Dungeons & Dragons Dungeon Master's Guide (Core Rulebook, D&D Roleplaying Game) Dungeons & Dragons,2014-12-09 Weave legendary stories in the world's greatest roleplaying game. All you need to run a Dungeons & Dragons game is your imagination, some dice, and this book. The Dungeon Master's Guide teaches you how to run D&D adventures for your players— how to invent monsters for them to fight, mysteries for them to solve, and fantasy worlds for them to explore. “[The Dungeon Master's Guide is] the one book to rule them all, the most comprehensive and powerful set of resources needed to run a game of D&D. . .” —Charlie Hall, Polygon.com “D&D acolytes are everywhere...Tech workers from Silicon Valley to Brooklyn have long-running campaigns, and the showrunners and the novelist behind ‘Game of Thrones’ have all been Dungeon Masters.”—Neima Jahromi, The New Yorker • The Dungeon Master's Guide is one of the three main Dungeons & Dragons books, along with the Player's Handbook and Monster Manual. It's a reference used by the Dungeon Master (the game's narrator) to create adventures—to run Dungeons & Dragons games and fill them with characters and stories. • The Dungeon Master's Guide (DMG) is full of tools to help you immerse players in the game. What's the demon lord's secret weakness? Are the orcish invaders a criminal enterprise, or traitorous allies? Dozens of tables throughout the book help inspire your decisions and keep the game flowing smoothly. • In the Dungeon Master's Guide (DMG), even the tables tell tales. A legendary sword takes five decades to craft. Who created it, and why? A tavern-crawling gnome has an eye twitch. How did she get it, and when? In every detail is an architecture for narrative—and the Dungeon Master's Guide has all the tools you need to flesh it out with ease. • In Dungeons & Dragons, you and your friends coauthor your own legend. Guided by a Dungeon Master, you create characters and play their roles in a story, rolling dice and navigating maps as you unfold a tale as limitless as your imagination. • Dungeons & Dragons is the world's greatest roleplaying game. Created in 1974, D&D transformed gaming culture by blending traditional fantasy with miniatures and wargaming.

The product in question does not include all things required to play Diecraft; namely a set of polyhedral dice, various printed materials, and pencils. Interdisciplinary Analyses of Professional Basketball Till Neuhaus, Niklas Thomas, 2024-01-03
This edited collection conceptualizes professional basketball not just as a sport but as an historically, culturally, and economically embedded entity. The chapters analyse the fact that the sport of basketball contains alternative logics that can easily clash, and by treating professional basketball as the negotiation place of these multiple demands, ideas, and logics, the editors have identified three areas in which these clashes manifest: the realization of the game; the cultural impact of professional basketball and the global outreach of professional basketball. The book is explanatory and qualitative, offering new perspectives and touching on topics including gender, diversity, racism, and minority experiences within professional basketball. As such it will be of interest to sport sociologists, as well as those researching the history of sport, sports marketing and cultural studies.
