Sleep Well Every Night Glenn Harrold, 2008 A good nights sleep for every reader - guaranteed! Sleep - or lack of it - is one of the most common 21st century health complaints. Only 1 in 10 of us say we always sleep well; 1 in 5 suffer from lack of sleep; and two-thirds say we get less sleep now than we did a few years ago - around 90 minutes less, according to one leading American sleep expert. There are many reasons why people cannot get a good night's sleep, but a solution to many of these problems lies in hypnosis, a wonderful tool for quietening the mind and relaxing the body. Hypnosis helps to slow brainwaves and naturally guide you into a state that is ideal for deep, restful sleep. Whatever your particular sleep problem, this book and CD will promote a deep, restful sleep every night.

*Go the F**k to Sleep* Adam Mansbach, 2011-06-14 The #1 New York Times Bestseller: “A hilarious take on that age-old problem: getting the beloved child to go to sleep” (NPR). “Hell no, you can’t go to the bathroom. You know where you can go? The f**k to sleep.” *Go the Fuck to Sleep* is a book for parents who live in the real world, where a few snoozing kitties and cutesy rhymes don’t always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, it captures the familiar—and unspoken—tribulations of putting your little angel down for the night. Read by a host of celebrities, from Samuel L. Jackson to Jennifer Garner, this subversively funny bestselling storybook will not actually put your kids to sleep, but it will leave you laughing so hard you won’t care.
