Declutter Your Home: 30 Days to a Clutter Free Life Tara Dristall, 2015-08-29 Here's how to follow through on your good intentions and create a clutter-free living space in only 30 days. Instead of using up precious time off work for a decluttering marathon, this book shows how to clear out the clutter one bite at a time. The book shows how short, efficient decluttering sessions using time after work and brief interludes of free time on weekends can be more effective than a frontal assault on clutter. These short sessions, often carried out with the help of friends and family, keep stress and frustration at a minimum, and produce immediate results that you can see. As you progress through the four-week plan in the book, you'll gain momentum that will propel you through the process and leave you clutter free at last. The author deals with both the physical and emotional aspects of clutter and gives tips for maintaining your freedom from clutter after the 30 days are up. Take charge, free yourself from clutter, and find greater satisfaction with your home and life

Interventional Management of Head and Face Pain Samer N. Narouze, 2014-07-16 From the Foreword, by Stewart J. Tepper, MD: "Dr. Samer Narouze was the first Pain Management anesthesiologist specialist in the US to become Board-certified in Headache Medicine by the United Council of Neurologic Subspecialists (UCNS). It is therefore fitting that he decided to put together a textbook on blocks, interventions, injections, and

neuromodulation possibilities in this integrated interdisciplinary area of treatment for head and facial pain... "This constellation of authors and topics should offer a comprehensive roadmap for interventions to contemplate beyond conventional medications in both primary and secondary head and face pain disorders. The chapters are precise, concise, and immensely readable, and I am honored to have been offered the chance to introduce them and encourage my colleagues to read them." This is the first book on interventional management of intractable, medically resistant head and face pain. It is edited and written by world-class leaders in headache medicine and features practical presentations of the entire spectrum of procedures, from simple to complex. Designed to help shorten the learning curve of practitioners who are beginning to use interventional headache procedures, it provides guidance in identifying patients who are appropriate candidates for this approach and includes a unique compilation of outcomes-based algorithms for different headache and face pain syndromes. Neurologists, anesthesiologists, pain physicians, physiatrists, neurosurgeons, and interventional radiologists are the intended audience.

The Price of Silence Liza Long, 2014-08-28 Liza Long, the author of "I Am Adam Lanza's Mother—as seen in the HBO® documentary *A Dangerous Son*—speaks out about mental illness. Like most of

the nation, Liza Long spent December 14, 2012, mourning the victims of the Newtown shooting. As the mother of a child with a mental illness, however, she also wondered: "What if my son does that someday?" The emotional response she posted on her blog went viral, putting Long at the center of a passionate controversy. Now, she takes the next step. Powerful and shocking, *The Price of Silence* looks at how society stigmatizes mental illness—including in children—and the devastating societal cost. In the wake of repeated acts of mass violence, Long points the way forward.

Disputed Truth Hans Küng, 2014-07-03 Hans Küng has been a major influence on post-war Christianity by any reckoning. a peritus for the second Vatican council, he then went on to publish a number of controversial books, including *Infallible? An Enquiry* (1971), which enraged the Vatican and caused him to lose the ecclesiastical approval of his teaching at the university of Tübingen. However, he remains a respected priest in good standing with his bishop. Throughout all the upheavals that the Catholic Church has undergone in recent decades, Küng has been an outspoken observer, turning himself from enfant

terrible to *bête noire*. However his world influence has been great. Whether speaking at the United Nations or consorting with politicians and religious leaders, he is always listened to with respect and enthusiasm. A string of recent books has added to his reputation-notably *On Being a Christian* (1974) and *Does God Exist? An Answer for Today* (1980) What is not so well known is that, as a young man, Küng was a close friend and confidant of Joseph Ratzinger (Benedict XVI). Over the years, however, they increasingly came to represent exactly what the other most despised. On being appointed to the Holy See, Ratzinger had a long private meeting with Küng , the consequences of which may resonate within the Catholic Church for many years. In these thrilling memoirs Küng gives his personal account of all these struggles and ambitions. The result is a book of major importance for any student of the church in the 20th century. This second volume covers the period following the close of the Second Vatican Council right up to the present day.
