*The Pink Moon Lovelies* Nicki Boscia Durlister,Kristi Funk,Shera Delia,2013-03-18 The Pink Moon Lovelies are members of the Facebook group Beyond the Pink Moon, named after Nicki Boscia Durlister's memoir that intimately chronicles her journey after a breast cancer diagnosis. Nicki created the group to provide an active forum for discussion to raise awareness about the BRCA gene and breast and ovarian cancer. She never dreamed her homespun story would travel around the globe and Beyond the Pink Moon would become a support group for people from all walks of life coming together to lift each other up with inspiration, humor, faith and love. With Lovelies in Australia, Canada, England, France, Ireland, Israel, Mexico, Namibia, New Zealand, Singapore, Slovakia, South Africa, Sweden, Tasmania and the USA, Nicki, a BRCA2 survivor, and fellow moderator, Melissa Johnson Voight, a BRCA1 previvor, whose journey of steadfast faith and courage of conviction is included in this book, have encouraged their members to tell their stories with one goal in mind, to save lives. With a Foreword written by renowned breast surgeon, Dr. Kristi Funk, this riveting collection of 50 stories includes: the unflinching account of Barbie Ritzco, a United States Marine who kept silent about discovering a lump in her breast in order to deploy with her unit to Afghanistan, putting her country before her health, the moving story of Ally Durlister, Nicki's daughter, a 25 year old BRCA2 previvor who will undergo prophylactic surgery to try to avoid the same fate as her mother, grandmother and six great-aunts who all had breast, ovarian or fallopian tube cancer, the frustrating story of Erika Grogin Lange, an Israeli Lovely and mother of five, whose nagging symptoms of fatigue, nausea and bloating went undiagnosed for months until she heard the shocking news that she had Stage III ovarian cancer, and the unpredictable journey of Susan Long Martucci, a two-time breast cancer survivor, disease free for 13 years, blindsided by another diagnosis. She is the beacon of hope who coined the term Pink Moon Lovelies. Each story is compelling and has an important message to impart. The Pink Moon Lovelies, Empowering Stories of Survival concludes with the story of the incomparable May Smith, the 32 year old South African Lovely who left a legacy of extraordinary courage, grace and love. Hers was a life well lived. When May sadly passed away on July 22, 2012 from breast cancer she left the Pink Moon Lovelies with one final message filled with wisdom and advice beyond her years. Her emotional eulogy written by Nicki Boscia Durlister is also included. Two women who never met in person but whose love transcended time and space. The power of the Pink Moon! Cover art and design by Ithaca, New York artist and breast cancer survivor, Shera Delia. All proceeds from the sales of this book will go to Beyond the Pink Moon non-profit and will be donated to breast and ovarian cancer research.

**Lord of the Vampires** Gena Showalter,2011-09-01 Once upon a time...the Blood Sorcerer vanquished the kingdom of Elden. To save their children, the queen scattered them to safety and the king filled them with vengeance. Only a magical timepiece connects the four royal heirs...and time is running out.... Nicolai the Vampire was renowned for his virility, but in a twist of fate The Dark Seducer had become a sex slave in the kingdom of Delfina—stripped of his precious timepiece and his memory. All that remained was a primal need for freedom, revenge—and the only woman who could help him. In her dreams, a wanton vampire called to Jane Parker, drawing her to his dark sexuality and his magical realm. But for a human, all

was not a fairy tale in Delfina. Jane was the key to Nicolai's memory...but exploiting her meant dooming the only mortal he craved.

*Dark Ecology* Timothy Morton,2016-04-12 Timothy Morton argues that ecological awareness in the present Anthropocene era takes the form of a strange loop or Möbius strip, twisted to have only one side. Deckard travels this oedipal path in *Blade Runner* (1982) when he learns that he might be the enemy he has been ordered to pursue. Ecological awareness takes this shape because ecological phenomena have a loop form that is also fundamental to the structure of how things are. The logistics of agricultural society resulted in global warming and hardwired dangerous ideas about life-forms into the human mind. Dark ecology puts us in an uncanny position of radical self-knowledge, illuminating our place in the biosphere and our belonging to a species in a sense that is far less obvious than we like to think. Morton explores the logical foundations of the ecological crisis, which is suffused with the melancholy and negativity of coexistence yet evolving, as we explore its loop form, into something playful, anarchic, and comedic. His work is a skilled fusion of humanities and scientific scholarship, incorporating the theories and findings of philosophy, anthropology, literature, ecology, biology, and physics. Morton hopes to reestablish our ties to nonhuman beings and to help us rediscover the playfulness and joy that can brighten the dark, strange loop we traverse.

**The Lost Whale** Hannah Gold,2022-10-11 A gorgeously written standalone from the acclaimed author of *The Last Bear*, Hannah Gold's second novel is a touching story about adventure, recovery, and love—perfect for fans of *Pax* and *A Wolf Called Wander*. When Rio is sent to live with a grandmother he barely knows in California, he feels completely alone. Then he makes a new friend on the foggy beach—a girl named Marina, who teaches him about the massive grey whales that migrate nearby. As Rio grows to love the whales, he discovers that his mother loved them, too. He's suddenly sure that if he can somehow find a way to connect her with these gentle giants – and especially with a particular whale named White Beak – she will get better and come to join him in California. But White Beak is missing—and Rio must embark on a desperate journey across the dangerous ocean to find her. An excellent choice for readers in grades 3 to 7, this fierce celebration of friendship includes information about the struggles facing real gray whales from climate change, pollution, and over-fishing.

