of Venus, is the father of Cupid. In the later classical tradition, Cupid is most often regarded as the son of Venus and Mars, whose love affair represented an allegory of Love and War.
