

Diabetes Doctor

Boris Draznin

My Doctor Says I Have a Little Diabetes Martha Hope McCool,Sandra Woodruff,1998-12-01 The diagnosis of diabetes can at first be very overwhelming. Your mind may be filled with questions—questions about what diabetes is, how you can cope with it, and what the possible complications may be. But the truth is that if you are one of the many people who have type 2 diabetes—also called non-insulin-dependent diabetes—there are many things you can do to control your diabetes. My Doctor Says I Have a Little Diabetes was designed to help you do just that. Written in easy-to-understand language, this book begins by explaining the basics of diabetes and diabetes care. The authors define exactly what diabetes is, and dispel many common misconceptions about this disorder. Each of the remaining chapters looks at a specific aspect of diabetes care. You'll learn how to effectively monitor your glucose level, how to follow a diet that you can live with (and enjoy!), and how to use exercise to maximize diabetes control and enhance your well-being. Still other chapters will help you master any diabetes medication you may be taking, assist you in understanding and controlling high and low blood glucose levels, and teach you to prevent complications. You'll even learn how to handle special situations such as illness and travel. Medical researchers have discovered that good diabetes care does indeed make a difference. Let My Doctor Says I Have a Little Diabetes be your guide to living successfully with diabetes.

A Diabetic Doctor Looks at Diabetes Peter A. Lodewick,1997 Peter Lodewick approaches diabetes controls from a unique perspective. He has been able to see diabetes through the eyes of a patient—which has given him deep empathy to understand the trials of people with diabetes -- and as a physician, which has enabled him to learn from thousands of people how best to live well with the intricacies of diabetes. The book addresses the important concerns of diabetes sufferers and their families head-on. There are sections on blood glucose monitoring, diet, exercise, travel, pregnancy, impotence and more. The focus is not just on how to survive, but rather how to live a normal healthy life. The how-to sections are full of important detail. Personal anecdotes transform the typically dry how-to into a recipe for real living human beings in the real world. The wealth of Dr. Lodewick's direct experience—having lived with diabetes for more than 30 years—combined with professional experience developed over a lifetime make this book an important reference for every person with diabetes. -- Revised, expanded edition -- More than 85,000 copies sold If you have a person with diabetes in the family, this book is a must for your library. -- Pediatrics for Parents

Dr. Eno's Guide to Living Powerfully with Diabetes Eno Nsima-Obot,2011-11-17 During my years in practice as a primary care physician, I discovered that a lot of patients recently been diagnosed or who have been living with diabetes for quite some time had a lot of questions about their disease and do not have the resources with sufficient clarity that they truly 'get it'. With the number of people with diabetes expected to double to 44 million in the next 25 years in the United States, now more than ever, we need to become more aware of measures to prevent or treat early diabetes. In my experience, a typical 15 minute office visit is not enough time to answer all the questions; especially questions that relate to how to live with the knowledge needed to move them forward. As the saying goes, 'knowledge is power'. I have written in a simple and yet illustrative phrases. I have set the book out explaining the different aspects of diabetes care using each letter of the alphabet. By empowering people with knowledge, they are able to make better informed and healthier decisions. In addition to being a physician, I am also trained as a life coach. My goal in this manual is to focus more on wellness than disease. My assertion is that being diagnosed with diabetes does not mean that you cannot live a life that focuses on being healthy and doing things to support your wellbeing. In fact on the contrary it is a call to embrace a wellness lifestyle with enthusiasm and an optimistic attitude.

Living with Diabetes Boris Draznin,2008-06-12 Dr. Boris Draznin offers practical advice for those with diabetes to help them control their blood sugar levels, manage the complications associated with diabetes, and live a long, fulfilling life.

50 Things You Need to Know about Diabetes Kathleen Stanley,2009-09-24 Diabetes self-care explained in 50 easy-to-understand concepts Managing diabetes is sometimes scary—but it doesn't need to be. This book cuts through the confusing and sometimes conflicting information about diabetes and lets you know the most important factors in staying healthy, eating right, and living well with diabetes. With an attractive, eye-catching, 2-color design, this book teaches you everything from picking the right doctor to testing blood sugar to working with an insurance company to get better diabetes care. Every tip is described in a short, easy-to-understand chapter. The author, Kathleen Stanley, is an expert with nearly 20 years experience in diabetes care. This is an invaluable resource for everyone with diabetes who wants to make their lives a little easier—and a lot healthier.

A Diabetic manual for the mutual use of doctor and patient Elliott Proctor Joslin,1918

The Great Physician's Rx for Diabetes Jordan Rubin,2006-07-11 Bestselling author Jordan Rubin, with David Remedios, M.D., shows how to adopt the 7 Keys in The Great Physician's Rx for Health and Wellness to focus aggressively on diabetes and develop a game plan against it.

