Delhi "A Role Model" Of Urban India Dr. K.P.

Agrawal ,2016-06-08 The book, packed in 22 chapters, provides in-depth and detailed information on different aspects of urban development. Issues, such as education, health, power, transport, stray animals, tourism, water, greenery, pollution, waste and sanitation management, disaster management, adulteration, crimes, social life, civic infrastructure, encroachment, unauthorized construction and illegal colonies, which the people in Delhi have been confronting for long, have been covered under the book. As Delhi is the national capital and the mirror of the country, the author has attempted to focus on the development of it as a role model of the urban India, to be replicated by others in respect of issues that affect the day-to-day life of a common man, people of all age groups, sex, religion, region, poor and rich, students, public and private sectors, bureaucrats, businessmen, industrialists and politicians. The book will be of immense value to policymakers, programme planners, public and private sectors, NGOs, social workers, environmental workers, educationists, developmental practitioners and the Delhiites who dream to see Delhi as a world-class city.

Urban Green Space, Health Economics and Air Pollution in Delhi Swati Rajput, Kavita Arora, Rachna Mathur, 2021-03-31 This book looks at the ecological stress on cities and engages with challenges of reducing vulnerabilities and risks of pollution on the health, well-being and livelihoods of people living in developing countries. Cities are the world's highest energy consumers and the biggest producers of toxic wastes and pollutants. With an emphasis on the environmental issues facing the city of Delhi, the volume focuses on steps to preserve and manage the city's urban green spaces. It explores the concept of urban green spaces and their economic, social, health, and psychological significance in cities. Drawing from their fieldwork and research in Delhi, the authors identify the sources of pollution in the city and assess the role of urban green spaces in countering adverse effects. They

further examine the relationship between green spaces and social and economic development, urban health, and urban governance. They highlight the good practices followed by other global cities. The volume also offers suggestions and policy recommendations to reverse and recover ecological balance in cities. This book will be of interest to students and researchers of environment and ecology, public health, urban planning and governance, development studies, urban geography, urban sociology, resource management and health economics. It will also be useful for policy makers, and NGOs working in the areas of sustainability, urban planning and management and environmental preservation.

Travails with Chachi Louise Fernandes

Khurshid, 2014-02-01 Chachi: is not a taxi. It is something that feels; and emotes . . . New Delhi: A melting pot. A crucible of people, cultures, lifestyles. Home to the politicians that lead this country. And to the taxiwallahs that more often than not charge a hundred per cent extra than the legitimate fare. U.P.: The badlands. Notorious for dacoits, land usurpation; and other misdeeds. This is the New Delhi and U.P that we travel through with the most lovable of all symbols associated with the city – the Ambassador car. Travails with Chachi is a 'Never-before-Seen' Delhi. It is a Delhi seen through the eyes of the Ambassador taxi – an ubiquitous symbol that for many decades defined Delhi. Plodding through Lutyens' Delhi on a maximum speed of 40 kmph Chachi (the protagonist of this book) sees all; experiences all; and tells all. The taxi belches; makes offensive noises; and

is a tell-tale. And so the characters that Chachi plys on her ample 'back'seat – dhoti-clad paan-chewing portly politicians indulging in 'suitcase politics; Ganesh brand beedi chain-smokers; the Nakli Singh Yadavs who only want to induct people into politics – that is already home to bus conductors and convicted dacoits; the belan brandishing Bablu ki Ma; and Mehnath Singh – who is far removed from the name bestowed upon him by his parents that implies 'hard work'. The lands that Chachi travels through is peppered with those that breathe and abuse concurrently; those that revel and live off name-dropping; the inventors of lyrical slogans - Tilak, tarazu, talwar aur ch****; sab ko maro joota chaar!; and those that make a living - doing nothing. This is New Delhi. This is U.P. This is Chachi's world.

Neutral Accent A. Aneesh, 2015-04-24 In *Neutral Accent*, A. Aneesh employs India's call centers as useful sites for studying global change. The horizon of global economic shift, the consequences of global integration, and the ways in which call center work neutralizes racial, ethnic, and national identities become visible from the confines of their cubicles. In his interviews with call service workers and in his own work in a call center in the high tech metropolis of Gurgaon, India, Aneesh observed the difficulties these workers face in bridging cultures, laws, and economies: having to speak in an accent that does not betray their ethnicity, location, or social background; learning foreign social norms; and working graveyard shifts to accommodate international customers. Call center work is cast as independent of place, space, and time, and its neutrality—which Aneesh defines as indifference to difference—has become normal business practice in a global economy. The work of call center

employees in the globally integrated marketplace comes at a cost, however, as they become disconnected from the local interactions and personal relationships that make their lives anything but neutral.
