

Diamonds Blaze

Matthew Hart

The Diamond Trade Lillian E. Forman, 2010 This title gives readers a deeper look at the diamond trade and its surrounding conflicts. Readers will learn the history of the diamond trade, including its social, political, and economic effects. Color photos and informative sidebars accompany easy-to-follow text. Features include a table of contents, timeline, facts, additional resources, web sites, a glossary, a bibliography, and an index. Essential Viewpoints is a series in Essential Library, an imprint of ABDO Publishing Company.

Diamond Matthew Hart, 2002 Diamonds are almost completely useless, but are prized above all other gems. Historically they have attracted crimes of passion and awful cold-blooded efficiency, have bedazzled the greatest filmstars and the most opulent courts, and provided the incentive for adventure, destruction and greed on a monumental scale.

The Diamond Master Jacques Futrelle, 1909

Rocks, Ice and Dirty Stones Marcia

Pointon, 2017-03-15 The king of stones, valued since antiquity for their unrivalled hardness, diamonds today are both desired and deplored. Once faceted and polished they glitter on the fingers of brides-to-be and in the ornaments of the super-rich, but their extraction from some of the world's poorest countries remains contentious. Immensely valuable for their size, diamonds can be easily hidden and transported, making them perfect contraband. Diamonds have been widely used in industry since the nineteenth century and have long been valued for their pharmaceutical and

prophylactic properties. This entertaining and richly illustrated book examines the history of the diamond trade through the centuries from India and Brazil to South Africa and Europe and investigates what happens to diamonds once they reach the cutters and polishers. Marcia Pointon takes the reader on a unique tour of the ways in which the quadrahedron diamond shape has inspired design, architecture, and painting, from the symbolism of medieval manuscripts to modern-day graffiti. She questions the etiquette of engagement rings, and she reminds us why and how lost, stolen, or cursed diamonds create suspense in so many classic novels and films. This compelling and fascinating account of the history of sparklers around the world will appeal to all who covet, as well as all who despise, the unparalleled brilliance and glitter of the diamond.

A memoir on the diamond John MURRAY (F.S.A., F.L.S., etc.), 1831

Diamonds William Crookes, 2022-07-21 *Diamonds* by William Crookes is an early 20th century non-fiction book that somehow manages to capture audiences as if it were a thrilling adventure. Crookes explores the diamond sector in this book, including the world of fake diamonds, which were already a popular substitute for the gem over a century ago when this book was written.

Diamond & Legend 2 Toy,2021-10-20 Legend and Diamond were off to a good start until the night she never came home from work. Vowing not to rest until she is found and everyone involved with her going missing receives consequences for their actions, Legend will not only get to the bottom of Diamond's disappearance, but he will also unearth more betrayal and hate. Diamond faces the dilemma where her next move could determine the rest of Legend's life, as well as hers. Which path will she choose? She can either feed them the information they are looking for or simply tell the truth. Justin and Ashera can't seem to make things right with their situationship. It always seems as if they are on opposite pages. However, when the back-and-forth becomes too much for them, who will be the one to take a stand? Alannah is left confused, hurt, and depressed. She has graduation to look forward to. However, she must confront the scourge of her pain. When she so happens to be put in the same space as the man who shows her what the phrase he is my protector really means, will she welcome him? Or run as fast as she can in the other direction? In this next installment, we find out what diamonds and legends are made of. Love is a beautiful thing when handled properly. Love is just a word when betrayal, lies, secrets, and wars threaten its existence.

The Diamond as Big as the Ritz Illustrated F Scott Fitzgerald,2021-01-19 John T. Unger, a teenager from the Mississippi River town of Hades, is sent to a private boarding school near Boston.

During the summer he visits the homes of his classmates, the majority of whom are from wealthy families. In the middle of his sophomore year, a young man named Percy Washington is placed in Unger's dorm. He rarely speaks, and when he does, it is only to Unger. Percy invites Unger to his home for the summer, the location of which he only states as being in the West. Unger accepts. During the train ride Percy boasts that his father is by far the richest man in the world, and boasts that his father has a diamond bigger than the Ritz-Carlton Hotel. Unger later learns that he is in Montana, in the only five square miles of land in the country that's never been surveyed, and Percy's boasts turn out to be true. Cover of a book of stories containing the novella. Percy's ancestry traces back to both George Washington and Lord Baltimore. His grandfather, Fitz-Norman Culpepper Washington, decided to leave Virginia and head west with his slaves to enter the sheep and cattle ranching business. However, on his claim he discovered not only a diamond mine, but a mountain consisting of one solid diamond. Washington immediately finds himself in a quandary; the value of diamonds multiplied by the sheer number available for him to mine would make him the richest man ever to live, but, based on the economic law of supply, the sheer number of diamonds, if ever discovered by outsiders, would drive their value to near zero, thus making him a pauper. He immediately hatches a plan, whereby his brother reads to the African-American slaves a fabricated proclamation by General Nathan Bedford Forrest that the South had defeated the North in

the American Civil War, thus keeping them in perpetual slavery. Washington travels the world selling only a few diamonds at a time, in order to avoid flooding the market, but enough to give him enormous wealth. Apart from enslaving people, the Washington family goes to further appalling lengths in order to keep their diamond a secret. Airmen who stray into the area are shot down, captured, and kept in a dungeon. People who visit are killed and their parents told that they have succumbed to an illness while staying there.

