Smart Giving Is Good Business Curt Weeden,2011-02-16 Answers to the 12 most common and critical questions about corporate giving In this groundbreaking resource, Weeden shows how to strategically plan, manage and evaluate corporate contributions. Questions include: Why Should We Give?; How Much?; Who Decides?; Does a Company Need a Foundation?; How to Give Products or Services?; How Do We Know What Works? The book covers a wide range of topics including: The case for conditional corporate philanthropy; increasing stewardship to give more; assigning responsibility for signature programs; how CEOs leverage contributions programs for maximum benefit; effectively staffing corporate contributions programs; the pros and cons of corporate foundations; and more. Offers benchmarks for determining if a business has a meaningful philanthropic program that fosters constructive corporate citizenship Reveals how an effective philanthropic program and commitment can be incorporated in any organization Contains a comprehensive review of the information corporations need to make informed decisions about giving The author offers a prescription for linking businesses with causes and the nonprofits addressing critical issues in a way that will preserve or restore services and activities essential to our quality of life.

We First: How Brands and Consumers Use Social Media to Build a Better World Simon Mainwaring,2011-06-07 Named Strategy + Business best marketing book of 2011 A social media expert with global experience with many of the world's biggest brands -including Nike, Toyota and Motorola-Simon Mainwaring offers a visionary new practice in which brands leverage social media to earn consumer goodwill, loyalty and profit, while creating a third pillar of sustainable social change through conscious contributions from customer purchases. These innovative private sector partnerships answer perhaps the most pressing issue facing business and thought leaders today: how to practice capitalism in a way that satisfies the need for both profit and a healthy, sustainable planet. Mainwaring provides case studies from companies such as P&G, Walmart, Starbucks, Pepsi, Coca-Cola, Toyota, Nike, Whole Foods, Patagonia, and Nestlé as well as a bold plan for how corporations need to rethink their strategies.

The Politics of Everybody Holly Lewis,2022-02-10 The Politics of Everybody examines the production and maintenance of the terms 'man', 'woman', and 'other' within the current political moment; the contradictions of these categories; and the prospects of a Marxist approach to praxis for queer bodies. Few thinkers have attempted to reconcile queer and Marxist analysis. Those who have propose the key contested site to be that of desire/sexual expression. This emphasis on desire, Lewis argues, is symptomatic of the neoliberal project and has led to a continued fascination with the politics of identity. By arguing that Marxist analysis is in fact most beneficial to gender politics within the arena of body production, categorization and exclusion, Lewis develops a theory of gender and the sexed body that is wedded to the realities of a capitalist political economy. Boldly calling for a new, materialist queer theory, Lewis defines a politics of liberation that is both intersectional, transnational, and grounded in lived experience. With a new preface, Lewis discusses the argument for an explicitly Marxist understanding of trans rights - an understanding grounded in solidarity and materialist/scientific queer analysis. She also discusses the new wave of Marxist Social Reproduction Theory that has emerged since the first edition, family abolition, and the complexities of building an internationalist Marxist movement that is in solidarity with queer and trans struggles, attentive to women's realities, and one that refrains from imposing Western definitions (particularly American/Anglo definitions) onto global movements for liberation.

Social Movements for Good: How Companies and Causes Create Viral Change Derrick Feldmann, 2016-01-21 Create real change in the new social movement paradigm Social Movements for Good is a guidebook for driving change, by taking advantage of the social currency that makes movements go viral. Author Derrick Feldmann has spent a career showing organizations how to best reach donors, activists, and employees, and engage a new generation of supporters. In this book, he shares his secrets alongside the stories of today's most successful social good movements by companies and nonprofits. You'll learn about the leaders behind these movements, the individuals who responded, and the approaches that made it work. Modern social movements operate within a new paradigm, and this informative guide walks you through how these movements are created, why people get on board, and the strategy and support network that must be in place for it to succeed. Just going viral isn't enough to make a movement successful—there must be a plan, and the right people with the right skills to follow through with the execution. This book shows you who you need on your side, what they need to do their jobs, and which tools and methods are proving most effective every day. Read the stories of today's most successful social good movements Understand how modern social movements are created Learn how to truly activate a new generation of activists and supporters Formulate an approach that makes the public respond to your issue Effective social movements don't arise by accident. People don't spontaneously come together and effect real change. If you want your movement to succeed, you need a solid strategy and the tools to follow through. Social Movements for Good is your roadmap to viral success and the advancement of your cause.

