A President's Daily Brief: Year 3 Micah Fisher-Kirshner, What was daily life under the Trump presidency really like? An accessible ebook with short, thematic entries showing the corruption of the Trump presidency, *A President's Daily Brief, Year 3: The Day-by-Day Lurch of Trump's Norm-Breaking Presidency* is the third in Micah Fisher-Kirshner's series, representing the third year of Trump's time in power and the subversion that occurred. More than a compiled list of significant events that portray Trump as the most corrupt American president, this digestible and scannable read of in-the-moment posts pulled from news outlets and credible sources provides an intimate look at how the administration went about breaking the presidential norms on a daily basis. Readers also will have access to citations to fact-check claims. This quick read on a Trump presidency that started off with outrage and graduated to righteous indignation is a must-have for those who enjoy history, politics, and government or simply want to read about the most notorious presidency in history.

A President's Daily Brief: Years 1-4 Micah Fisher-Kirshner, What was daily life under the Trump presidency really like? An accessible ebook with short, thematic entries showing the corruption of the entire Trump presidency, *A President's Daily Brief, Year 1-4: The Day-by-Day Lurch of Trump's Norm-Breaking Presidency* is the full volume of Micah Fisher-Kirshner's series, representing the four years of Trump's time in power and the subversion that occurred. More than a compiled list of significant events that portray Trump as the most corrupt American president, this digestible and scannable read of in-the-moment posts pulled from news outlets and credible sources provides an intimate look at how the administration went about breaking the presidential norms on a daily basis. Readers also will have access to citations to fact-check claims. This quick read on a Trump presidency that started off with outrage and graduated to righteous indignation is a must-have for those who

enjoy history, politics, and government or simply want to read about the most notorious presidency in history.

A President's Daily Brief: Year 4 Micah Fisher-Kirshner, What was daily life under the Trump presidency really like? An accessible ebook with short, thematic entries showing the corruption of the Trump presidency, *A President's Daily Brief, Year 4: The Day-by-Day Lurch of Trump's Norm-Breaking Presidency* is the fourth in Micah Fisher-Kirshner's series, representing the fourth and final year of Trump's time in power and the subversion that occurred. More than a compiled list of significant events that portray Trump as the most corrupt American president, this digestible and scannable read of in-the-moment posts pulled from news outlets and credible sources provides an intimate look at how the administration went about breaking the presidential norms on a daily basis. Readers also will have access to citations to fact-check claims. This quick read on a Trump presidency that started off with outrage and graduated to righteous indignation is a must-have for those who enjoy history, politics, and government or simply want to read about the most notorious presidency in history.

A President's Daily Brief: Year 1 Micah Fisher-Kirshner, What was daily life under the Trump presidency really like? An accessible ebook with short, thematic entries showing the corruption of the Trump presidency, *A President's Daily Brief, Year 1: The Day-by-Day Lurch of Trump's Norm-Breaking Presidency* is the first in Micah Fisher-Kirshner's series, representing the inaugural year of Trump's time in power and the subversion that occurred. More than a compiled list of significant events that portray Trump as the most corrupt American president, this digestible and scannable read of in-the-moment posts pulled from news outlets and credible sources provides an intimate look at how the administration went about breaking the presidential norms on a daily basis. Readers also will have access to citations to fact-check claims. This quick read on a Trump presidency that started off with

outrage and graduated to righteous indignation is a must-have for those who enjoy history, politics, and government or simply want to read about the most notorious presidency in history.

A President's Daily Brief: Year 2 Micah Fisher-Kirshner, What was daily life under the Trump presidency really like? An accessible ebook with short, thematic entries showing the corruption of the Trump presidency, *A President's Daily Brief, Year 2: The Day-by-Day Lurch of Trump's Norm-Breaking Presidency* is the second in Micah Fisher-Kirshner's series, representing the second year of Trump's time in power and the subversion that occurred. More than a compiled list of significant events that portray Trump as the most corrupt American president, this digestible and scannable read of in-the-moment posts pulled from news outlets and credible sources provides an intimate look at how the administration went about breaking the presidential norms on a daily basis. Readers also will have access to citations to fact-check claims. This quick read on a Trump presidency that started off with outrage and graduated to righteous indignation is a must-have for those who enjoy history, politics, and government or simply want to read about the most notorious presidency in history.

