**Colorado Reload** Dr. Richard M. Beloin MD,2023-04-24 The Story..... The story starts as a 'burnt-out' bounty hunter and a 'floundering' waitress find each other. After a week of stepping out, they fall in love. Realizing they had both been lifelong 'range rats,' the two set out to build a business out of reloading once fired brass. Needing a prototype automatic machine to sort and load ammo, they went to Salt Lake City to learn how to operate such machines. Concurrently they made friends with three other couples in similar training classes. After one month, they returned to Denver to purchase a building, renovate it, purchase houses for their friends' housing, and arranged for the automated sorters and reloaders to be installed. With their six friends as essential workers, the factory was producing 220,000 loaded rounds per week and turned out some incredible profits till things came to a halt with the impending WWI. Electing not to be commandeered but to work with the War Department, the business prospered making 30-06 rifle and 45 ACP pistol ammo. With the end of the war in 1917, the business went thru the 1918 Influenza pandemic and was closed for months. After that, the business flourished during the Roaring 20's till the Stock Market crash of 1929. The business again closed during the Great Depression till the late 1930's in preparation for WWII. After that war, the Duo now in their late 50's and wealthy, passed the business to their son and daughter.

**Reload** Mary Flanagan,Austin Booth,2002-05-03 An anthology of feminist cyberfiction and theoretical and critical writings on gender and technoculture. Most writing on cyberculture is dominated by two almost mutually exclusive visions: the heroic image of the male outlaw hacker and the utopian myth of a gender-free cyberworld. Reload offers an alternative picture of cyberspace as a complex and contradictory place where there is oppression as well as liberation. It shows how cyberpunk's revolutionary claims conceal its ultimate conservatism on matters of class, gender, and race. The cyberfeminists writing here view cyberculture as a social experiment with an as-yet-unfulfilled potential to create new identities, relationships, and cultures. The book brings together women's cyberfiction—fiction that explores the relationship between people and virtual technologies—and feminist theoretical and critical investigations of gender and technoculture. From a variety of viewpoints, the writers consider the effects of rapid and profound technological change on culture, in particular both the revolutionary and reactionary effects of cyberculture on women's lives. They also explore the feminist implications of the cyborg, a human-machine hybrid. The writers challenge the conceptual and institutional rifts between high and low culture, which are embedded in the texts and artifacts of cyberculture.

**Reload Love** Lenya Heitzig,2018-09-04 Will we try to forget all the things we've seen? Or will we see, really see, and then let our emotions lead us into a new way of living? This is the story of one woman who refused to look away from atrocities on her television screen. Lenya Heitzig allowed her heart to break at the plight of refugees and the deaths of innocent children, and then she begged God for a job to do. In this gritty, passionate story, Lenya details the epic way God answered her prayers—how a spark came to life turning weapons of war into something beautiful. Experience the hope found in a children's playground as you journey with her through the jungles of Burma and the war-torn streets of the Middle East. Though the shape of your heart and passion may look very different, you will find hope and inspiration in ordinary people who go to incredible lengths to share God's life-giving love.

*Black Space* Adilifu Nama, 2010-01-01 Winner, Rollins Book Award, Southwest Texas Popular Culture Association/American Culture Association, 2008 Science fiction film offers its viewers many pleasures, not least of which is the possibility of imagining other worlds in which very different forms of society exist. Not surprisingly, however, these alternative worlds often become spaces in which filmmakers and film audiences can explore issues of concern in our own society. Through an analysis of over thirty canonic science fiction (SF) films, including *Logan's Run*, *Star Wars*, *Blade Runner*, *Back to the Future*, *Gattaca*, and *Minority Report*, *Black Space* offers a thorough-going investigation of how SF film since the 1950s has dealt with the issue of race and specifically with the representation of blackness. Setting his study against the backdrop of America's ongoing racial struggles and complex socioeconomic histories, Adilifu Nama pursues a number of themes in *Black Space*. They include the structured absence/token presence of blacks in SF film; racial contamination and racial paranoia; the traumatized black body as the ultimate signifier of difference, alienness, and otherness; the use of class and economic issues to subsume race as an issue; the racially subversive pleasures and allegories encoded in some mainstream SF films; and the ways in which independent and extra-filmic productions are subverting the SF genre of Hollywood filmmaking. The first book-length study of African American representation in science fiction film, *Black Space* demonstrates that SF cinema has become an important field of racial analysis, a site where definitions of race can be contested and post-civil rights race relations (re)imagined.

