Effortless Healing Dr. Joseph Mercola, 2016-09-27 Let your body do the work... Do you have to tell your leg to heal from a scrape? Your lungs to take in air? Your body that it's hungry? No. Your body does these things automatically, effortlessly. Vibrant health is your birthright and within your grasp; you just have to step out of the way. In Effortless Healing, online health pioneer, natural medicine advocate, and bestselling author Dr. Joseph Mercola reveals the nine simple secrets to a healthier, thinner you. The results are amazing and the steps can be as easy to implement as: • Throwing ice cubes in your water to make it more "structured" • Skipping breakfast, as it could be making you fat • Eating up to 75 percent of your calories each day in fat for optimal health, reduction of heart disease, and cancer prevention • Avoiding certain meat and fish, but enjoying butter • Eating sauerkraut (and other fermented foods) to improve your immune system and your mood • Walking barefoot outside to decrease system-wide inflammation (and because it just feels great) • Enjoying a laugh: it's as good for your blood vessels as fifteen minutes of exercise Effortless Healing is the distillation of decades of Dr. Mercola's experience and cutting-edge medical knowledge. The Diet Fix Yoni Freedhoff M.D., 2014-03-04 With The Diet Fix, weight loss expert Dr. Yoni Freedhoff offers a groundbreaking, useable guide to begin living happily while losing weight permanently. It is time to break the cycle of traumatic dieting. Despite the success stories publicized by Atkins, South Beach, Weight Watchers, and others, 90% of all diets end in failure. How can we fix

the way we lose weight so that we make results last? Whether used on its own or in conjunction with any other diet, Dr. Freedhoff's program shows how to replace a toxic dieting mindset with positive beliefs and behaviors. Dr. Freedhoff has uncovered the flawed thinking that sabotages even the most earnest weight loss efforts. The majority of dieting or weight loss programs call for regular sacrifice: Give up an entire food group; fight hunger day and night; undertake exhausting and grueling exercise regiments. These approaches are unrealistic, unhealthy, and make it nearly impossible to maintain results. Now, at last, there is hope. In *The Diet Fix*, Dr. Freedhoff offers a tested program for breaking down the negative thought patterns that prevent people from losing weight and keeping it off. Through the course of years of research and patient treatment, he has developed a 10-Day Reset that supports losing weight while maintaining a healthy, enjoyable lifestyle. This reset is designed to eliminate the habits that so often lead to weight gain: use it to shut down cravings, prevent indulgences from turning into binges, and break up with the scale once and for all. The 10-Day Reset can make any diet more effective, whether it's low-carb, low-fat, meal replacement, calorie tracking, or anything in between.
