Create and Deliver a Killer Product Demo Oscar Santolalla,2018-12-10 Create great product demos and sell more of your product with the strategies and inspiration in this book. Insightful interviews are presented with professionals who are giving killer product demos in several types of businesses today. The strategies taught in this book are based on the analysis of product demos that made history and brought millions to their companies (Apple, Intel, Microsoft, Tesla, and more). Every day thousands of companies give demos to sell their products. In pre-sales for enterprise software a bad demo can make your product look too complex to the point where decision makers won't buy it. In Software-as-a-Service (SaaS) you need to quickly convert signups into active and paying users. At a product launch event you want a perfect demo that is both persuasive and memorable. Remember Steve Jobs? What You'll LearnApply a simple step-by-step method to create effective product demonstrationsKnow the 5 steps to create a wow moment Study the first exhaustive analysis of product demos that made history: Douglas Engelbart's Mother of All Demos; Steve Job's Macintosh, iPod, and iPhone; and many moreAvoid common mistakes and maximize your presence as a technical presenter Align your demo with your sales process in enterprise software, Software-as-a-Service (SaaS), mobile apps, etc.Be aware of trends in technology for product demosWho This Book Is For Startup entrepreneurs, sales engineers, executive or sales representatives, and other professionals

Let's Stop the #1 Killer of Americans Today Harry A. Elwardt,2006-03-30 Even with Americas most advanced surgical procedures and pharmaceutical drugs, nearly one million Americans are still dying every year of heart disease. We are failing miserably at stopping this silent killer, which is not just a man problem; in fact, 500,000 women fall victim to heart disease each year, dwarfing breast cancer. Heart Disease, which costs the American public over 298 billion dollars a year, is just one form of cardiovascular disease, others include: hypertension, high cholesterol, diabetes, coronary artery disease, peripheral artery disease, congenital heart disease, congestive heart failure and stroke. Dr. Harry Elwardt is a doctor of naturopathy with a Ph.D. in health and nutrition. He believes there is no reason for this killer to rule the day. That through education of the causes of cardiovascular disease, the use of the latest in early detection devices, and the implementation of a good diet, exercise and nutritional supplement program, heart disease numbers can begin to decline in America. We may be winning the war on terror, but we are losing the war against this illusive enemy. Dont wait until you or someone you love fall victim to this ruthless killer. Dr. Harry Elwardt has declared war on heart disease and in this book he lays out a strategic plan of attack. He believes it is the choices we make right now, not leaving it to chance, that determines our wellness and our destiny! Wont you join him in turning the tide in this covert war against the American people?

The Seven Deadly Sins of Psychology Chris Chambers,2019-07-16 Why psychology is in peril as a scientific discipline—and how to save it Psychological science has made extraordinary discoveries about the human mind, but can we trust everything its practitioners are telling us? In recent years, it has become increasingly apparent that a lot of research in psychology is based on weak evidence, questionable practices, and sometimes even fraud. The Seven Deadly Sins of Psychology diagnoses the ills besetting the discipline today and proposes sensible, practical solutions to ensure that it remains a legitimate and reliable science in the years ahead. In this unflinchingly candid manifesto, Chris Chambers shows how practitioners are vulnerable to powerful biases that undercut the scientific method, how they routinely torture data until it produces outcomes that can be published in prestigious journals, and how studies are much less reliable than advertised. Left unchecked, these and other problems threaten the very future of psychology as a science—but help is here.

Killer Kane Andrew R. Finlayson,2013-09-21 The leader of one of the most successful U. S. Marine long range reconnaissance teams during the Vietnam War, Andrew Finlayson recounts his team's experiences in the year leading up to the Tet Offensive of 1968. Using primary sources, such as Marine Corps unit histories and his own weekly letters home, he presents a highly personal account of the dangerous missions conducted by this team of young Marines as they searched for North Vietnamese Army and Viet Cong units in such dangerous locales as Elephant Valley, the Enchanted Forest, Charlie Ridge, Happy Valley and the Que Son Mountains. In numerous close contacts with the enemy, the team (code-name Killer Kane) fights for its survival against desperate odds, narrowly escaping death time and again. The book gives vivid descriptions of the life of recon Marines when they are not on patrol, the beauty of the landscape they traverse, and several of the author's Vietnamese friends. It also explains in detail the preparations for, and the conduct of, a successful long range reconnaissance patrol.

Lethal Force, the Right to Life and the ECHR Stephen Skinner,2019-08-22 In its case law on the use of lethal and potentially lethal force, the European Court of Human Rights declares a fundamental connection between the right to life in Article 2 of the European Convention on Human Rights and democratic society. This book discusses how that connection can be understood by using narrative theory to explore Article 2 law's specificities and its deeper historical, social and political significance. Focusing on the domestic policing and law enforcement context, the book draws on an extensive analysis of case law from 1995 to 2017. It shows how the connection with democratic society in Article 2's substantive and procedural dimensions underlines the right to life's problematic duality, as an expression of a basic value demanding a high level of protection and a contextually limited provision allowing states leeway in the use of force. Emphasising the need to identify clear standards in the interpretation and application of the right to life, the book argues that Article 2 law's narrative dimensions bring to light its core purposes and values. These are to extract meaning from pain and death, ground democratic society's foundational distinction between acceptable force and unacceptable violence, and indicate democratic society's essential attributes as a restrained, responsible and reflective system.

