Moving History/Dancing Cultures Ann Dils, Ann Cooper Albright, 2001-10-19 A comprehensive and multifaceted anthology of dance history — ideal for the classroom. This new collection of essays surveys the history of dance in an innovative and wide-ranging fashion. Editors Dils and Albright address the current dearth of comprehensive teaching material in the dance history field through the creation of a multifaceted, non-linear, yet well-structured and comprehensive survey of select moments in the development of both American and World dance. This book is illustrated with over 50 photographs, and would make an ideal text for undergraduate classes in dance ethnography, criticism or appreciation, as well as dance history—particularly those with a cross-cultural, contemporary, or an American focus. The reader is organized into four thematic sections which allow for varied and individualized course use: Thinking about Dance History: Theories and Practices, World Dance Traditions, America Dancing, and Contemporary Dance: Global Contexts. The editors have structured the readings with the understanding that contemporary theory has thoroughly questioned the discursive construction of history and the resultant canonization of certain dances, texts and points of view. The historical readings are presented in a way that encourages thoughtful analysis and allows the opportunity for critical engagement with the text.

The Work of Dance Mark Franko, 2002-06-10 Explores the complex relationship between dance, work and labor in the 1930s. In this insightful new book, Mark Franko explores the many genres of theatrical dancing during the radical decade of the 1930s and their relationship to labor movements, including Fordist and unionist organizational structures, the administrative structures of the Federal Dance and Theatre Project, the International Ladies Garment Workers Union, and the Communist Party. Franko shows how the structures of labor organization were reproduced and acted out — but also profoundly reasoned through in corporeal terms — by choreography and performance of the proletarian mass dance, the chorus line of the Ziegfeld Follies and the reflexive backstage musical film, Martha Graham's modern dance, the revolutionary dance movement of the proletarian avant-garde, African-American ethnic opera-ballet, and Lincoln Kirstein's American ballet. The contributions of many important personalities of American theatrical, visual and literary culture are included in this study. Franko's focus extends from the direct impact of performances on audiences to the reviewing, reporting and photography of print journalism.

Dancing Class Linda J. Tomko, 2000-01-22 This look at Progressive-era women and innovative cultural practices “blazes a new trail in dance scholarship” (Choice, Outstanding Academic Book of the Year). From salons to dance halls to settlement houses, new dance practices at the turn of the twentieth century became a vehicle for expressing cultural issues and negotiating matters of gender. By examining master narratives of modern dance history, this provocative and insightful book demonstrates the cultural agency of Progressive-era dance practices. “Tomko blazes a new trail in dance scholarship by interconnecting U.S. History and dance studies . . . the first to argue successfully that middle-class U.S. women promoted a new dance practice to manage industrial changes, crowded urban living, massive immigration, and interchange and repositioning among different classes.” —Choice
