Adopting viewpoints that reflect different methodological approaches and diversified research cultures, the book presents studies on central scopes, strategies and artistic outcomes of mobile and migratory musicians as well as on the transfer of music. By looking at elite and non-elite musicians and their everyday mobilities to major and minor centers of music production and practice, new biographical patterns and new stylistic paradigms in the European East, West and South emerge.

Sweet Treats around the World Timothy G. Roufs, Kathleen Smyth Roufs, 2014-07-29 From apple pie to baklava, cannoli to gulab jamun, sweet treats have universal appeal in countries around the world. This encyclopedia provides a comprehensive look at global dessert culture. Few things represent a culture as well as food. Because sweets are universal foods, they are the perfect basis for a comparative study of the intersection of history, geography, social class, religion, politics, and other key aspects of life. With that in mind, this encyclopedia surveys nearly 100 countries, examining their characteristic sweet treats from an anthropological perspective. It offers historical context on what sweets are popular where and why and emphasizes the cross-cultural insights those sweets present. The reference opens with an overview of general trends in desserts and sweet treats. Entries organized by country and region describe cultural attributes of local desserts, how and when sweets are enjoyed, and any ingredients that are iconic. Several popular desserts are discussed within each entry including information on their history, their importance, and regional/cultural variations on preparation. An appendix of recipes provides instructions on how to make many of the dishes, whether for school projects or general entertaining.

**Budapest Building Managers and the Holocaust in Hungary** Istvan Pal Adam, 2016-09-30 This book traces the role of Budapest building managers or concierges during the Holocaust. It analyzes the actions of a group of ordinary citizens in a much longer timeframe than Holocaust scholars usually do. Thus, it situates the building managers' activity during the war against the background of the origins and development of the profession as a by-product of the development of residential buildings since the forming of Budapest. Instead of presenting a snapshot from 1944, it shows that the building managers' wartime acts were influenced and shaped by their long-term social aspiration for greater recognition and their economic expectations. Rather than focusing solely on pre-war antisemitism, this book takes into consideration other factors from the interwar period, such as the culture of tipping. In Budapest, during June 1944, the Jewish residents were separated not into a single closed ghetto area, but by the authorities designating dispersed apartment buildings as 'ghetto houses'. The almost 2,000 buildings were spread throughout the entire city and the non-Jewish concierges serving in these houses represented the link between the outside and the inside world. The empowerment of these building managers happened as a side-effect of the anti-Jewish legislation and these concierges found themselves in an intermediary position between the authorities and the citizens.

Mayakovsky Bengt Jangfeldt, 2014-12-23 A Life at Stake is the first serious biography of the legendary Russian poet Vladimir Mayakovsky. Physically imposing, crude, a sexual adventurer and ex-convict, Mayakovsky rose to fame between 1912 and 1917 as a Futurist agitator and the author of radical poems and plays. He embraced the Russian Revolution and became one of its most passionate propagandists, then at the age of thirty-six took his own life, disappointed in the course of Soviet society and ravaged by private conflicts. Mayakovsky's poems are as exhilarating today as when he declaimed them for friends in smoky flats in Moscow, Berlin, Paris, and New York. In Bengt Jangfeldt's propulsive biography, Mayakovsky's life, too, is compelling: a story of constant, passionate upheaval against the background of the First World War, the Russian Revolution, Stalin's terror, and cycles of anti-Semitism. Mayakovsky emerges from this biography a highly vulnerable figure, more a dreamer than a revolutionary, more a political romantic than a hardened Communist.

Many Waters Madeleine L'Engle,2010-04-01 In A Wrinkle in Time Quintet book two, Meg Murry, now in college, time travels with her twin brothers, Sandy and Dennys, to a desert oasis that is embroiled in war. Sandy and Dennys have always been the normal, run-of-the-mill ones in the extraordinary Murry family. They garden, make an occasional A in school, and play baseball. Nothing especially interesting has happened to the twins until they accidentally interrupt their father's experiment. Then the two boys are thrown across time and space. They find themselves alone in the desert, where, if they believe in unicorns, they can find unicorns, and whether they believe or not, mammoths and manticores will find them. The twins are rescued by Japheth, a man from the nearby oasis, but before he can bring them to safety, Dennys gets lost. Each boy is quickly embroiled in the conflicts of this time and place, whose populations includes winged seraphim, a few stray mythic beasts, perilous and beautiful nephilim, and small, long lived humans who consider Sandy and Dennys giants. The boys find they have more to do in the oasis than simply getting themselves home--they have to reunite an estranged father and son, but it won't be easy, especially when the son is named Noah and he's about to start building a boat in the desert.