Daegry's Fated (A Grumpy Boss Alien Romance) Harpie Alexa,2021-03-12 Grumpy Boss AlertDaegry's Fated is an enemies to lovers, Halloween inspired romance perfect to be read all year round. Originally published as Pumpkin Patch, this story has been lightly expanded and rebranded. She just needed a job. Not a grumpy six and a half foot alien boss. When his last employee quits on the spot, everything Daegry holds dear is put on the line. His home, his land and his precious gourd farming business. Acclaimed across the Galaxies or not, harvesting season is upon him and unfortunately for Daegry, he has far too much land to work alone, not to mention there's a vexing human interfering with his phones. If he doesn't get his shipment filled on time, this grumpy alien will NOT be happy. Fired from her job weeks before Halloween, Willa worries if she'll ever be able to pay the rent, or worse, decorate her home for what is clearly the best holiday of the year. But all is not lost. A job posting for Gary's Gourds catches her eye. She's never worked on a farm before, but that's no deterrent. What she does find deterring, however, is the imposing male in charge of the business. He's tall, he's grouchy, and he's downright furious that she keeps interrupting his day. Daegry's Fated is a full length sweet & steamy enemies to lovers romance with a guaranteed happily ever after.

*Breaking Vegan* Jordan Younger, 2015-11-01 Finding balance in life is a goal many of us strive to achieve. Whether it's through a healthy diet, exercise regimen, state of mind, relationship, or other activity (or all of the above), we spend our days trying to be, and become, our best selves. But what happens when all that focus starts to dominate our lives? When our desire for perfect health trumps everything else, perhaps without us even realizing it? What happens when our solution starts becoming the problem? These are questions that author and popular blogger Jordan Younger faced when she decided that her extreme, plant-based lifestyle just wasn't working in favor of her health anymore--and questions that you may be facing too. In *Breaking Vegan*, Jordan reveals how obsessive healthy dieting eventually led her to a diagnosis of orthorexia, or a focus on healthy food that involves other emotional factors and ultimately becomes dysfunctional, even dangerous. In candid detail, Jordan shares what it was like to leave veganism, the downfall of her desire to achieve nutritional perfection, and how she ultimately found her way to recovery. In addition to this, Jordan outlines an anti-diet, whole-foods-based eating plan featuring more than 25 recipes to help inspire others to find similar balance in their own lives. *Breaking Vegan* is about tolerance and forgiveness. And ultimately, forging one's own path toward happiness.

**Angelbound (Angelbound Origins #1)** Christina Bauer, 2018-08-22 Eighteen year old Myla Lewis is a girl who loves two things: kicking ass and kicking ass. She's not your every day quasi-demon, half-demon and half-human, girl. For the past five years, Myla has lived for the days she gets to fight in Purgatory's arena. When souls want a trial by combat for their right to enter heaven or hell, they go up against her, and she hasn't lost a battle yet. But as she starts her senior year at Purgatory High, the arena fights aren't enough to keep her spirits up anymore. When the demons start to act weird, even for demons, and the King of the Demons, Armageddon, shows up at Myla's school, she knows that things are changing and it's not looking good for the quasi-demons. Myla starts to question everything, and doesn't like the answers she finds. What happened seventeen years ago that turned the quasi-demons into slave labor? Why was her mom always so sad? And why won't anyone tell her who her father is? Things heat up when Myla meets Lincoln, the High Prince of the Thrax, a super sexy half-human and half-angel demon hunter. But what's a quasi-demon girl to do when she falls for a demon hunter? It's a good thing that Myla's not afraid of breaking a few rules. With a love worth fighting for, Myla's going to shake up Purgatory.

**Cataract City** Craig Davidson, 2014-02-06 Cataract City, a dead-end border town overlooking Niagara Falls. Owen Stuckey and Duncan Diggs are fast friends as kids - united by wrestling, go-karts, and metal bands - but as they grow into young men, their once simple affection competes with the tensions created by their respective circumstances. Owen, born to relative privilege, seems destined to get out of the city, while Duncan, honest but hard, is hurtling along the rails towards a future working the assembly line at the soulless biscuit factory, The Bisk. As Duncan becomes more and more desperate to escape, he finds himself at opposite ends of the law to Owen, and as the coils of the city creep ever tighter around the two friends, they find themselves struggling not to break free, but simply to survive.

In Order to Live Yeonmi Park,Maryanne Vollers,2015-09-29 "I am most grateful for two things: that I was born in North Korea, and that I escaped from North Korea." - Yeonmi Park One of the most harrowing stories I have ever heard - and one of the most inspiring. - The Bookseller "Park's remarkable and inspiring story shines a light on a country whose inhabitants live in misery beyond comprehension. Park's important memoir showcases the strength of the human spirit and one young woman's incredible determination to never be hungry again." —Publishers Weekly In *In Order to Live*, Yeonmi Park shines a light not just into the darkest corners of life in North Korea, describing the deprivation and deception she endured and which millions of North Korean people continue to endure to this day, but also onto her own most painful and difficult memories. She tells with bravery and dignity for the first time the story of how she and her mother were betrayed and sold into sexual slavery in China and forced to suffer terrible psychological and physical hardship before they finally made their way to Seoul, South Korea—and to freedom. Park confronts her past with a startling resilience. In spite of everything, she has never stopped being proud of where she is from, and never stopped striving for a better life. Indeed, today she is a human rights activist working determinedly to bring attention to the oppression taking place in her home country. Park's testimony is heartbreaking and unimaginable, but never without hope. This is the human spirit at its most indomitable.
