The Magic of Disneyland and Walt Disney World Valerie Childs, Ted Smart, David Gibbon, 1979

Walt Disney's The Life of Donald Duck Walt Disney Productions, 1994 Describes the life of the Walt Disney star, Donald Duck.

Motherfumbler Vicki Murphy, 2013 I always knew I'd be the perfect mother. So far, I've perfected the fetal position. When Vicki Murphy brought her new baby home from the hospital, she expected to be greeted by fluttering butterflies and harp-strumming cherubs. You know: the way it is in diaper commercials and the Yay, You're Preggers! books. LIAR, LIAR, MATERNITY PANTS ON FIRE! Instead, she had a baby boy who didn't sleep for a year, whose cry was the official anthem of Hades, and who could suck the nipples off a cyborg. That's just the beginning of this collection of tell-it-like-it-is rants and musings from the creator of MotherBlogger.ca and mother of the fiery-spirited (and fiery-haired) boy better known as Turbo Ginger. Murphy brings her inimitable voice to a book about mothering that fills in what the other how-to guides leave out - and reminds us that when it comes to parenting, we're all motherfumblers, feeling our way along in the dark, doing the best we can, hoping to come out with our minds intact and a kid we haven't screwed up - too badly.

Eight Little Piggies: Reflections in Natural History

Stephen Jay Gould, 2010-11-29 There is no scientist today whose books I look forward to reading with greater anticipation of enjoyment and enlightenment than Stephen Jay Gould.—Martin Gardner Among scientists who write, no one illuminates as well as Stephen Jay Gould does the wonderful workings of the natural world. Now in a new volume of collected essays—his sixth since *Ever Since Darwin*—Gould speaks of the importance of unbroken connections within our own lives and to our ancestral generations. Along the way, he opens to us the mysteries of fish tails, frog calls, and other matters, and shows once and for all why we must take notice when a seemingly insignificant creature is threatened,

like the land snail Partula from Moorea, whose extinction he movingly relates.

Scandals of Classic Hollywood Anne Helen

Petersen, 2014-09-30 Celebrity gossip meets history in this compulsively readable collection from BuzzFeed reporter Anne Helen Peterson. This guide to film stars and their deepest secrets is sure to top your list for movie gifts and appeal to fans of classic cinema and hollywood history alike. Believe it or not, America's fascination with celebrity culture was thriving well before the days of TMZ, Cardi B, Kanye's tweets, and the #metoo allegations that have gripped Hollywood. And the stars of yesteryear? They weren't always the saints that we make them out to be. BuzzFeed's Anne Helen Petersen, author of Too Fat, Too Slutty, Too Loud, is here to set the record straight. Pulling little-known gems from the archives of film history, Petersen reveals eyebrow-raising information, including: • The smear campaign against the original It Girl, Clara Bow, started by her best friend • The heartbreaking story of Montgomery Clift's rapid rise to fame, the car accident that destroyed his face, and the "long suicide" that followed • Fatty Arbuckle's descent from Hollywood royalty, fueled by allegations of a boozy orgy turned violent assault • Why Mae

West was arrested and jailed for indecency charges • And much more Part biography, part cultural history, these stories cover the stuff that films are made of: love, sex, drugs, illegitimate children, illicit affairs, and botched cover-ups. But it's not all just tawdry gossip in the pages of this book. The stories are all contextualized within the boundaries of film, cultural, political, and gender history, making for a read that will inform as it entertains. Based on Petersen's beloved column on the Hairpin, but featuring 100% new content, *Scandals of Classic Hollywood* is sensationalism made smart.

From getting ready in the morning, through heading to work, going to a party, having sex and falling back to sleep, *Breakfast with Socrates* provides an hour-by-hour commentary on what history's greatest philosophers have said about the meaning behind everything we do. A fascinating exploration of our daily lives, *Breakfast with Socrates* also draws on literature, art, politics and psychology to offer an informal introduction to the history of ideas that will help anyone to think more healthily. *Breakfast* will never be the same again...

The Thinking Christian Woman Helen Kooiman Hosier,1988

Transnational LGBT Activism Ryan R. Thoreson,2014-11-01

The International Gay and Lesbian Human Rights Commission (IGLHRC) was founded in 1990 as the first NGO devoted to advancing LGBT human rights worldwide. How, this book asks, is that mission translated into practice? What do transnational LGBT human rights advocates do on a day-to-day basis and for whom? Understanding LGBT human rights claims is impossible, Ryan R. Thoreson contends, without knowing the answers to these questions. In Transnational LGBT Activism, Thoreson argues that the idea of LGBT human rights is not predetermined but instead is defined by international activists who establish what and who qualifies for protection. He shows how IGLHRC formed and evolved, who is engaged in this work, how they conceptualize

LGBT human rights, and how they have institutionalized their views at the United Nations and elsewhere. After a full year of in-depth research in New York City and Cape Town, South Africa, Thoreson is able to reconstruct IGLHRC's early campaigns and highlight decisive shifts in the organization's work from its founding to the present day. Using a number of high-profile campaigns for illustration, he offers insight into why activists have framed particular demands in specific ways and how intergovernmental advocacy shapes the claims that activists ultimately make. The result is a uniquely balanced, empirical response to previous impressionistic and reductive critiques of Western human rights activists—and a clarifying perspective on the nature and practice of global human rights advocacy.