Food, Culture and Identity in Germany's Century of War Heather Merle Benbow, Heather R. Perry, 2019-11-18 Even in the harsh conditions of total war, food is much more than a daily necessity, however scarce—it is social glue and an identity marker, a form of power and a weapon of war. This collection examines the significance of food and hunger in Germany's turbulent twentieth century. Food-centered perspectives and experiences “from below” reveal the social, cultural and political consequences of three conflicts that defined the twentieth century: the First and Second World Wars and the ensuing global Cold War. Emerging and established scholars examine the analytical salience of food in the context of twentieth-century Germany while pushing conventional temporal frameworks and disciplinary boundaries. Together, these chapters interrogate the ways in which deeper studies of

food culture in Germany can shed new light on old wars.

Military Intelligence Professional Bulletin ,1999

Exploring Professional Communication Stephanie Schnurr,2012-12-13 Routledge

Introductions to Applied Linguistics is a series of introductory level textbooks covering the core topics in Applied Linguistics, primarily designed for those beginning postgraduate studies, or taking an introductory MA course as well as advanced undergraduates. Titles in the series are also ideal for language professionals returning to academic study. The books take an innovative 'practice-to-theory' approach, with a 'back-to-front' structure. This leads the reader from real-world problems and issues, through a discussion of intervention and how to engage with these concerns, before finally relating these practical issues to theoretical foundations. Additional features include tasks with commentaries, a glossary of key terms, and an annotated further reading section. Exploring Professional Communication provides an accessible overview of the vast field of communication in professional contexts from an applied linguistics perspective. It explores the nature of professional communication by discussing various fundamental topics relevant for an understanding of this area. The book is divided into eight chapters, each dealing with a specific area of professional communication, such as genres of professional communication, identities in the workplace, and key issues of gender, leadership and culture. Although the book's main approach to professional communication is an applied linguistics one, it also draws on insights from a range of other disciplines. Throughout, Stephanie Schnurr takes an interactive approach that is reflected in the numerous examples of authentic discourse data, from a variety of written and spoken contexts. Exploring Professional Communication is critical reading for postgraduate and upper undergraduate students of applied linguistics and communication studies.

Victoire ,1864

Reform of the United States Intelligence Community United States. Congress. Senate. Select Committee on Intelligence,2005

Victoire Mary Clemmer,1864

Without Warning Anthony G. Shea, Jr.,2011 On the graveyard shift at the Deep Space Surveillance observatory in Hawaii, an air force airman steps out for a smoke, looks up, and catches sight of a shooting star—no, two shooting stars, strangely paired, and too bright against the night sky. This can't be right, he thinks ... The airman is right. The objects are not stars but asteroids on a collision course with earth, and there is almost no time to prepare an unsuspecting world for the all but total devastation soon to come. But a retired army colonel and his family in western Pennsylvania, a group of cadets at the Virginia Military Institute, the president of the United States, and a handful of others across the country manage to survive the asteroid impacts and the towering twin tsunamis that follow—only to discover that the worst is far from over. For in the wake of the devastation, small, life-bearing objects are falling to earth ... and a plan laid out 400 years in the past begins to unfold. Without Warning takes the reader from the frozen depths of a world hurled into nuclear winter to a final battle for the very survival of the species—a journey the reader will not soon forget.

Keeping Us Safe Arthur S. Hulnick,2004-08-30 How can the United States guard against a clever unknown enemy while still preserving the freedoms it holds dear? Hulnick explains the need to revamp U.S. intelligence operations from a system focused on a single Cold War enemy to one offering more flexibility in combating non-state actors (including terrorists, spies, and criminals) like those responsible for the attacks of September 11, 2001. Offering possible solutions not to be found in the federal commission's official report, Hulnick's groundbreaking work examines what is really

necessary to make intelligence and homeland security more efficient and competent, both at within the United States and abroad. The U.S. government's progress in establishing a system for homeland security is considerable, yet, besides shifts in alert status, most U.S. residents are unaware of the work being done to keep them safe. Describing the system already in place, Hulnick adds further ideas about what more is needed to protect Americans in the ever-changing world of intelligence. To create a truly valuable program, it is suggested the the United States consider not only new strategies and tactics, but also the need to break down the barriers between intelligence agencies and law enforcement.

