Infertility and Assisted Reproduction Wei-Hua Wang,2021-11-17 Infertility affects approximately 15% of couples of reproductive age. High live birth rates rely on many advanced technologies in infertility treatment, including more accurate clinical diagnosis and patient management as well as state-of-the-art in vitro fertilization (IVF) technologies. This book discusses infertility and infertility treatments such as embryo implantation, non-invasive preimplantation genetic diagnosis (PGT), oocyte cryopreservation, cryopreservation of small numbers of sperm, and embryo culture technologies. It delivers new information and data valuable to clinicians, embryologists, and others in infertility treatment.

Hormones Gerald Litwack,2022-01-13 Hormones, Fourth Edition provides a report on the field of human hormones viewed in light of our current understanding of cellular and subcellular architecture, along with the molecular details of their modes of action. Comprehensive information about hormone action on canonical and non-canonical signaling pathways at cellular and subcellular level and effects on architecture and function of organ systems are discussed. All chapters in this new edition have been completely updated to cover advances in endocrinology research, which has expanded significantly in the last few years. Vast coverage of hormones not previously covered and newly discovered aspects of hormone action are also included. This new fourth edition is intended to be used by advanced undergraduates and graduate students in the biological sciences. It will also provide useful background information for health professionals, clinicians and researchers in the field of endocrinology, metabolism and biochemistry. Includes updates on all chapters Covers sleep hormones, growth factors, intestinal hormones, calcium-sensing receptor of parathyroid, and others Provides essential basics for advanced undergraduates, graduate students and researchers in the biological sciences, as well as clinical aspects and applications for clinicians Presented in separate hormone systems, covering the subcellular mode of action of selected hormones and a detailed understanding of their human anatomy and physiology

Survey of Chemical Spill Countermeasures Minister of the Envi,1997-12-29 Until now, information regarding chemical spill clean-up was available only through manufacturer's literature from an individual firm, or scattered in the traditional textbooks on remediation engineering and hazardous waste management. Survey of Chemical Spill Countermeasures provides a one-stop source of information on how to clean up spill sites in safe, acceptable ways. Because of the ever-growing need to maintain constant vigilance over hazardous chemicals and potential leaks and spills, this reference will become an important source for the practicing environmental engineer and field technician. Survey of Chemical Spill Countermeasures provides operators with useful information on how to clean up sites, including controlling leakage, containment of spills on land and water, and ways to safely transfer and store the contaminants. Additionally, the book includes up-to-date information on containment and treatment technologies, from dredging and vacuuming, to solid and vapor treatment systems.

The King of Drinks Dmitri van den Bersselaar,2007-10-30 Using a focus on the trajectory of commoditisation of gin in West Africa, this book investigates how imported goods acquire specific local meanings. It shows that local consumers, not foreign advertisers, produced the importance of schnapps gin for African ritual
