Deck O' Dots Shannon Samulski, 2015-03-31 Deck o' Dot is a deck of card specifically designed without digits to help children to Subitize (instantly recognize number quantity) in order to develop higher order thinking skills in mathematics.

Stacking the Deck Bryan Berg, 2009-12-15 Written by the holder of several Guinness World Records for cardstacking, this is the first complete, fully illustrated guide to the art of building mind-boggling, multilevel structures with ordinary playing cards. In Stacking the Deck, Bryan Berg reveals the secret to successful cardstacking with his simple four-card-cell structure and expanded grid techniques. Using illustrations and step-by-step instructions, he guides readers on to more elaborate -- and incredibly strong -- creations. He covers a wide range of architectural styles, from classic to whimsical, and various types of structures, including pyramids, shrines, stadiums, churches, an oil derrick, and even the Empire State Building. Since first setting the height record in 1992, Bryan's built awe-inspiring card models of a Japanese shrine, the Iowa State Capitol building, Ebbets Field, and his latest tower, which is more than twenty-five feet tall! This book includes photographs of some of these amazing pieces, illustrating just how appealing and enduring a house of cards can be. Stacking the Deck will inspire everyone from youngsters experimenting with their first deck of cards to adults, who can create their own private skyscrapers. Once you've read Stacking the Deck, you'll never look at a deck of cards the same way again.

Fair Play Eve Rodsky, 2021-01-05 AN INSTANT NEW YORK TIMES BESTSELLER • A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner?

Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the “shefault” parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family—and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is Fair Play: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, Fair Play helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. “Winning” this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space—the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try Fair Play? Let's deal you in.

On Fire John O'Leary, 2016-03-15 In the bestselling tradition of Brene Brown's Daring Greatly and Nick Vujicic's Life Without Limits comes a rousing 7-step plan for living a life on fire, filled with hope and possibility—from an inspirational speaker who survived a near-fatal fire at the age of nine and now runs a successful business inspiring people all

around the world. When John O’Leary was nine years old, he was almost killed in a devastating house fire. With burns on one hundred percent of his body, O’Leary mustered an almost unimaginable amount of inner strength just to survive the ordeal. The insights he gained through this experience and the heroes who stepped into his life to help him through the journey—his family, the medical staff, and total strangers—changed his life. Now he is committed to living life to the fullest and inspiring others to do the same. An incredible and emotionally honest account of triumph over tragedy, *On Fire* contains O’Leary’s reflections on being that little boy, the life-giving choices made then, and the resulting lessons he learned. O’Leary very clearly shares that without the right people providing the right guidance, at the right time, he never would have made it through those five months in the hospital, let alone the years that followed as he struggled to regain mobility, embrace his story, and ignite clarity of his life’s purpose. *On Fire* encourages us to seize the power to choose our path and transform our lives from mundane to extraordinary. Once we stop thinking solely on the big moments in our lives, we can begin to focus on those smaller opportunities that tend to pass us by. These are the events—the inflection points in our lives—that can determine how we feel about life now, where we are headed in the future, and how many lives we can impact along the way. We can’t always choose the path we walk, but we can choose how we walk it. Empowering, inspiring, remarkably honest, and heartfelt, O’Leary’s strength and incredible spirit shine through on every page.