The Invasion of 1910, with a Full Account of the Siege of London, by William Le Queux; Naval Chapters by H.W. Wilson, Introductory Letter by Field-Marshal Earl Roberts ... William Le Queux,1906

Model Rules of Professional Conduct American Bar Association. House of Delegates,Center for Professional Responsibility (American Bar Association),2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Six Days Jeremy Bowen,2013-12-03 Suicide attacks on Israelis, bombings, assassinations, and bloodshed in Jerusalem, Gaza, and the West Bank dominate the news from the Middle East. It is the most troubled region on earth. At its heart is the conflict between Palestinians and Israelis - and the

legacy of six days of war in 1967. After the state of Israel emerged from war in 1948, both sides knew more battles were coming. In June 1967, years of slow-burning tension exploded. In six extraordinary days, Israel destroyed the armed forces of Egypt, Jordan, and Syria. But far from bringing peace, as many Israelis hoped, their stunning victory turned into a curse. From the initial battle order issued to the Israeli air force on Monday June 5, 1967 to the final ceasefire on the evening of Saturday the 10th, the Six-Day War was a riveting human drama. Building on his first-hand experience of the region after his five years as the BBC's Middle East Correspondent, as well as extensive original research, Jeremy Bowen presents a compelling new history of the conflict. Six Days recreates day by day, hour by hour, the bullying and brinkmanship that led four nations to war, interweaving testimonies of combatants from all sides in a seamless narrative. A rigorous and original piece of modern history is as vivid as fiction, Six Days not only sheds new light on one of the key conflicts of the twentieth century, it explains much about the Middle East and the problems the region still faces today.

Whistleblower at the CIA Melvin A. Goodman, 2017-04-24 Mel Goodman has spent the last few decades telling us what's gone wrong with American intelligence and the American military . . . he is also telling us how to save ourselves.--Seymour M. Hersh, *The New Yorker* Whistleblower at the CIA offers a fascinating glimpse into the secret, behind-the-scenes world of U.S. intelligence. Melvin A. Goodman's first-person account of the systematic manipulation of intelligence at the CIA underscores why whistleblowing is so important, and why the institutional obstacles to it are so intense. . . . At its core it's an invaluable historical expose, a testimony to integrity and conscience, and a call for the U.S. intelligence community to keep its top leaders in check. Urgent, timely, and deeply recommended.--Daniel Ellsberg In this fascinating and candid account of his years as a senior CIA analyst, Mel Goodman shows how the worst enemies of high quality intelligence can come from our

own midst, and how the politicization of intelligence estimates can cause more damage to American security than its professed enemies. Whistleblower at the CIA is a must-read for anyone interested in the intricate web of intelligence-policymaking relations.--Uri Bar-Joseph, author of *The Angel: The Egyptian Spy Who Saved Israel* Mel Goodman shines a critical whistleblower light into the dark recesses of the CIA as a former insider. His book serves in the public interest as a warning and wake-up call for what's at stake and why we cannot trust the CIA or the intelligence establishment to do the right thing.—Thomas Drake, former NSA senior executive and whistleblower Mel Goodman's Whistleblower at the CIA is not just an insider's look at politics at the highest levels of government. It's also a personal account of the political odyssey Goodman had to negotiate for telling the truth. The CIA likes for its employees to believe that everything is a shade of grey. But some things are black or white, right or wrong. Mel Goodman did what was right. He may have paid with his career, but he's on the right side of history.—John Kiriakou, former CIA Counterterrorism Officer and former Senior Investigator, Senate Foreign Relations Committee Mel Goodman's Whistleblower at the CIA confirmed for me what my own experience had revealed during six hectic days and seven sleepless nights at CIA headquarters, getting Colin Powell ready for his presentation to the UN Security Council on Iraq's 'Failure to Disarm' on February 5, 2003. Mr. Goodman provided exhaustive detail on why the agency has failed, again and again, and will continue to fail if some future president and congress do not step in and dramatically change the way CIA functions.—Lawrence Wilkerson, former chief of staff to secretary of state Colin Powell A refreshingly honest, well-sourced expose of the CIA that not only furnishes the author's compelling personal story of standing up to inflated estimates sprinkled with little-known but historically significant details of the jewels and the warts, the successes and failures of decades of U.S. intelligence analysis. Especially instructive to our current era plagued by faulty

