The Dinosaur Knights Victor Milán, 2016-07-05 Paradise is a sprawling, diverse, often cruel world. There are humans on Paradise but dinosaurs predominate: wildlife, monsters, beasts of burden, and of war. Armored knights ride dinosaurs to battle legions of war-trained Triceratops and their upstart peasant crews. Karyl Bogomirsky is one such knight who has chosen to rally those who seek a way from the path of war and madness. The fact that the Empire has announced a religious crusade against this peaceful kingdom, the people who just wish to live in peace anathema, and they all are to be converted or destroyed doesn't help him one bit. Things really turn to mud when the dreaded Grey Angels, fabled ancient weapons of the Gods who created Paradise in the first place come on the scene after almost a millennia. Everyone thought that they were fables used to scare children. They are very much real. And they have come to rid the world of sin...including all the humans who manifest those vices. THE DINOSAUR KNIGHTS is the second in Victor Milan's lush, exotic tale about knights. Knights riding dinosaurs. The Dinosaur Lords Series #1 The Dinosaur Lords #2 The Dinosaur Knights #3 The Dinosaur Princess At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Monsters and Monstrosity in Media: Reflections on Vulnerability** Yeojin Kim, Shane Carreon, 2024-04-16 As monstrous bodies on-screen signal a wide range of subversive destabilization of the notions of identity and community, this anthology asks what meanings monsters and monstrosity convey in relation to our recent circumstances shaped by neoliberalism and the pandemic that have led to the intensified tightening of border controls by nation-states, the intensive categorization of (un)identifiable bodies, and subsequent forms of isolations and detachments imposed by social distancing and the rapid transition of sociality from reality to virtual reality. Presenting various thinkings along the lines of the body and its representations as cultural text, together with popular or recent media productions showing various bodies deemed to be monstrous as they either cross conventionally held borders or stay in liminal spaces such as between human-animal, human-machine, virtual bodies-corporeal flesh, living-death, and other permeable borders, this volume looks into the on-screen constructions of the monster and monstrosity not only as they represent notions of difference, perceived (non)belongings, and disruptions of traditional identity markers, but also as they either conceal various vulnerabilities or implicitly endorse violence towards the labeled Other.

**Dino-Mike and the Underwater Dinosaurs** Franco Aureliani, 2015-10-01 Dino-Mike is going deep into Atlantic Ocean in this chapter book adventure!