Diabetes and You Naheed Ali,2011-02-16 Today, there are more than 23 million diabetics in the United States and with that number expected to rise drastically over the next decade the nation is faced with a health crisis of epidemic proportions. For those personally afflicted by this debilitating disease the everyday challenges can often seem overwhelming. In Diabetes and You, Dr. Naheed Ali offers both hope and empowerment to these sufferers and their families. Using the latest findings in clinical and physician studies, this book helps diabetics to successfully combat this disease and its symptoms on a number of fronts. Ali offers not only a hopeful perspective but also new and practical ways to confront and live with this condition. The full scope of diabetes—from its causes to its prevention and from the newest methods of treatment to the effects of diet and mental health—is introduced in simple, non-technical language accessible to all readers. Diabetes and You is both state-of-the-art and user friendly, and emphasizes a whole body approach to this increasingly common, high-profile disease. As a physician and medical lecturer with a long association within the health care industry, Ali presents detailed advice to make coping with diabetes much simpler and easier than ever before. The reader is introduced to groundbreaking information on the risk factors associated with diabetes, the signs and symptoms, the different types of the disease, and how it can crop up in juvenile health. Diabetes and You will motivate diabetics to fight their condition in new and effective ways.

The Diabetes Code Dr. Jason Fung,2018-04-03 FROM NEW YORK TIMES BESTSELLING AUTHOR DR. JASON FUNG • “The doctor who invented intermittent fasting.” —The Daily Mail “Dr. Fung reveals how [type 2 diabetes] can be prevented and also reversed using natural dietary methods instead of medications ... This is an important and timely book. Highly recommended.” —Dr. Mark Hyman, author of The Pegan Diet “Dr. Jason Fung has done it again. ... Get this book!” —Dr. Steven R. Gundry, author of The Plant Paradox Everything you believe about treating type 2 diabetes is wrong. Today, most doctors, dietitians, and even diabetes specialists consider type 2 diabetes to be a chronic and progressive disease—a life sentence with no possibility of parole. But the truth, as Dr. Fung reveals in this groundbreaking book, is that type 2 diabetes is reversible. Writing with clear, persuasive language, Dr. Fung explains why conventional treatments that rely on insulin or other blood-glucose-lowering drugs can actually exacerbate the problem, leading to significant weight gain and even heart disease. The only way to treat type 2 diabetes effectively, he argues, is proper dieting and intermittent fasting—not medication. “The Diabetes Code is unabashedly provocative yet practical ... a clear blueprint for everyone to take control of their blood sugar, their health, and their lives.”—Dr. Will Cole, author of Intuitive Fasting

The Diabetes Reset George King,Royce Flippin,2015-01-13 Imagine controlling—avoiding—reversing!—the “health hazard of the 21st century” (World Health Organization), the disease that afflicts nearly 26 million Americans and is an imminent threat to an additional 80 million adults and children. That’s exactly the promise of The Diabetes Reset by Dr. George King, research director and chief science officer at Harvard’s Joslin Diabetes Center, the world’s largest and most respected diabetes research center, synonymous with revolutionizing the diagnosis, treatment, and prevention of diabetes. Based on the most cutting-edge research—including the groundbreaking discovery of brown fat in adults and its role in

burning calories and enhancing the effects of the body’s own insulin—The Diabetes Reset translates the latest findings into a plan that will let readers avoid, control, and even reverse type 2 diabetes. The program begins with losing weight—and shows why losing only 5% of body weight makes a life-changing difference. It explains how a good’s night sleep can significantly lower blood glucose levels (and why sleep deprivation works in reverse). It disentangles the carbohydrate confusion, reveals how to decrease the body’s inflammatory response, and explains the importance of moderate exercise. There are eight strategies in all—if you implement only one, your type 2 diabetes will improve. Pursue all eight of them, and you can stop type 2 diabetes in its tracks. You can even reverse it—effectively resetting your body’s glucose metabolism for a long, healthy life.

Healing Our Village Lenore T. Coleman,James R. Gavin,2004 If you are one of the 21 million people in the United States diagnosed with diabetes, you may feel frightened and confused. Why did you get this disease? How can you manage it? What about diet, exercise, medications? This can be a terribly difficult time when your doctor first tells you, you have a serious illness. Well help is here! Dr. Lenore T. Coleman and Dr. James R. Gavin, III have written a comprehensive, highly-readable manual on the long-term management of diabetes. You will learn what causes the disease, which medications are used to control it and how they are administered, and how you can avoid complications such as blindness, kidney disease, and amputations. With the right tools, you can lead a long and healthy life despite this disease. Healing Our Village: A Self-Care Guide to Diabetes Control will show you how.

