**Digital Feminisms** Christina Scharff, Carrie Smith-Prei, Maria Stehle, 2018-04-19 The relative rise or decline of feminist movements across the globe has been debated by feminist scholars and activists for a long time. In recent years, however, these debates have gained renewed momentum. Rapid technological change and increased use of digital media have raised questions about how digital technologies change, influence, and shape feminist politics. This book interrogates the digital interface of transnational protest movements and local activism in feminist politics. Examining how global feminist politics is articulated at the nexus of the transnational/national, we take contemporary German protest culture as a case study for the manner in which transnational feminist activism intersects with the national configuration of feminist political work. The book explores how movements and actions from outside Germany's borders circulate digitally and resonate differently in new local contexts, and further, how these border-crossings transform grass-roots activism as it goes digital. This book was originally published as a special issue of Feminist Media Studies.

On October 22, 1962, President Kennedy orders the US Navy to search all ships en route to Cuba. For six tense days, a frightened world watches as the two most powerful nations on Earth edge toward war. On October 28, under intense pressure, the Soviet Union agrees to dismantle its bases. The Cuban missile crisis is over. Or is it? Pensacola, Florida, 1987. Two naval officers of the Satellite Surveillance Group who have been tracking a Soviet Foxtrot class submarine suddenly come upon a mysterious VLCC supertanker—identity unknown. Hundreds of miles away in Houston, handsome millionaire industrialist Theodor Churcher takes off in his private helicopter for a clandestine rendezvous with the Soviet submarine in the Gulf of Mexico. Several days later, children playing on a beach in Louisiana find a severed arm floating in the surf—the fingerprints are those of Theodor Churcher. The final ominous moves in a brilliant Soviet strategy that began with the Cuban missile crisis are set in motion. Devastated by his father’s death, young Andrew Churcher undertakes a dangerous mission to the Soviet Union to recover stolen blueprints that would not only avert the unfolding nightmare, but might cleanse his father’s honor of the suspicion of treason. As he tracks a complex trail of move and countermove, Churcher is embroiled in a violent power struggle between two arms of Soviet intelligence. What Churcher doesn’t know is that he is to be the bait in a deadly Soviet trap. **The Red Scream** Mary Willis Walker, 2015-01-21 Texas-based crime reporter Molly Cates has just published her first book, describing the blood-curdling exploits of serial killer Louie Bronk. Now on death row, Louie's sentence is about to be carried out. Molly will be there as a witness, and she wants to write about it--the final coda to Louie's story. But suddenly, she's being strongly discouraged by her boss at the Lone Star Monthly and by Charlie McFarland, the millionaire real estate developer whose first wife, Tiny, was Bronk's most famous victim--and the only one whose murder is a capital offense. Then Molly starts to receive dark hints that Louie may not have killed Tiny after all. There is another murder following Louis's M.O.--one he could not have committed. The veracity of Molly's book is threatened--and then her very life. Caught between a rock and a hard place, Molly realizes that by attempting to save Louis she is putting her own life on the line, and discrediting her own work. Mary Willis Walker brings a lusty new voice to the mystery scene. Already recognized for her first novel, she has now created a character just cheeky and gusty enough to take her place among the top ranks of female protagonists such as Kinsey Millhone and Kay Scarpetta.

**Devil in the Red Dress** Abigail Rieley, 2015-01-07 Ireland has been gripped by the story of a housewife from County Clare who, when her millionaire partner refused to marry her, googled a hitman and arranged to have him killed. Over the course of almost two months, the story of Lyingeyes and Hire\_hitman unfolded in a flurry of emails. The website, hitmanforhire.net might have looked amateurish and carried a disclaimer but it attracted serious interest. One person who was interested was Sharon Collins, the 'devil in the red dress'. Desperate to get her hands on a share of her partner's fortune, she took drastic action. She turned to Google to solve her problem. A Mexican marriage certificate was obtained but wasn't enough. On 8 August 2006, she contacted hitmanforhire.net and started to arrange the hit. This is one of the most bizarre stories to ever appear before an Irish court.

Filled with intrigue, betrayal, sex, money and would-be murder, it has all the ingredients for a best-selling thriller. This book will prove to its readers that truth is, indeed, stranger than fiction.

Is there any truth to rumors of an insect, a bibekey, whose bite confers youth and health? Lindstrom ridicules the native stories . . . until he discovers the frightening truth. The Chapter will stop at nothing to exploit such a priceless discovery.
