**Daily 2016 Fortune Cookies** Ophelia Chang, 2015-12-13 Everything in life is luck, Donald Trump. Have you ever been lost, not knowing which way to go, what to do, or how to do it right? One fine simple day that things should have been easier turns into a day you are confused the most and really hope of having someone telling you what to do, a decision that would be precisely right. Turning to various faces, calling various names, you'd probably start thinking about consulting a fortune-teller, but that could be too expensive or to use a sledgehammer to crack a nut, considering a trivia you simply need an abrupt answer, or simply because such questions are too 'personal' for you to let anyone know. Years of practicing as a professional fortune-teller have confirmed to me that, in various occasions, more often than not, you [and yes!, I mean your own self] can be one of the best fortune tellers, due to the fact that yourself are the only person on this planet who could utilize the magical power of Self-destined prophecy, the mystic ability Chinese wisdom has discovered for many thousands of years and reflected in its Fortune Cookies tradition. Unlike those you receive from a restaurant which others gave to you on purpose and so it lacks your self-destined power, this book contains 366 fortune cookie sayings, equals to 366 days of 2016, which you will pick for and by your own self, fully utilizing this mystic power of Chinese magical Self-destined prophecy that belongs to any humans of any zodiac signs, so as to access the answers to any questions you seek for on any day, throughout 366 days of 2016. Chinese have been benefited from this wisdom for over many thousands of years and it is only now, at this time, that it's not exclusive to Chinese people any longer. Buy this book and discover it for yourself, or let another valuable chance pass by. Always remember

Everything in life is luck.

*The True Fortune Teller* Tarl Warwick,2019-06-24 The True Fortune Teller is a strange little work fairly obviously adapted from (and partly plagiarized from!) the late 18th century Fortune Teller of Mrs. Bridget. Redacting much of the prior content to introduce a new (and novel) oracle system using the picture of a tree, as well as prognostication by nail shape and color, it is as good as any contemporary fortune telling work, and is presumably dated to around the early 19th century- perhaps the 1830s.It is short, but relatively dense, and speaks of astrological terms and various folk divination.
