Professor Alex Rogers is one of the world's leading experts in marine biology and oceanology, and has spent his life studying the deep ocean - and in particular the impact of human activity on the ecosystems of the oceans. In this timely, galvanising and fascinating book - replete with stunning photography of strange and beautiful creatures - Professor Rogers offers a fundamentally optimistic view of humanity's relationship with the oceans - and also a very personal account of his own interaction with the seas.

The Sheer Curtain Maria Elena Garza,2016-06-17 This short novel is dedicated to my wonderful family: my children, Cathy, Fernando, Phillip; my grandchildren Jozette, Alaena, Phoenix; and my husband, Max. The novel is especially written for an audience of young readers or adults who choose to have a child's imagination. It was such fun for me to develop the characters and scenes of this mystery. It all starts with a woman's silhouette that appears on the third-floor window of this old Victorian mansion. No one in the town of Sneila has ever seen her except when she stands behind the sheer curtain. The children of the town look forward to Halloween every year. The children together walk down the dirt road to the mansion that sits at the edge of town behind enormously tall trees and a black iron fence. Every Halloween, the children know that, in front of the mansion outside the gate, there will be a mysterious white cauldron filled with magic candies for each child. The candies are in baggies with each child's name written on the front of the baggie. How does she know every child's name? Where does this candy come from? The children agree that the candy is very different, like it's out of this world. These are only two of the mysteries that exist in the town of Sneila. Much mystery lives in the town of Sneila. The number of people in this town never changes. When one person dies, another is born. People who die are not buried. The number 8 appears throughout the town. Sometimes you have to add two digits to find the 8.

The infinity symbol appears throughout the novel. Magic turtles surface and communicate with the two main characters, Samantha and Victoria. Flickering lights, hidden doors, basement, baskets, spaceships, magic turtles, mysterious bubbles, candles, and fairies create a magical kingdom. Wrinkles and gray hair are witnesses to times past. The surprise ending is sure to give you goose bumps! Other books from the author include the following: Sleepy Tears Laughing Tears Sleepy Tears Miss You Tears Gods Love is Real (poetry book) Friends and Angels (poetry book) The Secret Meeting of the Sworceracs

Deep Oceans Wendy Pfeffer,2003 Examines the harsh living conditions that exist deep below the surface of the ocean and describes the animals, including the squid, hatchet fish, and tubeworm, that have adapted to those conditions and have made the deep parts of the ocean their home.

A Crack in the Sea H. M. Bouwman,2017-01-03 An enchanting historical fantasy adventure perfect for fans of Thanhha Lai's Newbery Honor-winning Inside Out and Back Again No one comes to the Second World on purpose. The doorway between worlds opens only when least expected. The Raft King is desperate to change that by finding the doorway that will finally take him and the people of Raftworld back home. To do it, he needs Pip, a young boy with an incredible gift—he can speak to fish; and the Raft King is not above kidnapping to get what he wants. Pip's sister Kinchen, though, is determined to rescue

her brother and foil the Raft King's plans. This is but the first of three extraordinary stories that collide on the high seas of the Second World. The second story takes us back to the beginning: Venus and Swimmer are twins captured aboard a slave ship bound for Jamaica in 1781. They save themselves and others from a life of enslavement with a risky, magical plan—one that leads them from the shark-infested waters of the first world to the second. Pip and Kinchen will hear all about them before their own story is said and done. So will Thanh and his sister Sang, who we meet in 1978 on a small boat as they try to escape post-war Vietnam. But after a storm and a pirate attack, they're not sure they'll ever see shore again. What brings these three sets of siblings together on an adventure of a lifetime is a little magic, helpful sea monsters and that very special portal, A Crack in the Sea.

Into the Raging Sea Rachel Slade, 2018-05-01 WINNER OF THE MAINE LITERARY AWARD FOR NON FICTION NATIONAL BESTSELLER A NEW YORK TIMES NOTABLE BOOK AN NPR BEST BOOK OF THE YEAR ONE OF JANET MASLIN'S MUST-READ BOOKS OF THE SUMMER A NEW YORK TIMES EDITOR'S CHOICE ONE OF OUTSIDE MAGAZINE'S BEST BOOKS OF THE SUMMER ONE OF AMAZON'S BEST NONFICTION BOOKS OF THE YEAR SO FAR "A powerful and affecting story, beautifully handled by Slade, a journalist who clearly knows ships and the sea."—Douglas Preston, New York Times Book Review "A Perfect Storm for a new generation." —Ben Mezrich, bestselling author of *The Accidental Billionaires: The Founding of Facebook* On October 1, 2015, Hurricane Joaquin barreled into the Bermuda Triangle and swallowed the container ship *El Faro* whole, resulting in the worst American shipping disaster in thirty-five years. No one could fathom how a vessel equipped with satellite communications, a sophisticated navigation system, and cutting-edge weather forecasting could suddenly vanish—until now. Relying on hundreds of exclusive interviews with family members and maritime experts, as well as the words of the crew members themselves—whose conversations were captured by the ship's data recorder—journalist Rachel Slade unravels the mystery of the sinking of *El Faro*. As she recounts the final twenty-four hours onboard, Slade vividly depicts the officers' anguish and fear as they struggled to carry out Captain Michael Davidson's increasingly bizarre commands, which, they knew, would steer them straight into the eye of the storm. Taking a hard look at America's aging merchant marine fleet, Slade also reveals the truth about modern shipping—a cut-throat industry plagued by razor-thin profits and ever more violent hurricanes fueled by global warming. A richly reported account of a singular tragedy, *Into the Raging Sea* takes us into the heart of an age-old American industry, casting new light on the hardworking men and women who paid the ultimate price in the name of profit.
