America's Money Machine Elgin Groseclose, 1966

The Amazing Money Machine Noah C Wieder, 2015-06-04 How would you like to keep the \$2.50 Surcharge fee Every Time Someone uses an ATM? In this book I'm going to teach you how to build a passive income in the ATM Business. I've been doing it for the past 20+ years and it has afforded me the opportunity to live in Southern California, work a block from the beach, and live the dream. It's given me the freedom to choose the hours I work, even if I want a 4 hour work week. Stop trading time for money - you can work less, live more. This book explains why people pay upwards of \$3.00 every time they use a non-bank ATM and how YOU CAN EARN THAT ENTIRE FEE to build wealth and earn a passive income from just a FEW HUNDRED DOLLARS a month to TENS OF THOUSANDS! Have you ever used an ATM Machine that wasn't part of your bank and had to press the key to say YES - I agree to pay the Surcharge Fee? How would you like to be the one collecting that fee - every time the ATM gets used? This is a tell all book about how people like you and me can own and operate an ATM Machine and make annual returns that far exceed any conventional investment strategy, with a lot less risk. This once secretive business, only meant for Bankers, Wealthy Individuals, and people in the know is now a wide open opportunity. It's basically a Guidebook or an ATM business blueprint, if you will, of how to be successful in the ATM Business. While there are many companies trying to sell ATM Franchises (I don't recommend one), I'll show you all the pieces to the ATM business without having to spend money on an ATM Franchise. Who is this book for? If you're you still trading time for money, read it. If you're you looking for an ATM Franchise or some kind of Franchise, you should read this book. If you're a retailer, commercial landlord, or in the retail industry and want some easy extra revenue, this is a MUST read book. If you're officially retired, seeking the next opportunity and want fantastic low risk annual returns, read this book now. If you would enjoy a passive income so you can work less, live more you'll love this book. If you're in a dead end job or career that doesn't fulfill you and you enjoy counting money, I'm sure this business is for you, read the book. If you want to help other businesses make more money and earn a passive income, this book is for you. If you're already living your dream, but wouldn't mind an extra \$1,000 - \$5,000 or more per month in passive income, this book is for you. If you're an entrepreneur and have dreams of owning your own business (full or part time), read this book. If you're happy with your current job, but still hunger for something of your own part time, this book is for you. If you're a people person and enjoy talking or networking with store owners, you'll love this business, read the book. If you have ever invested in stocks, bonds, real estate, or private placement companies (this is none of those), this book is for you. If you have funds sitting in a savings account, money market account, or Certificates of Deposit (CD) not producing anything that resembles a decent annual return, this book is for you. If you would enjoy quadrupling your Annual Return on Investment, you will appreciate this book. If you're planning retirement, seeking preservation of capital and passive income, this book is for you. If you have ever wondered who gets that \$2.00 - \$3.00 surcharge fee you pay when you use a non-bank ATM and wanted to keep it for yourself, you need to buy this book right now! If opportunity doesn't knock, it's time to build a door! - Milton Berle This book includes the tools and materials to build your door. Isn't it time to pick up the tools, and build it?

The Future of Money United States. Congress. House. Committee on Banking and Financial Services. Subcommittee on Domestic and International Monetary Policy, 1995

Blood and Money David McNally, 2020-05-05 The history of money and its violent and oppressive origins from slavery to war—by the author of *Global Slump*. In most accounts of the origins of money we are offered pleasant tales in which it arises to the mutual benefit of all parties as a result of barter. But in this groundbreaking study, David McNally reveals the true story of money's origins and development as one of violence and human bondage. Money's emergence and its transformation are shown to be intimately connected to the buying and selling of slaves and the waging of war. *Blood and Money* demonstrates the ways that money has "internalized" its violent origins, making clear that it has become a concentrated force of social power and domination. Where Adam Smith observed that monetary wealth represents "command over labor," this paradigm shifting book amends his view to define money as comprising the command

over persons and their bodies. “This fascinating and informative study, rich in novel insights, treats money not as an abstraction from its social base but as deeply embedded in its essential functions and origins in brutal violence and harsh oppression.” —Noam Chomsky “A fine-grained historical analysis of the interconnection between war, enslavement, finance, and money from classical times to present.” —Jeff Noonan, author of *The Troubles of Democracy* “McNally casts an unsparing light on the origins of money—and capitalism itself—in this scathing, Marxist-informed account . . . McNally builds a powerful, richly documented argument that unchecked capitalism prioritizes greed and violence over compassion . . . [T]his searing academic treatise makes a convincing case.” —Publishers Weekly

Apartheid Guns and Money Hennie van Vuuren, 2019-03-01 In its last decades, the apartheid regime was confronted with an existential threat. While internal resistance to the last whites-only government grew, mandatory international sanctions prohibited sales of strategic goods and arms to South Africa. To counter this, a global covert network of nearly fifty countries was built. In complete secrecy, allies in corporations, banks, governments and intelligence agencies across the world helped illegally supply guns and move cash in one of history's biggest money laundering schemes. Whistleblowers were assassinated and ordinary people suffered. Weaving together archival material, interviews and newly declassified documents, *Apartheid Guns and Money* exposes some of the darkest secrets of apartheid's economic crimes, their murderous consequences, and those who profited: heads of state, arms dealers, aristocrats, bankers, spies, journalists and secret lobbyists. These revelations, and the difficult questions they pose, will both allow and force the new South Africa to confront its past.
