**How to Play Darts** Jason Chase,2021-07-16 Being a sport - many argue it is a game - mainly played in pubs and requiring little or no physical fitness, darts is one activity at which Britain excels! Darts is thought to have been created when soldiers began throwing short arrows at cut tree trunks or alternatively at the bottom of the cask. As the wood dried cracks appeared, creating sections which, steadily, over time became set scores, albeit with much regional and international variation. Darts is now widely played in many parts of the world, but especially in former Commonwealth countries, the Netherlands and Belgium, the United States and Scandinavia. There are two main professional governing bodies, the PDC and BDO, the latter being the longer running of the two. Given the presence of the sport in pubs and bars it is probably one of the largest participatory sports in the world. This book will open your eyes to a world of enjoyment. Dart games are great fun for all the family and can be played anywhere, at any time - with no need for computers or batteries, just a board.
