

# **Dance Djs**

**Patrick Vollmar**

### **Stars of 21st Century Dance Pop and EDM** James

Arena, 2017-05-15 Dance music has seen an unprecedented explosion in the 21st century as a stampede of subgenres, such as dance pop and EDM (electronic dance music), have come to define the pop music scene worldwide. In this collection of original interviews, 33 hitmakers from 11 countries discuss their lives and careers in this still-unfolding new age—including Alcazar's Andreas Lundstedt, Dave Audé, Bart & Baker, Bimbo Jones, Chris Cox, Darude, Inaya Day, Deepend, Freemasons, D.O.N.S./Warp Brothers' Oliver Goedicke, Xenia Ghali, Gryffin, Harrison, In-Grid, Kimberley Locke, Paul Oakenfold, Suzanne Palmer, Ralphie Rosario, Sak Noel, Richard Vission and more. Special commentary provided by Moto Blanco's Danny Harrison and clubland queen Martha Wash.

### **DJ Culture in the Mix** Bernardo Attias, Anna

Gavanas, Hillegonda Rietveld, 2013-10-24 The DJ stands at a juncture of technology, performance and culture in the increasingly uncertain climate of the popular music industry, functioning both as pioneer of musical taste and gatekeeper of the music industry. Together with promoters, producers, video jockeys (VJs) and other professionals in dance music scenes, DJs have pushed forward music techniques and technological developments in last few decades, from mashups and remixes to digital systems for emulating vinyl performance modes. This book is the outcome of international collaboration among academics in the study of electronic dance music. Mixing established and upcoming researchers from the US, Canada, the UK, Germany, Austria, Sweden, Australia and Brazil, the collection offers critical insights into DJ activities in a range of global dance music contexts. In particular, chapters address digitization and performativity, as well as issues

surrounding the gender dynamics and political economies of DJ cultures and practices.

"You Better Work!" Kai Fikentscher, 2000-08-18 The first in-depth study of underground dance music. *You Better Work!* is the first detailed study of underground dance music or UDM, a phenomenon that has its roots in the overlap and cross-fertilization of African American and gay cultural sensibilities that have occurred since the 1970s. UDM not only predates and includes disco, but also constitutes a unique performance practice in the history of American social dance. Taking New York City as its geographic focus, *You Better Work!* shows how UDM functions in the lives of its DJs and dancers, and how it is used as the primary identifier of an urban subculture shaped essentially by the relationships between music, dance, and marginality. Kai Fikentscher goes beyond stereotypical images of club and disco to explore the cult and culture of the DJ, the turntable and vinyl recordings as musical instruments, and the vital relationship between music and dance at underground clubs. Including interviews, photographs, and an extensive discography, this ethnographic account tells the story of a celebration of collective marginality through music and dance

**The Record Players** Bill Brewster, Frank Broughton, 2011-04-12 From the co-authors of the classic *Last Night a DJ Saved My Life*: A fascinating oral history of record spinning told by the groundbreaking DJs themselves. Acclaimed authors and music historians Bill Brewster and Frank Broughton have spent years traveling across the world to interview the revolutionary and outrageous DJs who shaped the last half-century of pop music. *The Record Players* is the fun and revealing result—a collection of firsthand accounts from the obsessives, the playboys, and the eccentrics that dominated the music scene and

contributed to the evolution of DJ culture. In the sixties, radio tastemakers brought their sound to the masses, while early trendsetters birthed the role of the club DJ at temples of hip like the Peppermint Lounge. By the seventies, DJs were changing the course of popular music; and in the eighties, young innovators wore out their cross-faders developing techniques that turned their craft into its own form of music. With discographies, favorite songs, and amazing photos of all the DJs as young firebrands, *The Record Players* offers an unparalleled music education: from records to synthesizers, from disco to techno, and from influential cliques to arenas packed with thousands of dancing fans.

**Dance Music Spaces** Danielle Antoinette

Hidalgo, 2022-01-31 Using a concept she calls authenticity maneuvering to explain how clubs, clubbers, and DJs navigate authenticity, branding, and commercialism, Danielle Hidalgo argues that the strategic use of a rave ethos bolsters acceptance in dance music spaces while also making commercial practices less visible or problematic.

