My Lucky Stars Shirley MacLaine, 2011-05-04 NEW YORK TIMES BESTSELLER • “This book is like nothing you’ve read before about the world of movies—written by a movie star.”—Liz Smith An Academy Award-winning actress and the internationally bestselling author of *Out on a Limb* delivers her touching, warm, and headline-making memoir. In *My Lucky Stars* Shirley MacLaine talks candidly and personally about her four decades in Hollywood, especially about the men and women—her “lucky stars”—who touched and challenged her life. “[MacLaine is] an engaging storyteller. . . . Breezy and entertaining.”—The New York Times Book Review

Lucky Stars: Janet Gaynor and Charles Farrell Sarah Baker, From their first iconic pairing in *7th Heaven* (1927) and in eleven films that followed, Janet Gaynor and Charles Farrell created an unparalleled cinematic romance. Their partnership was so utterly complete that in the minds and hearts of their adoring public, they were as one. Even though both enjoyed successful solo careers—Janet Gaynor won the first Best Actress Oscar and played Vicki Lester in the original *A Star Is Born* (1937) and Charles Farrell enjoyed a successful television career, playing Vern Albright on *My Little Margie*—their work as a team stood out. Even decades after their onscreen partnership ended, any mention of Gaynor in the press merited a mention of Farrell, and vice-versa. Behind the camera, Gaynor and Farrell carried on a secret romance that lasted from their first meeting in 1926 until Gaynor's first marriage in 1929. Supporting and encouraging each other's lives beyond Hollywood, they were able to maintain a mellow friendship that lasted their entire lives. Drawing upon previously unpublished interviews with Charles Farrell and Janet Gaynor, formal interviews with family and friends who knew them best, and meticulous archival research, author Sarah Baker details the fascinating behind the scenes story of the greatest romantic team of all time. The book includes a detailed filmography and is lavishly illustrated with over 100 photographs, many from Charles Farrell's estate. Includes a foreword by director Allison Anders (*Grace of My Heart*, *Things Behind the Sun*).

Diamond Star Girl Judy May Murphy, 2012-10-04 Welcome to Lemony's summer: Lights, camera, action! My name's Lemony, I'm nearly 15, and this is my journal. Things I like: my best friend Ro, Nick Collins, chinchillas, reading and hanging out with friends. Things I DON'T like: my glasses, the way I talk too fast around boys ... I'm too tall and too geeky, and I spend FAR too much time sitting around dreaming my life away. But with a movie being filmed in town, it looks like real life might be getting just as exciting as daydreams - even if they only hire me to make cups of tea while my cool friends get to swan around in front of the camera. Anyway, Ro, my brother Paul and I are going to have fun on the film set - as long as boring Stephen Brown doesn't try to hang out with us...

Were You Born Under a Lucky Star? A. Alpheus, 1996-09 1901 a complete exposition of the science of astrology, adapted from the four books of Ptolemy, the Astronomer, on the art of reading the stars. Contents: Introduction - Human Crystallization; Ptolemy & Modern Science; Necessary Knowledge of Astronom.

Were You Born Under a Lucky Star? An; Alpheus, 2015-06-02 Excerpt from *Were You Born Under a Lucky Star?: A Complete Exposition of the Science of Astrology; Adapted From the Four Books of Ptolemy, the Astronomer, on the Art of Reading the Stars* So many eminent men, eminent both in science and literature, have been secretly interested in astrology of late years, that we may not unreasonably expect before long a public movement toward a scientific investigation of the observed facts in connection with it. And then we may hope that the ordinary man will not burst into peals of laughter at the very mention of the word astrology as he does today. There are several elements which militate against the serious study of astrology. The first and greatest is the almost utter lack in this day of anything approaching a scientific knowledge of mind and emotion. Astrology presumes to point out how mind and emotion are molded. But we must understand mind before we can reasonably go on to an investigation of the causes which made it so. What do the scientists know of love, the most powerful of human emotions! How very small is our knowledge of the natural processes of human observation and deduction! What little we do know, came down to us chiefly from the Greeks. Lucky Stars Lucy Frank, 2014-02-26 On stage is the last place on Earth Kira, Jake, or Eugene want to be. I'm not a human jukebox, Kira tells her dad, or a dancing doll, or a puppet, where you press a button and I'll entertain you! Yet since arriving in New York City, she's had to sing *Amazing Grace* and *Me and Bobby McGee* with him and her two little brothers, Chris and Charlie, for handouts on a subway platform. Singing like an angel. Wanting to stop singing forever. Jake sings, but only in his dreams. In real life he'll do anything to keep his mouth shut because of his stutter. Eugene's greatest dream is that the world will laugh with him and not at him. Eugene sings like a foghorn. Ms. Hill, the school's music teacher, has ambitions for them all. My alto section could use some boys, she tells Jake and Eugene after they've been thrown out of the lunchroom for a kimchi incident, and she spots them eyeing her poster: is there a singer inside you trying to get out? you know you want to sing. join the chorus! Uh, I don't think that would be us, Eugene says. We're nonjoiners. Trust me. This works for everyone. Until Jake meets Kira.

Stars, Stripes and Diamonds Marshall G. Most,Robert Rudd,2018-04-27 Since the Progressive Era, baseball has been promoted as an institution encapsulating the best of American values and capable of bridging the chasms of twentieth century American culture—urban versus rural, industry versus agriculture, individual versus community, immigrant versus native, white versus color. Among the more enthusiastic of the game's proponents have been American filmmakers, and baseball films present perhaps the purest depiction of baseball's vision of an idealized America. This critical study treats baseball cinema as a film genre and explores the functions of baseball ideology as it is represented in that genre. It focuses on how Hollywood's presentation of baseball has served not only to promote dominant values, but also to bridge cultural conflicts. Commentary on 85 films deals with issues of race, community, gambling, players, women, and owners. Instructors considering this book for use in a course may request an examination copy here.

The Lucky Diamond: An Exciting Middle Grade Magical Fantasy Quest, Full of Monsters, Witches, and Adventure ,2021-11-03 The whirlclouds erupted on all sides, buffeting the boat first one way and then the next, sending Alan sprawling from one side of the deck to the other. He couldn't stay on his feet long enough to reach the tiller. Yvonne and Susan clung to the mast. He couldn't see Vicky or Cathy as waves washed over the side, drenching him. When 10 year old Cathy meets Lucky, a magical talking diamond, she and her orphaned siblings readily agree to help Lucky get home to the Rock of Diamonds, situated far from their home in the rundown town of Lowdar, in the furthest reaches of the country on the other side of the monster infested Great Forest. What the five children don't know is that Lucky's enemy, the evil Queen Rose of Cassis, is hunting the Diamond princess and will do anything to stop her, and those helping her, from reaching the Rock of Diamonds. With Lucky's magic waning rapidly and Queen Rose determined to destroy her and the children, can five young orphans possibly succeed in their quest?
