Land Rover Defender Mike Gould,2016-10-01 Known around the globe as an icon of British engineering, the Land Rover Defender is the ultimate off-roader that has delighted owners for generations. Combining military utility with classic and distinctive design, the Defender had been a ubiquitous presence on the automobile scene since its release more than half a century ago. But 68 years since the first model came on the market, the production line came to a halt in January 2016. This presents the perfect opportunity to look back over the Land Rover's history, from its first iteration as a utility vehicle in 1948, to the 21st Century special editions. Landy fans and petrol-heads alike will love Land Rover Defender, a highly illustrated collection of classic and limited edition models, filled with specs, stats, and images of Defenders both at home and abroad. From its reputation as the essential go-anywhere vehicle, the Defender has even won some famous fans, and owners can include the Queen, Sir Winston Churchill and actor Steve McQueen amongst their numbers. In recent years, the Defender has gained a second life as a city vehicle, and proves itself to be just as at home bombing around the streets of London as it always has been in the West Country mud or on the African savannah. The last model came off the production line in February 2016, and Land Rover Defender will be a treasure trove for car lovers and Landy owners alike.

**The Defender** Ethan Michaeli,2016-01-12 This “extraordinary history” of the influential black newspaper is “deeply researched, elegantly written [and] a towering achievement” (Brent Staples, New York Times Book Review). In 1905, Robert S. Abbott started printing The Chicago Defender, a newspaper dedicated to condemning Jim Crow and encouraging African Americans living in the South to join the Great Migration. Smuggling hundreds of thousands of copies into the most isolated communities in the segregated South, Abbott gave voice to the voiceless, galvanized the electoral power of black America, and became one of the first black millionaires in the process. His successor wielded the newspaper's clout to elect mayors and presidents, including Harry S. Truman and John F. Kennedy, who would have lost in 1960 if not for The Defender's support. Drawing on dozens of interviews and extensive archival research, Ethan Michaeli constructs a revelatory narrative of journalism and race in America, bringing to life the reporters who braved lynch mobs and policemen's clubs to do their jobs, from the age of Teddy Roosevelt to the age of Barack Obama. “[This] epic, meticulously detailed account not only reminds its readers that newspapers matter, but so do black lives, past and present.” —USA Today

The Defender ,1909

You & Your Land Rover Ninety, One Ten & Defender Martin Hodder,2000 Whether you use your Defender for work or play, from supermarket to Savannah you'll find valuable information in this volume covering the 90 and 110 Land Rover Defender models, from 1983 to 2000. Martin Hodder delivers detailed coverage on buying, owning, running and caring for your Defender; driving on and off the tarmac; preparation and modifications; expedition planning and preparation. Hodder examines each model and provides performance and production figures. Contains lists of Defender specialists and clubs.

Defender Graham McNamee,2016-04-12 From the Edgar Award-winning author of Acceleration comes a mystery about an old murder and new truths, perfect for fans of Barry Lyga, Madeleine Roux, and Michelle Gagnon. They call her Tiny, but Tyne Greer is six foot six, a high school basketball star who is hoping the game will be her ticket out of the slum. She lives in a run-down building called The Zoo, where her father is the superintendent. One day she discovers a crack in the wall of an abandoned basement room. And sealed up in the wall is a girl's body. Horrified, she runs to get her dad. But after he goes to take a look, he comes back and tells Tyne that nothing's there. No girl. No body. He tells her she must be seeing things in the dark. Tyne is sure it was real, though, and when she finds evidence that the

body was moved from the hole in the wall, she knows the only one who could have done it is her father. But why? What is he hiding? Tyne's search for answers uncovers a conspiracy of secrets and lies in her family. The closer she gets to the truth, the more dangerous it becomes for her. Because some will do anything to bury the past . . . and keep her silent.

**Steel Defender** Cameron Coral,2023-08-25 Can a timid robot keep his favorite human alive? Block has finally found a safe place for Wally—the baby girl he safeguarded across the war-torn wastelands—or so he thinks. But the humans he's entrusted with her care won't let him visit her, so he follows his cleaning routines and misses her more every day. When the humans are forced to surrender Wally to SoldierBots or face extermination, Block will do anything to keep her safe... even if that means aligning with a former enemy, a colossal Mech, and their motley army of renegade robots. Together, they must face down militaristic SoldierBots, fleets of attack drones, and WarBots that will stop at nothing to claim the child. She holds the key to humanity's survival—or their doom. If you enjoy characters with heart and page-turning adventures, then you'll love the second book of this post-apocalyptic sci-fi series and its robot main character.

**Entrapment** Jerry Ahern,1989 The action-packed Defender series continues with David Holden suddenly losing government support in his fight against the terrorist organization FLNA, which forces him to go underground. A hard-hitting, pulse-pounding novel perfect for adventure fans.