The Secret DJ The Secret DJ, 2021-02-15 Through four decades at the pointy end of dance music and club culture, the Secret DJ has seen it all. In this hilarious, gripping, and at times extremely moving follow-up to the smash-hit first book, the mysterious insider pulls no punches, wryly lifting the lid on misbehaving stars, what really goes on backstage, how to survive in the DJ game, and where the real power lies in rave. Most of all, they chart how capitalism bought and sold the utopian dreams of the Acid House generation - and whether those dreams can still be saved. Essential reading for anyone who cares about the dancefloor; past, present and future.

Last Night a DJ Saved My Life Bill Brewster, Frank Broughton, 2014-05-13 "A riveting look at record spinning

from its beginnings to the present day . . . A grander and more fascinating story than one would think.” —Time Out London This is the first comprehensive history of the disc jockey, a cult classic now updated with five new chapters and over a hundred pages of additional material. It’s the definitive account of DJ culture, from the first record played over airwaves to house, hip-hop, techno, and beyond. From the early development of recorded and transmitted sound, DJs have been shaping the way we listen to music and the record industry. This book tracks down the inside story on some of music’s most memorable moments. Focusing on the club DJ, the book gets first-hand accounts of the births of disco, hip-hop, house, and techno. Visiting legendary clubs like the Peppermint Lounge, Cheetah, the Loft, Sound Factory, and Ministry of Sound, and with interviews with legendary DJs, *Last Night a DJ Saved My Life* is a lively and entertaining account of musical history and some of the most legendary parties of the century. “Brewster and Broughton’s ardent history is one of barriers and sonic booms, spanning almost 100 years, including nods to pioneers Christopher Stone, Martin Block, Douglas ‘Jocko’ Henderson, Bob ‘Wolfman Jack’ Smith and Alan ‘Moondog’ Freed.” —Publishers Weekly

**Electronic Dance Music DJs** Stuart A. Kallen, 2016-08 Electronic dance music DJs are entertainers, record mixers, sonic artists, and some of the richest and most popular celebrities in the world. This book profiles the lives and careers of the best-selling DJs in the world: Avicii, Annie Mac, Afrojack, Skrillex, deadmau5, and Calvin Harris.

**The Second Summer of Love** Alon Shulman, 2019-05-02 'The definitive look at dance music and club culture - a must read' - Paul Oakenfold 'Brilliantly woven collection of aural histories ... a damn fine read' - DJ MAG In 1987, four friends from London, Paul Oakenfold,

Danny Rampling, Nicky Holloway and Johnny Walker, took a week-long holiday to Ibiza. What they saw there, and brought back home, would give rise to a new global music and counterculture movement. As the eighties drew to their close, with Thatcherism holding the nation tight in its grip, something funny was happening right across the jungle of Britain's nightlife scene. People were dressing down, not up, to go to clubs. And they were dancing right through the night armed seemingly with only bottles of water. Ecstasy and acid house music had arrived on British shores, and a tribal battle between for the moral future of the nation, between the youth and the establishment, had begun. In *The Second Summer of Love*, author and dance music promoter Alon Shulman uses exclusive contributions from the world's biggest DJs, including Paul Oakenfold, Carl Cox, Fatboy Slim, Moby, Faithless, Mr C, Farley & Heller, Danny Rampling and many others to faithfully recreate the story of the summers of 1988 and 1989, and chart the birth and rise of Acid House, dance music and club culture right through to the modern day where dance music has become a culturally dominant global industry. Complete with stunning unseen photographs, this is the first authentic account of what really happened in that glorious period - from the politics and the people to the music, the drugs, the fashion and the culture - told by people who were there, as they bring to life the creation of an underground scene which inadvertently altered the course of modern global youth culture forever. 'It's as if house music and rave culture tapped into this ancient predilection of humans to stay up all night dancing and staring into the fire, and just supercharged it with electricity and MDMA' -Moby 'What I was experiencing was right in front of my eyes, it was happening right now and I loved it' -Carl Cox 'It opened my eyes and ears to a different spirit in music' - Fatboy Slim

A DJ Michelle Anderson, 2019-01-25 Do you like music? In this title learn all about the different types of DJs (Disc Jockeys), what they do and how they do it. Might this be the right career for you?

