The Great Detective Stories S. S. Van Dine,1927

Detective Stories Peter Washington,2009-10-06 Now, in the appealing and collectible Pocket Classics format, an anthology of beloved, classic detective stories—riveting and irresistibly addictive tales of crimes and those who unravel them. Beginning with modern masters such as Sara Paretsky, Ruth Rendell, and Ian Rankin, this collection works its way back through the golden age of the 1920s and '30s to the genre's source in Edgar Allan Poe and Arthur Conan Doyle. The famous detectives who stalk these pages range from the brilliant and eccentric (Conan Doyle's Sherlock Holmes and Poe's C. Auguste Dupin) to the deceptively unlikely (G. K. Chesterton's humble priest, Father Brown; and Agatha Christie's tweedy spinster, Miss Marple); from the tough-guy private eyes created by Dashiell Hammett and Raymond Chandler to accidental bystanders, such as the perceptive neighbors in Susan Glaspell's haunting "A Jury of Her Peers." From classic whodunits featuring Erle Stanley Gardner's Perry Mason and Georges Simenon's Inspector Maigret to Jorge Luis Borges's postmodern

tribute to Poe in “Death and the Compass,” the stories in this volume will tantalize, perplex, and amaze.

Detective Stories Philip Pullman, 2004-06-21 This book features a marvellous collection of murderous, greedy and immoral villains brought to book by the greatest fictional detectives, who date from the golden age of crime literature as well as the present day. Follow in the footsteps of criminal masterminds and marvel at the inspired deductions of Sherlock Holmes, Hercule Poirot and the brilliant (if timid) Mr Budd. Nick Hardcastle's line drawings make these riveting stories come alive

Detective Stories Philip Pullman, 1998 Enjoy a dazzling display of deductive skills and bravery as the most puzzling cases are solved by the likes of Sam Spade, Hercule Poirot, and Sherlock Holmes.

Detective Stories from the Bible Dr. J. Ellsworth Kalas, 2010-09-01 When we think of a detective story, we often think of murder mysteries. But the Bible contains some different kinds of detective stories. How is it, for instance, that some of the key personalities in the Bible story slip into the story almost unnoticed—like Judah, for example, an ancestor of King David and Jesus Christ. How did the

symbolism of blood in Communion get started? When Cain was warned that the ground would no longer yield for him because he had killed his brother—did that set a precedent for connecting moral behavior with environmental harshness? These themes and many others are investigated in this study, accompanied by a discussion guide.

The Oxford Book of Detective Stories Patricia Craig, 2002 The field of detective fiction is vast, and The Oxford Book of Detective Stories brings together the best short fiction from around the world to show how different nationalities have imposed their own stamp on the genre. As well as English and American stories from acknowledged masters such as Ellery Queen, Dashiell Hammett, and Agatha Christie, the anthology includes stories by Simenon, Conan Doyle, Sarah Paretsky, and Ian Rankin, and roams across Europe and further afield to embrace Japan, Denmark, Holland, Italy, Argentina, Czechoslovakia, and other countries. Women detectives, police procedurals, the amateur sleuth, locked-room mysteries are all here, and in her introduction Patricia Craig examines the figure of the detective in international literature.

The Oxford Book of English Detective Stories Patricia Craig,1992 Essential reading for all armchair detectives, this collection of 33 classic whodunits is the cream of crime writing.

First Class Murder Robin Stevens,2017-04-04 A murdered heiress, a missing necklace, and a train full of shifty, unusual, and suspicious characters leaves Daisy and Hazel with a new mystery to solve in this third novel of the Wells & Wong Mystery series. Hazel Wong and Daisy Wells are taking a vacation across Europe on world-famous passenger train, the Orient Express—and it's clear that each of their fellow first-class travelers has something to hide. Even more intriguing: There's rumor of a spy in their midst. Then, during dinner, a bloodcurdling scream comes from inside one of the cabins. When the door is broken down, a passenger is found murdered—her stunning ruby necklace gone. But the killer has vanished, as if into thin air. The Wells & Wong Detective Society is ready to crack the case—but this time, they've got competition.

Leopold's Way Edward D. Hoch,2013-11-26 From the Edgar Award-winning author: A collection of short detective stories featuring baffling crimes and the brilliant sleuthing of Captain Leopold. On his

way to the circus, a young boy named Tommy pauses for fifteen minutes in a grassy vacant lot. It begins to rain, and by the time the storm has passed, Tommy is dead in the tall grass, strangled with a strong piece of rope. Police suspicion falls on a shifty ex-con employed by the circus, but Captain Leopold isn't satisfied with this too-simple solution. Something strange happened in that vacant lot, and it will take a moment of brilliance to divine what it was. Luckily, Captain Leopold has brilliance to spare. In these stories, he confronts dozens of fiendish puzzles, each murder more astonishing than the last. He is a lonely man, and his city is a cruel one, but only Leopold has the wit to find out the truth.

Murderous Schemes Donald E. Westlake, 1996 An anthology of detective fiction with examples of its sub-genres, armchair detective, the locked room and so on. The first is represented by Agatha Christie's *In Blue Geranium*, where the detective solves a crime from a conversation, the second by *The Leopold Locked Room*, in which a policeman is found in a locked room with his wife killed by his gun, but he didn't do it.

Twelve American Detective Stories Edward D. Hoch,1997 A virtual cornucopia of whodunits from the true masters of the craft, including Edgar Allan Poe, Mary Roberts Rinehart, Craig Rice, Ellery Queen, and Raymond Chandler, this anthology contains some genuine rarities.

Detective Stories from the Strand Jack Adrian,1992 The Strand Magazine, launched in January 1891, was one of the most successful and influential popular magazines of all time. Making its mark immediately with the publication of the first Sherlock Holmes stories, the magazine continued to publish high-quality detective fiction for half a million readers until 1950. Now, in the centenary of its launch, this collection offers twenty-five classic stories of mystery and detection, all first published in the Strand. It features tales of some of the most celebrated detectives of all time--Agatha Christie's Poirot, G.K. Chesterton's Father Brown, and E.C. Bentley's Philip Trent--as well as stories from Sapper, Edgar Wallace, Somerset Maugham, Aldous Huxley, and A.E.W. Mason. And, of course, this volume would not be complete without Sherlock Holmes, who makes his appearance in three classic

cases. With little-known stories by famous authors, and ingenious works by almost-forgotten writers, Detective Stories from the Strand is a treasure trove of remarkable ingenuity, guaranteed to delight all enthusiasts of crime fiction.

Bendel-Simso, 2014-04-25 Although the classic tales of mystery have faded from popular culture, avid collectors and cataloguers have ensured their place in the annals of literature. This anthology offers readers an exemplary sample of the hundreds of detective stories published in 19th century newspapers and magazines. All but two are stories published before 1891, before Sherlock Holmes appeared in America. The stories are categorized according to common motifs, including the largely unexplored field of women in late 19th century detection.