**Defender** Timothy Ford,2010-08-22 Defender contains over 500 patches from the USAF police career field, spanning from the Air Police to Security Police to the Security Forces of today.

*The Defender* Nicholas Kalashnikoff,2017-05-19 Newbery Honor Book recounts a timeless tale of a shepherd's devotion to the wild rams of his native Siberia. A good story, and an enchanting glimpse of an unfamiliar region. — Kirkus Reviews.

**The Defender - Volume 1 - Legal Eagle** Laurent Galandon,Giroud,2019-02-14T00:00:00+01:00 Meet Leo Sully-Darmon, a hot-shot photogenic criminal defense attorney who takes on cases nobody else will touch. Leo loves a good cause just as much as he loves a good photo-op, and he happens to excel at both. But when he agrees to represent a woman accused of crimes against humanity during her former life as an officer in an Iraqi detention camp, he may have bitten off more than he can chew, as antagonistic forces conspire to cast doubt on his client's innocence and start digging up dirt on his own life... complete with dark secrets from both the past and the present.

*The Battle Begins* Jerry Ahern,1988-06-01 The toughest gangs from America's inner cities have been trained and given sophisticated weaponry, holding the country under a reign of terror. But when they murder David Holden's family, the ex-special forces commando gathers an army of cops and veterans and initiates a war of justice.

Defender of the Gate Erwin N. Thompson,1997

*Tim, Defender of the Earth* Sam Enthoven,2008 When two gargantuan, human-made monsters clash over the future of the human race and the planet, fourteen-year-old Anna Mallahide has a hard time convincing her classmate, Chris Pitman, that he must play any role in the outcome of their epic battle.

The Public Defender Mayer C. Goldman,1917

**The Female Defender** Annette Harper,

**Defender of the Realm** Mark Huckerby,Nick Ostler,2017-03-28 For hundreds of years the United Kingdom has been protected by a mysterious guardian known as the Defender. Part myth, part superhero, few truly believed the Defender existed... until now. Alfie thinks he knows his destiny. As Prince Alfred, heir to the throne of Great Britain, he's fated to become the most disappointing king in the nation's history.

Alfie longs for a way to prove himself, but little does he realize that with the throne of England comes an ancient secret. He who wears the crown must protect the country as the legendary hero -- the Defender of the Realm. Hayley is an ordinary girl, living an ordinary life. She certainly never believed in the mysterious superhero, the Defender. Then, after witnessing a very public battle at the Tower of London, everything is different, and Hayley is left with no doubt. The Defender is real. Two kids with two very different lives are about to get caught up in a centuries-long battle for the fate of a nation. Monsters and criminals, villains and dragons, together Hayley and Alfie must protect their home at all costs.

#### **The Defender**, 1969

Free Justice Sara Mayeux, 2020-04-28 Every day, in courtrooms around the United States, thousands of criminal defendants are represented by public defenders--lawyers provided by the government for those who cannot afford private counsel. Though often taken for granted, the modern American public defender has a surprisingly contentious history--one that offers insights not only about the carceral state, but also about the contours and compromises of twentieth-century liberalism. First gaining appeal amidst the Progressive Era fervor for court reform, the public defender idea was swiftly quashed by elite corporate lawyers who believed the legal profession should remain independent from the state. Public defenders took hold in some localities but not yet as a nationwide standard. By the 1960s, views had shifted. *Gideon v. Wainwright* enshrined the right to counsel into law and the legal profession mobilized to expand the ranks of public defenders nationwide. Yet within a few years, lawyers had already diagnosed a crisis of underfunded, overworked defenders providing inadequate representation--a crisis that persists today. This book shows how these conditions, often attributed to recent fiscal emergencies, have deep roots, and it chronicles the intertwined histories of constitutional doctrine, big philanthropy, professional in-fighting, and Cold War culture that made public defenders ubiquitous but embattled figures in American courtrooms.

**The Defender** Lindsay McKenna, 2013-01-01 Two wounded souls in the Wild West. One last chance to claim the love they deserve.

#### **The Defender - Volume 3 - The Law of the Desert** Laurent

Galandon, Giroud, 2019-05-15T00:00:00+02:00 The stakes rise for hot-shot criminal defense attorney Leo Sully-Darmon and his client, an Iraqi woman accused of crimes against humanity, when LSD decides to go after the real culprit, a French industrial group that illegally manufactured chemical weapons during the Gulf War. Will he find the evidence he needs to take down Big Business while keeping himself and his client out of harm's way? Meanwhile, the press isn't far behind, including one particularly nosy reporter with some dirt on Leo's past... The thrilling conclusion to the three-part series.
