Huebinger's Map and Guide for Des Moines for Resident and Stranger M. Huebinger, Janice Harbaugh, 2012-07-28 The Huebinger series of automotive publications were popular a century ago as adventurous motorists braved the primitive roads and uncertain terrain of Iowa and beyond. Today, these map collections and guides are actually history books which show us where we have been and how far we have come. Huebinger's Map and Guide for Des Moines For Resident and Stranger was originally published by the Iowa Publishing Company in Des Moines, Iowa in 1910. This reproduction has been enlarged from the original 4.5 inch by 7.5 inch booklet to 6 inches by 9 inches to make it easier to read. The cover and pages have been scanned at high resolution and individually color-corrected to remove imperfections. This Guide was scanned directly from the 1910 original, not from a later scanning. This Guide contains a history of Des Moines from the time it was a Fort at the confluence of the Des Moines and Raccoon Rivers until 1910. There are listings and addresses for the schools, colleges, parks, halls, blocks, public buildings, hotels, asylums, hospitals, clubs, societies, cemeteries, churches, and theaters. It includes a list of towns within a 50 mile radius of Des Moines and the trains that served them. There are photographs of street scenes, a listing of all streets in 1910 Des Moines, and special photographs of the Seven Spires, Iowa Loan and Trust, Wellington Hotel, the Register and Leader, and Jaeger Manufacturing. Also included are pages of

advertisements of the era which are suitable for framing.

**Des Moines** Craig S. McCue, Ron Playle, 2007 The city of Des Moines experienced a rebirth at the beginning of the 20th century. The City Beautiful movement focused on cleaning up the city, starting with a new civic center along the Des Moines River. A progressive wave in city politics organized the Des Moines plan of commission government. Modern streetcars traveled along recently paved roads and newly constructed bridges, while electric lights kept the streets safe at night. The city motto said it all: Des Moines Does Things. This postcard collection showcases the best the city had to offer during that time, as the city changed and prospered, becoming the City of Certainties, through challenges during both world wars, and beyond into the postwar boom, when Des Moines became the crossroads of the nation.

**East Village, Des Moines** Hope Mitchell, 2016-12-05 East Village was not always the fashionable destination it is today. When the first settlers arrived in 1843 on the muddy banks of the Des Moines River, it was in direct violation of a treaty with the local natives. The settlement grew so quickly that by 1855, the fledgling city had been selected to be the state capital, and the building was constructed in East Village. The next century saw rivalries with the western half of the city, the birth and battle of one of the city's largest red-light districts and the construction of some of Des Moines' most prized historic treasures. Historian Hope Mitchell investigates the people and events that shaped the culture and landscape of Des Moines'

most dynamic neighborhood.