Fundraising Management Adrian Sargeant, Elaine Jay, 2014-07-30 Applying the principles of marketing to nonprofit organizations and the fundraising sector is vital for the modern fundraiser who wants to increase profitability and diversify their fundraising efforts in this challenging industry. This comprehensive how-to guide provides a thorough grounding in the principles underpinning professional practices and critically examines the key issues in fundraising policy, planning and implementation. This new edition of Fundraising Management builds on the successful previous editions by including modern perspectives on organizational behaviour, extended coverage of digital fundraising and donor behaviour, including an examination of group influences on behaviour, and a new chapter on the use of social media for supporter engagement and retention. Combining scholarly analysis with practical real life examples, Fundraising Management has been endorsed by the Institute of Fundraising, and is mapped to the Certificate and Diploma in Fundraising, making it the definitive guide to best practice both in the UK and globally. This is a clear, problem-solving guide that no fundraising student or professional should be without.

The First 100 Days on the Job Anne Augustine, 2017-11-22 The First 100 Days on the Job is for sustainability leaders – in organizations of any size or sector – who want to make an impact in their first one hundred days on the job, and set themselves up for long-term success. In the absence of complete and perfect information you will be expected to lead and to act, often in partnership with other businesses, government and civil society, and almost certainly by building relationships across functions, departments and geographies within your own organization. It is the timing of your decision making that will set you apart. This short guide offers: 1) A process to make the most of your first 10, 60, 90 and 100 days 2) Some practical tools you can use to set priorities and manage your programme 3) Sources of research and information for measuring the impacts of your organization 4) A heavy dose of realism about what can be done, to keep you sane – and links to some practical support and inspiration.

The Media and Political Process Eric Louw, 2010-02-17 How have professional communicators transformed the business of politics? How do political bodies use the media to sell domestic and foreign policies to the public? This fully revised new edition of The Media and Political Process assesses the impact of spin doctoring and media activity in liberal democracies that are just as concerned with impression management and public relations as with policy. Political processes never stand still, and this revised second edition explores the mediatisation of the political process in light of recent developments, from Vladimir Putin's growth into a political celebrity, to the activities of spin doctors in the 2008 US Presidential Elections. Providing a comprehensive overview of the evolution, operation and terminology of political communication, this text is an accessible, lively resource for students of political communication and media and politics, and will be important further reading for students of journalism, public relations and cultural studies.

Second Thoughts Janet M. Ruane, Karen A. Cerulo, 2014-08-21 Co-authored by Karen A. Cerulo, the Eastern Sociological Society's Robin L. Williams Lecturer for 2013-2014 Do birds of a feather flock together or do opposites attract? Is honesty the best policy? Are children our most precious commodity? Is education the great equalizer? Adages like these shape our social life. This Sixth Edition of Second Thoughts reviews several popular beliefs and notes how these conventional wisdoms cannot be taken at face value, but instead

require careful second thoughts. This unique text encourages students to step back and sharpen their analytic focus with 25 essays that use social research to expose the gray areas of commonly held beliefs, revealing the complexity of social reality and sharpening students’ sociological vision.

The Good Corporate Citizen Doris Rubenstein,2004-05-10 Corporate citizenship refers to the way a company integrates basic social values with everyday business practices, operations and policies. A corporate citizenship company understands that its own success is intertwined with societal health and well being. Therefore, it takes into account its impact on all stakeholders, including employees, customers, communities, suppliers, and the natural environment. This handbook draws from the author’s experience crafting and implementing philanthropic and volunteer strategies with companies such as IBM, Exxon, Mobil, 3M, and General Mills. A step-by-step primer on creating a comprehensive corporate citizenship program, The Good Corporate Citizen lays out how companies can maximize this exciting new trend. Doris Rubenstein (Minneapolis, MN) has worked for over 25 years with some of America’s most respected nonprofit organizations.