The Quest for the Diamond Sword Winter

Morgan, 2014-08-12 For every boy and girl who loves Minecraft, an adventure novel from bestselling author Winter Morgan. Steve lives on a wheat farm. He has everything he needs to live in the Minecraft world: a bed, a house, and food. Steve likes to spend his mornings in the NPC village and trade his wheat for emeralds, armor, books, swords, and food. One morning, he finds that Zombies have attacked the villagers. The Zombies have also turned the village blacksmith into a Zombie, leaving Steve without a place to get swords. To protect himself and the few villagers that remain, Steve goes on a quest to mine for forty diamonds, which are the most powerful mineral in the Overworld. He wants to craft these diamonds into a diamond sword to shield him and the villagers from the Zombies. Far from his home, with night about to set in, Steve fears for his life. Nighttime is when users are most vulnerable in Minecraft. As he looks for shelter in a temple, he meets a trio of treasure hunters, Max, Lucy, and Henry, who are trying to unearth the treasure

under the temple. Steve tells them of his master plan to mine for the most powerful mineral in the Overworld—the diamond. The treasure hunters are eager to join him. Facing treacherous mining conditions, a thunderstorm, and attacks from hostile mobs, these four friends' question if it's better to be a single player than a multiplayer, as they try to watch out for each other and chase Steve's dream at the same time. Will Steve find the diamonds? Will his friends help or hinder the search? Should he trust his new treasure hunter friends? And will Steve get back in time to save the villagers?

The Romance and Reality of the Vaal Diamond

Diggings George Beet, Thomas Laurent Terpend, 1917

The Diamond's Journey Susanne Steiner, 2017-09-28

The Diamond's Journey begins in California in 2005, when a woman receives a diamond ring as part of an inheritance. She is the fourth person she knows of to have worn the ring. Upon discovering the ring is over 100 years old, she realizes there must have been others who had the opportunity to wear the ring as well. This launches the story of how and where the diamonds were discovered, the trader who obtained them, their journey to France, only to be sold in their raw state to an American collector, who re-sells them to the famed JP Morgan, who gives them as a bonus to a young protégé, who has them cut and polished in the new 'ideal cut' in order to propose to his future bride. The ring is then left in a drawer and forgotten until it is found again and used to negotiate freedom, as a gift for saving a life, bartered for food, presented as a gift, and re-

used as an engagement ring. It is gifted in appreciation, and passed down from a mother to a daughter, and then a daughter-in-law.

Diamond Legacy Monica McCabe, 2021-07-26 Diamonds ruined his life and he's on a path of revenge. Until the day a protective zoologist stood in his way, forcing a choice he never intended to make. "Between stakeouts and molotov cocktails, there's non-stop action that had me on the edge of my seat." Driven: Miranda Parrish is a world-renowned veterinarian specialist with expertise in endangered species. She's fearless and will go anywhere an animal is in need. But when she journeys to Katanga, an animal sanctuary in the heart of Botswana, she falls into a diamond smuggling operation and interferes with an undercover investigation. Merciless: Special agent Matt Bennett's parents were murdered by a ruthless arms dealer when he was fourteen. He's fiercely committed to avenging their deaths and curbing the cycle of violence threatening southern Africa. Diamonds always lead to weapons and he'd followed the trail straight to Katanga. Posing as an employee, he had every intention of busting the source wide open. Collision: He never expected to battle a stubborn vet, one who let nothing stand in the way of protecting her clientele. When she comes between him and the vengeance he craves, sparks begin to fly. Surrounded by veiled threats, Matt and Miranda must find common ground in order to save Katanga, and both of their lives, before justice slips away. Diamond Legacy is the first stand-alone book in the Jewel Intrigue series and an unlikely romance between two opposites. It

keeps you turning pages with high risk and daring action, a klepto monkey named Roz, and a charismatic secondary character that threatens to steal the show. Race into adventure with all three Jewel books today! Jewel Intrigue Series Diamond Legacy Emerald Fire Phantom Pearl

Diamond Matthew Hart,2002 An examination of the diamond trade, telling the stories of some of the more colorful characters who mine and market the valuable gems, and discussing the dark side of dealing in diamonds.