group-think and the 'war on whistleblowers,' the book chronicles how 'contrarian' analysts are often 'the best source for premonitory intelligence.' This book is a must-read not only for political historians and American citizens wanting to know the unvarnished and often surprising truth about the intelligence side of the CIA but for all students contemplating a career with the CIA or other intelligence agency.—Coleen Rowley, retired FBI agent A former CIA analyst (1966-1990) deplores what he argues is the increasing deleterious politicization of the agency. In his latest book, Goodman—who has taught at the National War College, held other intelligence-related positions, and written earlier accounts of what he sees as a very troubled agency—thoroughly rages against the corruption he has viewed in the highest ranks of the CIA.—Kirkus Reviews Goodman, a former CIA analyst who served from the Johnson administration through the first Reagan administration, exposes the disconcerting politicization of intelligence at America's best-known international intelligence-gathering agency.—Publishers Weekly Melvin Goodman's long career as a respected intelligence analyst at the CIA, specializing in US/Soviet relations, ended abruptly. In 1990, after twenty-four years of service, Goodman resigned when he could no longer tolerate the corruption he witnessed at the highest levels of the Agency. In 1991 he went public, blowing the whistle on top-level officials and leading the opposition against the appointment of Robert Gates as CIA director. In the widely covered Senate hearings, Goodman charged that Gates and others had subverted the process and the ethics of intelligence by deliberately misinforming the White House about major world events and covert operations. In this breathtaking expose, Goodman tells the whole story. Retracing his career with the Central Intelligence Agency, he presents a rare insider's account of the inner workings of America's intelligence community, and the corruption, intimidation, and misinformation that lead to disastrous foreign interventions. An invaluable and historic look into one of the most secretive and influential

agencies of US government--and a wake-up call for the need to reform its practices. Melvin A. Goodman served as a senior analyst and Division Chief at the CIA from 1966 to 1990. His writing has appeared in the New York Times, Washington Post, Harper's, and many others. He is author of six books on US intelligence and international security.

The President's Book of Secrets David Priess,2016-03-01 Every president has had a unique and complicated relationship with the intelligence community. While some have been coolly distant, even adversarial, others have found their intelligence agencies to be among the most valuable instruments of policy and power. Since John F. Kennedy's presidency, this relationship has been distilled into a personalized daily report: a short summary of what the intelligence apparatus considers the most crucial information for the president to know that day about global threats and opportunities. This top-secret document is known as the President's Daily Brief, or, within national security circles, simply "the Book." Presidents have spent anywhere from a few moments (Richard Nixon) to a healthy part of their day (George W. Bush) consumed by its contents; some (Bill Clinton and George H. W. Bush) consider it far and away the most important document they saw on a regular basis while commander in chief. The details of most PDBs are highly classified, and will remain so for many years. But the

process by which the intelligence community develops and presents the Book is a fascinating look into the operation of power at the highest levels. David Priess, a former intelligence officer and daily briefer, has interviewed every living president and vice president as well as more than one hundred others intimately involved with the production and delivery of the president's book of secrets. He offers an unprecedented window into the decision making of every president from Kennedy to Obama, with many character-rich stories revealed here for the first time.

Interface Support for Creativity, Productivity, and Expression in Computer Graphics

Ursyn, Anna, 2018-10-05 Interfaces within computers, computing, and programming are consistently evolving and continue to be relevant to computer science as it progresses. Advancements in human-computer interactions, their aesthetic appeal, ease of use, and learnability are made possible due to the creation of user interfaces and result in further growth in science, aesthetics, and practical applications. Interface Support for Creativity, Productivity, and Expression in Computer Graphics is a collection of innovative research on usability, the apps humans use, and their sensory environment. While highlighting topics such as image datasets, augmented reality, and visual storytelling, this book is ideally designed for researchers, academicians, graphic designers, programmers, software developers, educators, multimedia specialists, and students seeking current research on uniting digital content with the physicality of the device through applications, thus addressing sensory perception.
