Simon Rose

The Cygnus Mystery Andrew Collines,2012-01-01 The Cygnus Constellation holds the key to proving that life originated in the heavens—and will ultimately return there. Best-selling author Andrew Collins has uncovered an astronomy that is about 17,000 years old, with standing stones, temples, and monuments across the globe oriented towards Cygnus's stars. He also found that the use of deep caves by Palaeolithic man led to the rise of religious thought and the belief in life's stellar origins. Now modern-day technology has confirmed that high-energy particles come from a binary star known as Cygnus X3. Ancient people knew what science is finally verifying: that the DNA of life came originally from deep space.

Cygnus the Swan Simon Rose,2015-04 In Roman myth, Cygnus fought Hercules and was changed into a swan after death. The constellation Cygnus contains a nebula shaped like North America. Learn more in *Cygnus the Swan*.

Cygnus A - Study of a Radio Galaxy C. L. Carilli,Daniel E. Harris,1996-02-29 A comprehensive and up-to-date review of Cygnus A and what it can teach us about other active galaxies - for graduate students and researchers.

The Cygnus Mystery Andrew Collins,2008 Examines evidence of the influence of cosmic rays emanating from a binary star in the constellation of Cygnus on developments in human evolution, religion, and civilization.

Cygnus Rising Craig Martelle,2016-09-19 From space they came, to space they returned, better than before. The people of the Cygnus system were determined to find other life, maybe even return to Earth as they explored the known galaxy. Humanity would not be denied. And they had the company of the intelligent species humans created centuries past, who evolved and became equals, partners in the journey to a better place. They were all the people of Cygnus VII. From the ashes of their past, Cygnus was rising. The motto of the Space Exploration Service was the ship is life, save the ship. And the crew had done that, repeatedly, even though it cost lives. Everyone on board the Cygnus-12 volunteered for the Space Exploration Service because they believed that the risk was worth it. For all humanity, they went to space, to find what was out there, return with knowledge to improve their civilization. And if they could return with word that Earth was there, alive and well, then that would make every death that much more meaningful. *Cygnus Rising* is the first book in a Space Opera series based within the Free Trader universe. Here's what some of the first reviewers had to say: It's an enjoyable space opera ... fast-moving and with an interesting group dynamic. Old-fashioned space opera. Good guys, bad guys and only a bit of romance to add to the characters. This is a great start point for people who do not read the original books. Taken from the start of your MC coming into Boot Camp and flowing through all the fun and team building games played there. This will help others to see the characters in their strengths and weaknesses as individuals. I enjoyed that the other characters had a chance to shine too. Readability... very smooth with good transitions from scene to scene. Build-up was gradual and the philosophy of the parent planet's drive to explore seemed very natural. Failures were also points of learning for the society and the blending of the different cross-species into a cohesive group seemed a natural progression of development. It has all of the elements a good story should have. The characters are well developed, plot line is smooth and progresses consistently and logically. The action is fast paced and the interpersonal relationships believable. Conflict, fear, and the rest of the human emotions are represented. The worldview was terrific. Well detailed with enough exploration of a possible future for VII. I kind of got lost on some of the ship stuff, but that's just me. I could understand it, but really isn't why I read space opera books. Lots of other neat techy stuff going on too. I also have to tell you one of things I truly enjoyed about this story was it wasn't a typical HEA ending - lessons learned were very painful. Pollyanna was on the ship and died. I did feel that they took off with stars in their eyes and a not very realistic attitude about what kind of dire circumstances, other than ship disasters they could face. They came back much wiser than when they left. Bravo - well done

The Cygnus Fold Nick Adams,2021-04-11 New members of the galactic council, the Callametans,

have a problem. An astronaut visiting a strange moon in a far corner of their system has disappeared in mysterious circumstances. Edward Virr and his crew agree to take their sentient starship, Gabriel to this distant arm of the Milky Way and investigate what happened. What they find not only exposes a threat to the Callametans continued survival, but uncovers a plot that endangers the entire galactic council – and lead to the destruction of Earth itself. Journey with Ed and his loyal crew as they uncover a web of deceit, betrayal and pure revenge that could well end in their ultimate downfall. The Fold Series: it's like the love child of The Martian and Red Dwarf – with a pinch of Star Trek thrown in for extra flavour!

CYGNUS Crystal David John,2019-12-11 Cygnus, as the name suggests, is a constellation—but here a constellation of quotes, ideas, short poems and tiny tales, all related to real life and through the crystal clear lens of the writer. Most of the little snippets are from her observations of life and interactions with all kinds of individuals. They are real in the sense that they are experiential and not superficial. Some are cryptic, others beautifully clear. The variety is largely entertaining and sometimes satirical, yet extremely authentic and accurate to life in general. Like the ugly duckling that became the swan, in this case, Cygnus represents some of the good and not-so-good experiences of life that have gone into creating this beautiful collection of a swan-shaped constellation of ideas.

Quinn of Cygnus: Free Fall AM Scott,2022-01-04 Soaring means leaving the nest. Q of Cygnus is tired of running. She's safe with her found family, healing and learning to control her talents. But her enemies are getting stronger, too. She must take the fight to them and eliminate the threat, once and for all. Before she can go on the offensive, former allies destroy her plans. Trapped with a possible traitor, Q must outsmart artificial intelligences, Familia operatives and her own self-doubt. While battles will be won and lost, Q will learn if she has what it takes to win the war. The final exciting installment of the Quantum Fold Series is here!