**New Perspectives on Language Mobility** Sarah Josefine Schaefer, 2023-11-16 The diffusion of English and the increasing mediatization of our globalized world have significant impacts on our perceptions of language and culture. Beginning with an overview of how the conceptualization of language is currently debated in sociolinguistics and related fields, this book highlights the need for a new perspective on language mobility. Through examining the use of English on German radio morning shows, the book explores the dynamics of language use in times of accelerated globalization and provides insights into how the media operate within the global flows of messages and linguistic resources that characterize our mediatized societies. In doing so, it demonstrates how combining the different perspectives of a sociolinguistics of mobility and contact linguistics allows for a thorough investigation of language practices in society, and advances the theoretical and practical approaches to the study of language mobility as a result.

**The Oxford Handbook of Dance and Competition** Dr. Sherril Dodds, 2018-11-01 In the twenty-first century, values of competition underpin the free-market economy and aspirations of individual achievement shape the broader social world. Consequently, ideas of winning and losing, success and failure, judgment and worth, influence the dance that we see and do. Across stage, studio, street, and screen, economies of competition impact bodily aesthetics, choreographic strategies, and danced meanings. In formalized competitions, dancers are judged according to industry standards to accumulate social capital and financial gain. Within the capitalist economy, dancing bodies compete to win positions in prestigious companies, while choreographers hustle to secure funding and attract audiences. On the social dance floor, dancers participate in dance-offs that often include unspoken, but nevertheless complex, rules of bodily engagement. And the media attraction to the drama and spectacle of competition regularly plays out in reality television shows, film documentaries, and Hollywood cinema. Drawing upon a diverse collection of dances across history and geography, *The Oxford Handbook of Dance and Competition* asks how competition affects the presentation and experience of dance and, in response, how dancing bodies negotiate, critique, and resist the aesthetic and social structures of the competition paradigm.

*Reload* David McCaleb, 2017-08-29 A special ops veteran is pulled into a dangerous North Korean mission to protect his family in this military thriller by the author of *Recall*. To save his family—and the free world—Red Harmon is back in the line of fire . . . A sinister enemy is stalking elite military operator Red Harmon and his loved ones. Turning the hunter into his prey, Red uncovers a plot that spans nations and draws him into the remote snow-covered ravines of North Korea. His objective: penetrate the darkest prisons of this mysterious nation to restore national security—and save all he holds dear. Caught in the danger . . . Red's not the only one who's been living with secrets. His wife Lori is a lot more than the typical suburban soccer mom she appears to be, and she's stumbled onto something massive. The future of world peace depends on them—and on an enemy soldier with a powerful personal agenda. If Red's mission fails, the balance of superpowers may never recover . . . Praise for *Reload* "David McCaleb delivers with *Reload*! Red Harmon is a gritty hero who comes through in the clutch and McCaleb's gripping plot is the stuff of today's headlines. A must read for all fans of thriller fiction!" —A. J. Tata, national bestselling author of *Three Minutes to Midnight*

*Dance and the Hollywood Latina* Priscilla Peña Ovalle, 2011 *Dance and the Hollywood Latina* asks why every Latina star in Hollywood history began as a dancer or danced onscreen. Introducing the concepts of inbetween-ness and racial mobility to further illuminate how racialized sexuality and the dancing female body operate in film, this book focuses on the careers of Dolores Del Rio, Rita Hayworth, Carmen Miranda, Rita Moreno, and Jennifer Lopez and helps readers better understand how the United States grapples with race, gender, and sexuality through dancing bodies on screen

**Contemporary PerforMemory** Layla Zami, 2020-12-31 *Contemporary PerforMemory* looks at dance works created in the 21st century by choreographers identifying as Afro-European, Jewish, Black, Palestinian, and Taiwanese-Chinese-American. It explores how contemporary dance-makers engage with historical traumas such as the Shoah and the Maafa to reimagine how the past is remembered and how the future is anticipated. The new idea of *perforMemory* arises within a lively blend of interdisciplinary theory, interviews, performance analysis, and personal storytelling. Scholar and artist Layla Zami traces unexpected pathways, inviting the reader to move gracefully across disciplines, geographies, and histories. Featuring insightful interviews with seven international artists: Oxana Chi, Zufit Simon, André M. Zachery, Chantal Loïal, Wan-Chao Chang, Farah Saleh, and Christiane Emmanuel.

**Texas Reload** Richard M Beloin MD, 2021-03-29 This book extends the cowboy era from the late 19th century to the beginning of the 20th century. After a profitable but dangerous time as a railroad marshal, Sam returns to his hometown and marries his old high school classmate and friend—and proves that friends can be lovers. Working together, they bought a five man shop and built it up to a factory with 150 mixed men and women workers. They started building brass cartridges, designed a loading press, started making loaded ammo, and joined the revolution in handguns—the semi-automatic pistol.

The Oxford Handbook of Dance and the Popular Screen Melissa Blanco Borelli, 2014 This text offers new ways of understanding dance on the popular screen in new scholarly arguments drawn from dance studies, performance studies, and film and media studies. Through these arguments, it demonstrates how this dance in popular film, television, and online videos can be read and considered through the different bodies and choreographies being shown.
