**Dichawa the Deer Caller** Tim Anderson,2011-06-06 A world of beauty... A world of mysticism... A world of magic...In this miniature realm, the primitive tribe of Badooskas live in peace and harmony with Mother Earth. Then the day comes when the Cordellians attack their village and enslave the primitives. Among the primitives is a dreamer named Dichawa, who searches for a lost ancient truth. During this search for enlightenment, he arises to lead his oppressed people. Will the primitives' numbers be enough to defeat the space-aged technology of the Cordellian Empire? Will Dichawa ever find the answers in his spiritual quest? What lessons can we learn from this story of the Little People?

Wind Caller's Children Amanda Cockrell,1996 Out of Breath dreams of a powerful white animal that runs unseen through the desert as quickly and easily as water runs through his fingers. His people tell him that visions are suspect. But he leaves to search the desert himself, and returns leading a beast no one has ever seen before, a tall, bony creature who says its name is Horse. The people of Red Earth City are afraid of it -- all except the beautiful, willful Wants the Moon, who first thinks of riding on its back. Together, Out of Breath and Wants the Moon will prove what Horse means to their people and to the Buffalo Hunters of the Grass.

*Bear With Me, My Deer: Tails of a Virginia Wildlife Biologist* David Kocka,2017-06-10 What exactly does a wildlife biologist for a state agency do? Contrary to many of his relative's perceptions, David Kocka is not a park ranger, a forest ranger, or even a game warden. *Bear With Me, My Deer: Tails of a Virginia Wildlife Biologist* is a glimpse into one man's adventures while working for an agency, which is responsible for managing the wildlife resources within its boundaries. The sometimes-humorous accounts have taken David to the top of a parking garage while chasing a black bear and to the middle of a college campus to extract a hormone-driven deer from a building. Although he has avoided news agencies as much as possible, one of his adventures was summarized in *People Magazine*. Most biologists have similar stories to share, but David in *Bear With Me, My Deer: Tails of a Virginia Wildlife Biologist* gives an account of his adventures in the field, documenting how they can occur any time, day or night. Humor is an important tool, which he yields almost as often as he uses his dart pistol. Through his thirty years as a wildlife biologist, David has met many interesting people too-and some have become lifelong friends. Set in the beautiful Shenandoah Valley of Virginia, these true stories enable the reader to enjoy each wildlife encounter and hopefully allow them to connect with the outdoors like never before.