Quinn of Cygnus: Shockwave AM Scott,2021-04-29 Adulting sucks like the big black hole of Andromeda. Just as Q is about to reunite with her Lightwave family, she ends up alone and friendless in uncharted space. Hal, the AI who controls her ship, is too busy fighting off another AI to even answer her questions. As food, water and power dwindle, Q tries to help, and it all goes wrong. Convinced she's a danger to all, Q strikes out to make her own way in the universe. A young woman alone draws the wrong kind of attention and Q must develop new skills and strengths to protect herself. A chance encounter and poor decisions put her in even more trouble. Surviving will take all she's got. Escaping will take more than she can imagine. Saving others will require sacrifice beyond comprehension. But Q does nothing by half measures.

Quinn of Cygnus: Lift Off AM Scott,2020-10-15 Something is wrong at Adzari Net Academy. Really wrong. It all seemed so right—Quinn's big chance! She'd leave the mud, giant lizards and back-breaking labor behind forever and gain so much more: skills, connections, a job, a real life. Then Quinn arrives to find the academy under new ownership and everything's changed. Mean girls, strict schedules and tough teachers aren't a problem. Quinn's got the brains, discipline and training to beat them at their own game. But the new owners raised the stakes and the house always wins. Quinn's big adventure has become a fight for survival. Light years from home, with no power or backup, how can she endure? Some might give up and fail. But not Quinn. She's determined to not just survive, but escape and do a little damage on her way out. They'll never know what hit them.

Quinn of Cygnus: Escape Velocity AM Scott,2020-12-05 There's no place like home—and sometimes that's a good thing. When Quinn returned to the Sisters of Cygnus, she didn't plan on staying. But two years later, she's still there—and her enemies are closing in. Desperate to escape, she's offered a job on the high-profile research vessel Quantum Fold. The offer seems too good to be true. And maybe it is—everyone is watching, including those who won't hesitate to sell her out. Quinn can't run, because her secret abilities could be a game changer for the mission. But if she can't run, and she can't hide, what's left?

Cygnus Eily Quinn,2019-10-27 Following the event of the fire, Eta and the others set out to Kentucky in hopes of finding the fifth star, Delta Cygni of the Cygnus constellation. With heavy

hearts and cluttered minds, they strive to move on and continue the set mission. However, fate takes a turn when they discover that Delta may not be all that she seems.

The Cygnus Fold: An Edge of Your Seat Space Opera Adventure Nick Adams,2021-04-11 New members of the galactic council, the Callametans, have a problem. An astronaut visiting a strange moon in a far corner of their system has disappeared in mysterious circumstances. Edward Virr and his crew agree to take their sentient starship, Gabriel to this distant arm of the Milky Way and investigate what happened. What they find not only exposes a threat to the Callametans continued survival, but uncovers a plot that endangers the entire galactic council - and the destruction of Earth itself. SWAN SONGS OF CYGNUS Vincent Hollow,2020-01-08 Side a: horizon mourning the death of his love. A bereaved astronaut signs up for a deep - space mission to reunite with her ghost. Even if it means becoming a ghost himself. Traveling at the speed of light. The astronaut jettisons through the solar system. Pausing only to gaze at its celestial splendor. Cast under the grandeur of the planetarium. Seeing her apparition in every sphere. . .

An Alien Legacy David J Price,2014-04 The Celestial Watcher knows all, an immortal omnipresent entity, it has been witness to a 40,000 year unfolding story, a star-ship lost, a legacy left by its crew. The Ancestors must return to right an injustice, but more they need to search their moral conscience and return to the Cygnus constellation and the seed colonies they abandoned 1.68 million years ago.

Cygnus Linda Oxley Milligan,2019-08-28 Cygnus marks a shift in the Barry Short adventure novels. The series has explored the past through archeological finds until in Cygnus the present comes crashing through when an Unidentified Flying Object emerges from an isolated lake near a French resort town where Barry and his friends are vacationing. Questions abound along with scant evidence. Was the object real or a confabulation of the mind? Did Etienne fall asleep in the woodlands or did he experience what ufologists call missing time? Could the lightning storm that sets fire to a Swiss mountaintop observatory actually have been an attack? And if it was an attack, by whom and why? Mixed in with the mystery is a suggestive passage from Dante that melds present with past by linking The Purgatorio's account of The Angel Boatman with contemporary reports of UFOs. Could Dante's narrative have been modeled after an authentic observation? And if it was, how could such phenomena have been misunderstood for so long? Or is it known by a privileged few like Roland, a scientist with a highly unusual pedigree and secondary occupation, who is called in to investigate but has agendas of his own. In the midst of this otherworldly scenario, life continues on planet Earth where Summer must make complicated choices when she finds herself torn between a life of tradition and a life of adventure.

Lightwave: The Sisters of Cygnus AM Scott,2018-06-22 Stuck between a hot rock and a cold, hard place. The Sisters of Cygnus provide the crew of Lightwave a safe, quiet place to rest and relax. But when Lightwave makes their usual resupply run, they find marauding prospectors attacking the colonists. The Inquisitors, as they're known, search for transuranic metals deep underground; stealing, raping and pillaging the outlying ranches. The Sisters need help to oust the evil from their planet. Unwilling to resume a mercenary life, Captain Ruhger offers to evacuate the Sisters, transporting them to a new world. But Mother Ferra, the Sister's leader, desperately wants some startup credits to ease their way and the Inquisitors aren't willing to let slave labor just fly away. Saree, Hal and Lightwave's crew have no idea how far either will go... Can Saree survive the dangerous caverns of Cygnus Gliese? Can Lightwave hold off the Inquisitors? Find out in Lightwave: The Sisters of Cygnus, Folding Space Series 2.0!