Mortal City Peter Lang,1995 A heightened perception of urban violence increasingly dominates public discourse, but, as current events seem to demonstrate, these crises continue without immanent resolution. The very definitions of the city and of violence are constantly being reevaluated: the site of the city is shifting across real and imagined space; violence has been exposed outside the traditional areas of social conflict. Mortal City, published With StoreFront for Art and Architecture, is comprised of a series of essays investigating direct and indirect forms of violence and the city. Mortal City presents several different approaches to the subject. Articles by Donald Albrecht, Diane Ghirardo, Herbert Muschamp, Richard Plunz, and Lebbeus Woods, among others, are accompanied by photo essays by Warchitecture and Camilo Vergara and an interview with Mark Wigley. We have gone from fearing the death of the city to fearing the city of death, and this traumatic change is reflected passionately in this book. -- A.D.

Killer Colt Harold Schechter,2010-09-28 With such acclaimed works as The Devil's Gentleman, Harold Schechter has earned renown as the dean of true-crime historians. Now, in this gripping account of driving ambition, doomed love, and brutal murder in an iconic American family, Schechter again casts his gaze into the sinister shadows of gaslit nineteenth-century New York City. In September 1841, a grisly discovery is made aboard a

merchant ship docked in lower Manhattan: Deep in the cargo hold, bound with rope and covered with savage head wounds, lies a man’s naked corpse. While a murderer has taken pains to conceal his victim’s identity, it takes little time to determine that the dead man is Samuel Adams, proprietor of a local printing firm. And in less time still, witnesses and a bloody trail of clues lead investigators to the doorstep of the enigmatic John Colt. The scion of a prosperous Connecticut family, Colt has defied his parents’ efforts to mold him into a gentleman—preferring to flout authority and pursue excitement. Ironically, it is the ordered science of accountancy that for a time lends him respectability. But now John Colt’s ghastly crime and the subsequent sensational murder trial bring infamy to his surname—even after it becomes synonymous with his visionary younger brother’s groundbreaking invention. The embodiment of American success, Sam Colt has risen from poor huckster to industrious inventor. His greatest achievement, the revolver, will bring him untold millions even as it transforms the American West. In John’s hour of need, Sam rushes to his brother’s side—perhaps because of the secret they share. In Gilded Age New York, a city awash with treacherous schemers, lurid dime-museum curiosities, and the tawdry excesses of penny-press journalism, the Colt-Adams affair inspires tabloid headlines of startling and gruesome hyperbole, which in turn drive legions of thrill-seekers to John Colt’s trial. The dramatic legal proceedings will fire the imagination of pioneering crime writer Edgar Allan Poe and fuel the righteous outrage of journalist Walt Whitman. Killer Colt interweaves the intriguing stories of brooding, brilliant John and imaginative, enterprising Sam—sharp-witted and fascinating brothers on vastly divergent journeys, bound by an abiding mutual devotion and a mystery they will conceal to the end. Harold Schechter has mined the darkly macabre vein of a bygone era and brought forth a mother lode of storytelling gold. From the Hardcover edition.

Incoming...the Men of the 70th Jack Manick,2013 It was a monumental year...the Mamas and Papas, The Beach Boys, Bob Dylan and scores of world famous rock groups poured out their sweet music and wonderful lyrics to a generation of young people in search of themselves. In July, what was thought to be impossible became possible...Neil Armstrong first set foot on the moon and for one shining moment in October, the NY Mets were no longer to be laughed at...they won the 1969 World Series! The year was 1969!. While earth shaking events were happening two hundred thousand miles from home or deep within the confines of Shea Stadium, men of every race, education and age group were fighting and dying 12,000 miles from home in Americas most unpopular war, Vietnam. Today, 40 years later, writer, husband and Veteran Jack Manick reaches into his soul for one last time and completes his account of a young medic as he walked the jungles and forests of the Central Highlands of Vietnam in 1969. While in the Bush, he carried a pack, a medical aid bag, two knives, three grenades, a rifle, pistol and an unbreakable commitment to save the lives of his fellow soldiers, even at the cost of his own. The story of Jack Doc Manick and his fellow soldiers is one of survival...survival in a country laden with malaria, crawling with venomous snakes, scorpions, rats, giant centipedes and tigers and dominated by an enemy determined Not to lose the War! Incoming...The Men of the 70th, invites you to lace up your jungle boots and take a walk with Jack through the jungles and the fields of dry grass in the Central Highlands of Vietnam in 1969.

Chamber's Twentieth Century Dictionary of the English Language Thomas Davidson,1907

Deadly Chambers Demo: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Deadly Chambers Demo : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Deadly Chambers Demo : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