The Diabetes LIFEMAP David Bleich, MD,2020-07-07 The Diabetes LIFEMAP changes the way chronic diabetes care is delivered forever. The LIFEMAP raises diabetes care for the primary care and ancillary healthcare provider to the level of world renown diabetes expert, David Bleich, MD. For patients, the LIFEMAP provides real-time diabetes care that changes a “tough-to-manage” disease into a shared, personal, and efficient management experience. The LIFEMAP can be used as a stand-alone diabetes management tool or can be combined with our cloud based LIFEMAP platform through GoMo Health. Now care can be delivered seamlessly at home for both provider and patient. The Diabetes LIFEMAP is the playbook for 21st century diabetes care. It starts with an understanding of the basic principles of insulin secretion and moves to a discussion of how the LIFEMAP evolved and why it is such a powerful management tool. Finally, case studies are provided to reinforce basic concepts of LIFEMAP diabetes care with real world examples. Taken together, The Diabetes LIFEMAP succeeds in helping healthcare providers overcome a difficult to manage disease and provides patients with an optimal diabetes outcome with the least amount of effort necessary to achieve high level results.

The Type 1 Diabetes Self-Care Manual Wood Jamie,Peters Anne,2017-11-08 The Type 1 Diabetes Self-Care Manual: A Complete Guide to Type 1 Diabetes Across the Lifespan for People with Diabetes, Parents, and Caregivers offers practical, evidence-based and common sense help for people with type 1 diabetes and their caregivers. For the close to 1.5 million people with type 1 diabetes in the United States alone and their family and friends, this book will help them understand the effects of type 1 diabetes, not just when diagnosed, but throughout their lifespan. Dr. Jamie Wood and Dr. Anne Peters, two of the most respected and sought-after endocrinologists, provide an easy-to-follow narrative on all aspects of the disease. The Type 1 Diabetes Self-Care Manual will be the go-to reference for everyone touched by type 1 diabetes.

Understanding Diabetes Rudy W. Bilous,2006 Diabetes affects over one in fifty of the population. Most people who have the condition lead an active and normal life. Advances in our understanding of the disease and improvements in treatment mean that the prospects are better than ever. In this practical guide, a recognised expert explains step by step how people with diabetes can take more responsibility for their own well-being. With plenty of advice on diet, self-monitoring, treatment and maintaining sensible routines, it contains all the information they need to take full control of their diabetes.

Dr. Neal Barnard's Program for Reversing Diabetes Neal Barnard,2018-02-27 Tackle diabetes and its complications for good with this newly updated edition of Dr. Neal Barnard's groundbreaking program. Revised and updated, this latest edition of Dr. Barnard’s groundbreaking book features a new preface, updates to diagnostic and monitoring standards, recent research studies, and fresh success stories of people who have eliminated their diabetes by following this life-changing plan. Before Dr. Barnard’s scientific breakthrough, most health professionals believed that once you developed diabetes, you were stuck with it—and could anticipate one health issue after another, from worsening eyesight and nerve symptoms to heart and kidney problems. But this simply is not true—Dr. Barnard has shown that it is often possible to improve insulin sensitivity and tackle type 2 diabetes by following his step-by-step plan, which includes a healthful vegan diet with plenty of recipes to get started, an exercise guide, advice about taking supplements and tracking progress, and troubleshooting tips.

Everything You Need to Know to Manage Type 2 Diabetes Jennie Brand-Miller,Kaye Foster-Powell B.SC., M. Nutri. & Diet,Stephen Colagiuri,Alan Barclay,2015-06-02 A practical, easy-to-use guide to help you manage type 2 diabetes or prediabetes If you are one of the millions of people living with diabetes or prediabetes, you may feel like you're inundated with information on how to manage your condition. The good news is that we now know a lot more about managing diabetes or reducing your risk of developing it—and here, the world's foremost glycemic index experts share their wisdom. Rather than blind you with science or swamp you with facts, Everything You Need to Know to Manage Type 2 Diabetes sets out clearly and simply what you need to eat and do to help you: Reduce your risk of developing diabetes Improve your insulin sensitivity and your cardiovascular health Keep your blood glucose levels, blood pressure, and blood fats under control Reduce your body fat and maintain a healthy body With tips and strategies for working with your doctor, the most recent info on medications, and guidance on the best foods to eat (at home or at a restaurant), Everything You Need to Know to Manage Type 2 Diabetes offers uncomplicated, straightforward advice to help you survive—and thrive.

Diabetes Doctor Introduction

In todays digital age, the availability of Diabetes Doctor books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Diabetes Doctor books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Diabetes Doctor books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Diabetes Doctor versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Diabetes Doctor books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Diabetes Doctor books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning

they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Diabetes Doctor books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Diabetes Doctor books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Diabetes Doctor books and manuals for download and embark on your journey of knowledge?

FAQs About Diabetes Doctor Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Diabetes Doctor is one of the best book in our library for free trial. We provide copy of Diabetes Doctor in digital format, so the

resources that you find are reliable. There are also many Ebooks of related with Diabetes Doctor. Where to download Diabetes Doctor online for free? Are you looking for Diabetes Doctor PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Diabetes Doctor. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Diabetes Doctor are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Diabetes Doctor. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Diabetes Doctor To get started finding Diabetes Doctor, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Diabetes Doctor So depending on what exactly you are searching, you will be able tochoose ebook to suit your own need. Thank you for reading Diabetes Doctor. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Diabetes Doctor, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Diabetes Doctor is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Diabetes Doctor is universally compatible with any devices to read.
