*Black & Decker The Complete Guide to Contemporary Sheds* Philip Schmidt,2008-01-15 A modern guide to classic outdoor structures. Sheds and other landscape shelters have never been out of style, but they are now seeing a remarkable surge in popularity, and are being used in creative new ways. The common garden shed is now just as likely to serve as a workshop for an artist to pursue his or her hobby; or may be used as a writer's retreat; or

may even be equipped with a satellite dish, high definition television, recliners, and used as a meeting spot for Sunday afternoon football parties. In many parts of the country, spacious sheds are being fully appointed with furnishings and used as detached rooms for everyday living or as backyard offices. This book offers readers fuel for their aspirations but also provides practical information for planning and building sheds of all types. Although the basics of stick-building are covered, the book focuses more on the most common consumer option: ordering and buying a kit shed, working from blueprint plans, and customizing the shed to individual needs. Features a planning and design section to help readers create unique shed projects General technique chapter provides an in-depth overview of each step in shed construction Includes easy-to-follow plans and directions for 12 sheds covering all design options Bonus appendix includes a dozen advanced shed plans that can be special-ordered More than three times as many complete plans than any other sheds book

**Sunset Sheds & Garages** Editors of Sunset Magazine, 2013-01-15 Offers plans and designs ranging from simple shelters to greenhouses and explains how to select the right tools and supplies, prepare the site, and frame and build the structure using basic and advanced techniques.