The Live Your Values Deck Andreea Niculescu, 2021-11-09 Vibrantly illustrated by artist and author Lisa Congdon—and co-written by Congdon and her friend, brand strategist Andreea Niculescu—this deck will help you live in accordance to what matters most to you. Living your values increases your compassion, reduces your stress, enhances your confidence, and allows you to experience more intimacy in your relationships. These 78 cards offer you a practical set of tools for determining your core values and practicing them in your daily life. Start off with a simple sorting exercise, then dive deeper into your highest values with the prompts and activities listed on each card. The accompanying booklet helps you use the deck to enrich your life and improve your well-being. HANDS-ON EXERCISE: More engaging than a self-help book and less daunting than trying to list your values on a blank page, this deck offers a fun, hands-on way to identify your core principles and integrate them into your life. GREAT GUIDANCE: Along with helping you identify your values, these cards offer advice, suggestions for short-term and long-term goals, and prompts that will help you reflect and take action in meaningful ways. LONG-TERM USE: As life inevitably changes and new milestones are reached, it's good to re-center and reconnect with your values. This deck can be used to see how your values have changed and what new ones have emerged over time. Perfect for: • Anyone contemplating a big life change (moving, switching jobs, etc.) • People looking for personal growth or self-reflection tools • Individuals who want to make meaningful New Year's resolutions • Fans of Lisa Congdon's previous publishing, especially *You Will Leave A Trail Of Stars*

Photographic Card Deck of the Elements - with Big Beautiful Photographs of

Theodore W. Gray,2001 Features all 118 elements in the periodic table. One element per card appears as a full-size image on the front and fascinating information about the element on the back. The front side of each 127 x 127 mm card shows a full-size photographic image of the element, while the reverse gives scientific information including atomic weight, density, melting and boiling point, valence and the percentage of the element found in the universe, the earth's crust, the oceans and in man.

The Cocktail Deck of Cards Elouise Anders,2021-09-07 A deck of cocktail recipes to get things fizzing. What's better than cracking out the bubbles for a special occasion or just a midday spritz in the garden? While it started as a fad, fizzy drinks aren't going flat. And, while Aperol and bubbles have become a delicious staple, there's so many more possibilities out there. Whether it's Cynar, Campari, or Luxardo Bitter, there's a world of liqueurs and nuances between prosecco, cava and champagne that create different textures. This deck of cards plays with all of them, making entertaining easy: just pull a card when you're stuck over whether you want a ruby negroni, an atomic, or a Chambord royale. With beautiful, water color illustrations and drinks for every palette, this deck will make your day positively effervescent.

The Power of Surrender Cards Judith Orloff,2016

Russian Criminal Playing Cards Damon Murray,Stephen Sorrell,2018-10-11 A

complete standard Western deck of 52 playing cards and 2 jokers, making them suitable for any card game. This deck of cards has been put together using four different sets (one for each suit) made by Russian criminals in prisons during the 1980s. Prohibited by the prison authorities, they are constructed from innocuous materials procured from the everyday routine of prison life, their unique designs skillfully manipulated so that they could be read. The respect commanded by any criminal was directly related to his ability to play, and win, at cards. Being 'lucky' at cards was also seen as a good omen –(even if the winner cheated, as this practice is acceptable within the thieves world). A thief could stake anything in a card game, a finger, an arm, the life of another inmate, or even his own. If he lost, the debt had to be paid immediately. The penalty for defaulting was expulsion, a forcibly applied tattoo or in some cases, death. Confiscated and destroyed by the authorities, original decks are difficult to obtain and often incomplete. The authentic designs reproduced here have been taken from original cards collected over the last ten years by the authors. A standard Russian deck contains only 36 cards. This pack has been adapted to make a complete standard Western deck of 52 cards.

Elements Theodore Gray, 2012-04-03 With more than 1 million copies sold worldwide, *The Elements* is the most entertaining, comprehensive, and visually arresting book on all 118 elements in the periodic table. Includes a poster of Theodore Gray's iconic photographic periodic table of the elements! Based on seven years of research and photography by Theodore Gray and Nick Mann, *The Elements* presents the most complete and visually arresting representation available to the naked eye of every atom in the universe. Organized sequentially by atomic number, every element is represented by a big

beautiful photograph that most closely represents it in its purest form. Several additional photographs show each element in slightly altered forms or as used in various practical ways. Also included are fascinating stories of the elements, as well as data on the properties of each, including atomic number, atomic symbol, atomic weight, density, atomic radius, as well as scales for electron filling order, state of matter, and an atomic emission spectrum. This of solid science and stunning artistic photographs is the perfect gift book for every sentient creature in the universe.