**Superstar DJs Here We Go!** Dom Phillips, 2009-03-05 It was about larging it. It was about pulling out a wad of 20s when you were buying your champagne at the bar. It was about buying your cocaine in an eight ball. It was about wearing designer clothes. At that top tier of that club scene, it was about giving it loads. With a foreword by music journalist, Miranda Sawyer, *Superstar DJs Here We Go!* is the full, unexpurgated story of the biggest pop culture phenomenon of the 1990s: the rise and fall of the superstar DJ. During the 1990s big names such as Sasha, Jeremy Healy, Fatboy Slim, Dave Seaman, Nicky Holloway, Judge Jules, and Pete Tong exploded out of acid house, becoming international jetsetters, flying all over the world just to play a few hours and commanding up to £140,000 a night. The plush, heavily branded 'superclubs' where they performed - clubs like Cream, Ministry, Renaissance and Gatecrasher - were filled with thousands of adoring clubbers, roaring their approval of their DJ gods. For the DJs and promoters, it was a licence to print money and live like a rock star. For clubbers, it was a hedonistic utopia where anyone and everyone could come together to look fabulous, take drugs, and dance the night away. But underneath the shiny surface lurked a darker side, a world of cynical moneymaking, rampant egos and cocaine-fuelled self-indulgence that eventually spiralled out of control leaving behind burnt-out DJs, jobless promoters and a host of bittersweet memories. They went from having the clubbing world at their feet to the world's biggest comedown. Dom Phillips - former editor of clubbers' bible *Mixmag* - reveals an enthralling and at times jaw-dropping account of flawed

people, broken dreams and what really happens when it all goes Pete Tong.

*The World of DJs and the Turntable Culture*, 2003 (Book). Step behind the wheels of steel and into the world of professional DJs. *The World of DJs and the Turntable Culture* is the only book that clearly and thoroughly teaches the tools, technologies and techniques of contemporary DJing. It also goes further, exploring the culture, history and aesthetics of hip-hop, dance music and turntablism. Souvignier traces the turntable's evolution from consumer playback device into a professional musical instrument, right up to the latest CD scratching decks. He also traces the evolution of the DJ from selector and record announcer to producer/performer. This book features exclusive interviews with GrandWizzard Theodore (the inventor of scratching) and other superstars including DJ Qbert, Rob Swift (X-ecutioners), Armand Van Helden and mash-up maven The Freelance Hellraiser. The wide ranging topics covered include a mechanical history of turntables and a DJ technology roundup; Alan Freed, Dick Clark and payola; John Cage's Cartridge Music; Grandmaster Flash; Jamaican sound systems; the rise and fall of disco; house, techno and garage music; a dictionary of scratches; and developing DJ skills. *The World of DJs and the Turntable Culture* includes hands-on chapters that explain the basic tools DJs use, teaches the fundamental techniques, and explores the creative possibilities for DJs. There is a special focus on state-of-the-art gear, spotlighting the most exciting, cutting-edge features.

*The Secret DJ Presents The Secret DJ*, 2022-02-11 The Secret DJ's first two books lifted the lid on what really happens behind the decks in the sometimes hilarious, sometimes harrowing world of the superstar DJ. Now they've reached out to dozens of DJs from around the world

- and from every scene and genre - for their own true stories of the DJ life. *Tales From the Booth* raises the BPM, rounding up an all-star cast of Secret DJs to tell their anonymous stories of what it's really like to rock dancefloors for a living. From strange encounters on tour to side-splitting debauchery and afterparty excess to the seamy and even dangerous side of the industry, this is your access-all-areas backstage pass. You'll never look at a DJ quite the same again.

