🔍 **Webcomics** Steven Withrow, John Barber, 2005 This instructive guide to an exciting new art medium was written for the cartoonist who knows a lot about drawing, color, and design, but doesn't know how to apply his talents to computer technology. Webcomics shows artists how to get into the fast-growing field of online comics. Created digitally and distributed on the Internet--some for free; others on subscription--webcomics range in style from traditional looking cartoon strips to innovative works that often integrate imagery from photography, video, and other visual arts. This book offers detailed advice on how to design, create, and publish online comics. It also showcases the best webcomics work being produced today. Interviews with leading artists walk readers through all the essential steps in the various creative processes, starting with a story idea and developing it into a finished graphic narrative. More than 400 full-color illustrations, diagrams, and examples of webcomics works.

🔍 **The Plum in the Golden Vase or, Chin P'ing Mei, Volume Two**, 2013-05-02 In this second of a planned five-volume series, David Roy provides a complete and annotated translation of the famous Chin P'ing Mei, an anonymous sixteenth-century Chinese novel that focuses on the domestic life of His-men Ch'ing, a corrupt, upwardly mobile merchant in a provincial town, who maintains a harem of six wives and concubines. This work, known primarily for its erotic realism, is also a landmark in the development of narrative art--not only from a specifically Chinese perspective but in a world-historical context. With the possible exception of The Tale of Genji (1010) and Don Quixote (1615), there is no earlier work of prose fiction of equal sophistication in world literature. Although its importance in the history of Chinese narrative has long been recognized, the technical virtuosity of the author, which is more reminiscent of the Dickens of Bleak House, the Joyce of Ulysses, or the Nabokov of Lolita than anything in the earlier Chinese fiction tradition, has not yet received adequate recognition. This is partly because all of the existing European translations are either abridged or based on an inferior recension of the text. This translation and its annotation aim to faithfully represent and elucidate all the rhetorical features of the original in its most authentic form and thereby enable the Western reader to appreciate this Chinese masterpiece at its true worth.

🔍 **Author Under Sail** James (Jay) W. Williams, 2014-11-01 In Author Under Sail, Jay Williams offers the first complete literary biography of Jack London as a professional writer engaged in the labor of writing. It examines the authorial imagination in London's work, the use of imagination in both his fiction and nonfiction, and the ways he defined imagination in the creative process in his business dealings with his publishers, editors, and agents. In this first volume of a two-volume biography, Williams traverses the years 1893 to 1902, from London's "Story of a Typhoon" to The People of the Abyss. The Jack London who emerges in the pages of Author Under Sail is a writer whose partnership with publishers, most notably his productive alliance with George Brett of Macmillan, was one of the most formative in American literary history. London pioneered many author models during the heyday of realism and naturalism, blurring the boundaries of these popular genres by focusing on absorption and theatricality and the representation of the seen and unseen. London created an impassioned, sincere, and extremely personal realism unlike that of other American writers of the time. Author Under Sail is a literary tour de force that reveals the full range of London as writer, creative citizen, and entrepreneur at the same time it sheds light on the maverick side of machine-age literature.
