Dangerous Knowledge Art Simon,2012-12-14 Fifty years ago, the assassination of John F. Kennedy shocked the world and focused attention to the 8mm footage shot by Abraham Zapruder. The event fueled conspiracy theories and repeated viewings of Zapruder's film as seemingly everyone in the world searched for motive and conclusive proof of a single gunman. In his new Preface to this edition of Dangerous Knowledge, Art Simon discusses public fascination with celebrity deaths and recent assassination-related media-from documentaries to scholarly books to the scandalous video game JFK Reloaded-to show that the assassination continues to inspire writers, artists, and filmmakers. Dangerous Knowledge examines the seminal works of art associated with the assassination, including Andy Warhol's silk screens, the underground films of Bruce Conner, and provocative Hollywood films like The Parallax View and JFK. Simon's investigation places assassination art and images within a historical context-one that helps us understand what the assassination has meant to American culture.

Against Ambience Seth Kim-Cohen,2013-12-05 Against Ambience diagnoses - in order to cure - the art world's recent turn toward ambience. Over the course of three short months - June to September, 2013 - the four most prestigious museums in New York indulged the ambience of sound and light: James Turrell at the Guggenheim, Soundings at MoMA, Robert Irwin at the Whitney, and Janet Cardiff at the Met. In addition, two notable shows at smaller galleries indicate that this is not simply a major-donor movement. Collectively, these shows constitute a proposal about what we want from art in 2013. It's impossible to play possum. While we're in the soft embrace of light, the NSA and Facebook are still collecting our data, the money in our bank accounts is still being used to fund who-knows-what without our knowledge or consent, the government we elected is still imprisoning and targeting people with whom we have no beef. We deserve an art that is the equal of our information age. Not one that parrots the age's self-assertions or modes of dissemination, but an art that is hyper-aware, vigilant, active, engaged, and informed. We are now one hundred years clear of Duchamp's first readymades. So why should we find ourselves so thoroughly in thrall to ambience? Against Ambience argues for an art that acknowledges its own methods and intentions; its own position in the structures of cultural power and persuasion. Rather than the warm glow of light or the soothing wash of sound, Against Ambience proposes an art that cracks the surface of our prevailing patterns of encounter, initiating productive disruptions and deconstructions.

The Grateful Dead Reader David Dodd,Diana Spaulding,2000-08-24 Arranged in chronological order, these pieces add up to nothing less than a full-scale history of the greatest tour band in the history of rock. From Tom Wolfe's account of the Dead's first performance as the Grateful Dead (at an Acid Test in 1965), to Ralph Gleason's 1967 interview with the 24-year-old Jerry Garcia, to Mary Eisenhart's obituary of the beloved leader of the band, these selections include not only outstanding writing on the band itself, but also superb pieces on music and pop culture generally. Fans will be fascinated by the poetry, fiction, drawings, and rare and revealing photographs featured in the book, as well as the anthology's many interviews and profiles, interpretations of lyrics, and concert and record reviews. Still, The Grateful Dead was more than a band--it was a cultural phenomenon. For three decades it remained on one unending tour, followed everywhere by a small army of nomadic fans. This phenomenon is both analyzed and celebrated here, in such pieces as Ed McClanahan's groundbreaking article in Playboy in 1972, fan-magazine editor Blair Jackson's 1990 essay on the seriousness of the drug situation at Dead concerts, and Steve Silberman's insightful essays on the music and its fans.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Demise of the American Holiness Movement Darius Salter,Darius L Salter Ph D,2019-04-11 Introduction: Born in 1947, I have lived in two worlds. The first world was pre-cell phone, pre- air conditioner, pre-computer, pre-fast food, pre-microwave, pre-travel, pre-mobility, pre-Walmart, pre-secondary education, pre-secularism, pre-mall, pre-middle class, and pre-consolidation. Most of these are self-evident for anyone my age and perhaps several of them are relevant only to me or the individuals raised in my community or similar communities. For instance, until I was sixteen years old I had never been more than 175 miles west of the small fishing village where I grew up on the coast of North Carolina. Until that time, I would not have been out of the state, except for the fact that as a child of a Navy serviceman, I lived my first seven years in Norfolk, Virginia