**From Ibiza to the Norfolk Broads** The Secret DJ, Anonymous, 2018-05-03 The glamour, the parties, the excess, the highs: and, of course, the lows. The life of an international DJ playing at the most exotic destinations worldwide, in the most precarious of psychic circumstances, is rich to the point of toxicity. A globally-known DJ choosing to keep his identity secret takes us on a journey into the heart of life lived in the hedonistic fast lane of club culture for 30 years. Whether playing to 10,000 fans in Ibiza or in a local pub function room, this is a cautionary tale for the rave generation whose days of pills, thrills, and bellyaches are behind them. It may, as well, contain advice: though we cannot advise that it is always followed. This book is not an instruction manual - more a cautionary tale that may illuminate anyone who has harboured ambition to pack a dancefloor...

**Legions of Boom** Oliver Wang, 2015-03-23 Armed with speakers, turntables, light systems, and records, Filipino American mobile DJ crews, such as Ultimate Creations, Spintronix, and Images, Inc., rocked dance floors throughout the San Francisco Bay Area from the late 1970s through the mid-1990s. In *Legions of Boom* noted music and pop culture writer and scholar Oliver Wang chronicles this remarkable scene that eventually became the cradle for turntablism. These crews, which were instrumental in

helping to create and unify the Bay Area's Filipino American community, gave young men opportunities to assert their masculinity and gain social status. While crews regularly spun records for school dances, weddings, birthdays, or garage parties, the scene's centerpieces were showcases—or multi-crew performances—which drew crowds of hundreds, or even thousands. By the mid-1990s the scene was in decline, as single DJs became popular, recruitment to crews fell off, and aspiring scratch DJs branched off into their own scene. As the training ground for a generation of DJs, including DJ Q-Bert, Shortkut, and Mix Master Mike, the mobile scene left an indelible mark on its community that eventually grew to have a global impact.

*Long Relationships: My Incredible Journey From Unknown DJ to Small-time DJ* Harold Heath, 2021-05-19  
Written by former DJ/producer Harold Heath, 'Long Relationships: My Incredible Journey From Unknown DJ to Small-time DJ' is a biographical account of a DJ career defined by a deep love of music and a shallow amount of success. From the days of vinyl, when DJs were often also glass-collectors, to the era of megastar stadium EDM, it's a journey of 30 odd years on a low-level, economy-class rollercoaster through the ups and downs of an ever-changing music industry. 'Long Relationships' is a love letter to DJing and to every small-town DJ who never made it to the big time but whose life was enriched and improved by DJing anyway. It's packed with tales of gigs, clubs, raves, warehouses, music, record production and record deals, low-rent international travel, shady promoters, dodgy club security, magical dance floor moments and much more. If you ever DJed, if you ever lost yourself on a dance floor, or if you ever simply fell in love with the potential contained within a dark basement, a strobe and a sound system, then this story is your story.

**Rave America** Mireille Silcott, 1999 Through hundreds of interviews with DJ's, recording artists, producers, promoters, drug lords, club celebrities, and nightworld casualties, this book takes readers into the deepest recesses of the electronic dance culture, uncovering secrets and stories never before seen in print. Starting with club culture in the 70s and 80s the book includes such greats as DJ Frankie Bones, the acid fuelled dreams of SF's Full Moon beach parties, Florida's DJ Icey, right up to the twelve hour post-aids muscle raves of the cross country gay circuit parties.

**Rave On** Matthew Collin, 2018-10-09 Peace, Love, Unity, and Respect. Cultural liberation and musical innovation. Pyrotechnics, bottle service, bass drops, and molly. Electronic dance music has been a vital force for more than three decades now, and has undergone transformation upon transformation as it has taken over the world. In this searching, lyrical account of dance music culture worldwide, Matthew Collin takes stock of its highest highs and lowest lows across its global trajectory. Through firsthand reportage and interviews with clubbers and DJs, Collin documents the itinerant musical form from its underground beginnings in New York, Chicago, and Detroit in the 1980s, to its explosions in Ibiza and Berlin, to today's mainstream music scenes in new frontiers like Las Vegas, Shanghai, and Dubai. Collin shows how its dizzying array of genres—from house, techno, and garage to drum and bass, dubstep, and psytrance—have given voice to locally specific struggles. For so many people in so many different places, electronic dance music has been caught up in the search for free cultural space: forming the soundtrack to liberation for South African youth after Apartheid; inspiring a psychedelic party culture in Israel; offering fleeting escape from—and at times into—corporatization in China; and even undergirding

a veritable “independent republic” in a politically contested slice of the former Soviet Union. Full of admiration for the possibilities the music has opened up all over the world, Collin also unflinchingly probes where this utopianism has fallen short, whether the culture maintains its liberating possibilities today, and where it might go in the future.

Stars of '90s Dance Pop James Arena, 2016-12-18 The 1990s produced some of the greatest artists and hits in dance music history. And the decade was among the genre's most successful in terms of energy, sales and global popularity. In this retrospective, 29 singers, songwriters, producers, DJs and industry professionals who enjoyed stardom on the club circuit and on pop radio candidly discuss their careers. Interviewed artists include Richard and Fred Fairbrass of Right Said Fred (I'm Too Sexy), Nicki French (Total Eclipse of the Heart), Haddaway (What Is Love), Lane McCray of La Bouche (Be My Lover), Martha Wash, vocalist of C+C Music Factory (Gonna Make You Sweat [Everybody Dance Now]), Robin S (Show Me Love), Frank Peterson, formerly of Enigma (Sadeness, Part I), CeCe Peniston (Finally), Dr. Alban (It's My Life), Thea Austin, formerly of Snap! (Rhythm Is a Dancer) and many more. Commentaries are provided by former Billboard dance music editor Larry Flick, renowned producers/songwriters The Berman Brothers (Real McCoy's Another Night) and acclaimed DJ Susan Morabito.

*Playing with Something That Runs* Mark J. Butler, 2014-06-02 Winner of the 2015 PMIG Outstanding Publication Award from the Society of Music Theory The DJs and laptop performers of electronic dance music use preexistent elements such as vinyl records and digital samples to create fluid, dynamic performances. These performances are also largely improvised, evolving in response to the demands of a particular situation through

interaction with a dancing audience. Within performance, musicians make numerous spontaneous decisions about variables such as which sounds they will play, when they will play them, and how they will be combined with other sounds. Yet the elements that constitute these improvisations are also fixed in certain fundamental ways: performances are fashioned from patterns or tracks recorded beforehand, and in the case of DJ sets, these elements are also physical objects (vinyl records). In *Playing with Something That Runs*, author Mark J. Butler explores these improvised performances, revealing the ways in which musicians utilize seemingly invariable prerecorded elements to create novel improvisations. Based on extensive interviews with musicians in their studios, as well as in-depth studies of particular mediums of performance, including both DJ and laptop sets, Butler illustrates the ways in which technologies, both material and musical, are used in performance and improvisation in order to make these transformations possible. An illuminating look at the world of popular electronic-music performance, *Playing with Something that Runs* is an indispensable resource for electronic dance musicians and fans as well as scholars and students of popular music.

This is likewise one of the factors by obtaining the soft documents of this **Dance Djs** by online. You might not require more times to spend to go to the ebook establishment as with ease as search for them. ### **Dance Djs Introduction**

Dance Djs Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Dance Djs Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Dance Djs : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area

due to copyright issues, its a popular resource for finding various publications. Internet Archive for Dance Djs : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Dance Djs Offers a diverse range of free eBooks across various genres. Dance Djs Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Dance Djs Provides a large selection of

free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Dance Djs, especially related to Dance Djs, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Dance Djs, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some

Dance Djs books or magazines might include. Look for these in online stores or libraries. Remember that while Dance Djs, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Dance Djs eBooks for free, including popular titles. Online Retailers:

Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Dance Djs full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Dance Djs eBooks, including

some popular titles.

### **FAQs About Dance Djs Books**

**What is a Dance Djs PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Dance Djs PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have

built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Dance Djs PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How**

**do I convert a Dance Djs PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Dance Djs PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" ->

"Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to

compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions.

Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
