A Walker's Alphabet Anthony Linick,2011-01-12 For those who need encouragement in taking up the pleasures of the long-distance footpath, a good beginning might be Chapter 1 (A: Adventure). If you want to know what to bring with you, look at Chapter 12 (L: Lists) and if you want to consider whom to bring with you, check out Chapter 3 (C: Companions), Chapter 11 (K: Kids) or even 4 (D: Dogs). If you need some hints on where to head, particularly in Britain, consider Chapter 22 (V: Viewpoints); in the U.K. you will also find use for Chapter 20 (T: Transportation), Chapter 2 (B: Bed & Breakfast), Chapter 8 (H: Hotels), Chapter 16 (P: Pubs), Chapter 25 (Y: Youth Hostels), Chapter 6 (F: Food) and Chapter 23: (W: Weather). How to cope with health crises is discussed in Chapter 9 (I: Illness and Injury). What your feet will encounter on British footpaths is illustrated in Chapter 19 (S: Surfaces); human encounters are discussed in Chapter 5 (E: Encounters) and animal ones in Chapter 26 (Z: Zoo Story). Typical trailside chatter is revealed in Chapter 17 (Q: Questions). How to select and use an appropriate guidebook is covered in Chapter 7 (G: Guidebooks), maps in Chapter 13 (M: Maps), and hints on figuring it all out on the ground in Chapter 18 (R: Route finding). What to do when your route is blocked is considered in Chapter 15 (O: Obstruction!), how to react when you get lost in Chapter 24 (X: X The Unknown) and when to call it a day in Chapter 10 (J: Judgment). Finally, if you want a quick insight into the reliability or even the sanity of the present author, check out his catalogue of grievances in Chapter 21 (U: Unforgiven) or his rambling obsessions in Chapter 14 (N: Neurotica).

The Discovery of France: A Historical Geography Graham Robb,2008-10-17 A witty, engaging narrative style...[Robb's] approach is particularly engrossing. —New York Times Book Review A narrative of exploration—full of strange landscapes and even stranger inhabitants—that explains the enduring fascination of France. While Gustave Eiffel was changing the skyline of Paris, large parts of France were still terra incognita. Even in the age of railways and newspapers, France was a land of ancient tribal divisions, prehistoric communication networks, and pre-Christian beliefs. French itself was a minority language. Graham Robb describes that unknown world in arresting narrative detail. He recounts the epic journeys of mapmakers, scientists, soldiers, administrators, and intrepid tourists, of itinerant workers, pilgrims, and herdsman with their millions of migratory domestic animals. We learn how France was explored, charted, and colonized, and how the imperial influence of Paris was gradually extended throughout a kingdom of isolated towns and villages. The Discovery of France explains how the modern nation came to be and how poorly understood that nation still is today. Above all, it shows how much of France—past and present—remains to be discovered. A New York Times Notable Book, Publishers Weekly Best Book, Slate Best Book, and Booklist Editor's Choice.

Dixie Walker Lyle Spatz,2014-01-10 Over the course of fifty years in the mid-twentieth century, Fred “Dixie” Walker lived several baseball lives. Dubbed the successor to Babe Ruth after his impressive major league debut in 1931, Walker went from sure-fire prospect to injury-plagued underachiever, to Brooklyn hero, to persona non grata because of his complicated relationship with Jackie Robinson, and finally to redeemed, well-respected minor league manager and major league batting coach. The only player to have been a teammate of both Babe Ruth and Jackie Robinson, Walker is remembered too often for the charge that he tried to keep Robinson from joining the Dodgers. This illuminating biography covers Walker’s rollercoaster career, revealing him to be a gentle man, a fiery competitor, and one of the most colorful characters of baseball’s most memorable era.

Commander Walker Robert Llewellyn Jones,2022-06-26 At a time of peace during the Napoleonic wars, James Jenkins, a Royal Navy captain, is found suspended under a dockyard pier in a cage. He is rescued just before the tide drowns him. Jenkins, driven mad by his ordeal, is confined to a private asylum by the Admiralty. Admiral William Burns, suspecting that this attempt on Jenkins’ life is tied to the loss of his ship and its cargo of gold, tasks a young commander, Albert Walker, to investigate the incident. This compelling story of theft, murder and betrayal moves from London to the dockyards to the high seas and the Caribbean as the commander and a trusted friend, Lieutenant Samuel Mink, risk their lives to unravel the mystery.

The Walker Matthew Beaumont,2021-11-09 From Charles Dickens’ London to today’s megacities, a fascinating exploration of what urban walking tells us about modern life—for fans of Rebecca Solnit, Olivia Laing’s *The Lonely City*, and literary history. “A labyrinthine journey into the literature of walking and thinking,” as seen in the lives and works of Edgar Allan Poe, Virginia Woolf, Ray Bradbury, and other literary greats (Guardian). There is no such thing as a false step. Every time we walk we are going somewhere. Especially if we are going nowhere. Moving around the modern city is not a way of getting from A to B, but of understanding who and where we are. In a series of riveting intellectual rambles, Matthew Beaumont retraces episodes in the history of the walker since the mid-19th century. From Dickens’s insomniac night rambles to restless excursions through the faceless monuments of today’s neoliberal city, the act of walking is one of self-discovery and self-escape, of disappearances and secret subversions. Pacing stride for stride alongside literary ambler and thinkers such as Edgar Allan Poe, André Breton, H. G. Wells, Virginia Woolf, Jean Rhys and Ray Bradbury, Beaumont explores the relationship between the metropolis and its pedestrian life. Through these writings, Beaumont asks: Can you get lost in a crowd? What are the consequences of using your smartphone in the street? What differentiates the nocturnal metropolis from the city of daylight? What connects walking, philosophy and the big toe? And can we save the city—or ourselves—by taking to the pavement?

Walker Finds a Way Robert Hughes,2016-01-21 Most people would describe Walker Hughes as warm, enthusiastic and charismatic - even if he doesn't say very much. But after several happy years living in a group home, Walker descended into a deep unhappiness, and his parents were told that their son with low-functioning autism was 'unmanageable' and a danger to others. Where did it all go wrong? From the author of Running with Walker, this witty and touching memoir tells a story of crisis and recovery of a young man with low-functioning autism. Battling miscommunication, misinterpreted behaviour and a lack of appropriate services, Walker and his parents' resilience shines through, providing a much-needed portrayal about what life is like for adults with low-functioning autism, and how we can understand the complex personalities of people with communication difficulties.

Walking on Malta Paddy Dillon,2016-03-31 This guidebook describes 33 half- and full day walks on the islands of Malta, Gozo and Comino. The routes range from 2.5-30km, beginning with a short heritage trail around the city of Valletta. Then follows a series of walks around the coastline of Malta, with a final few moving inland to explore the island's interior, before a description of the Heritage Trail around Mdina and Rabat. Walks on Gozo start with a heritage trail around Victoria, followed by a clockwise exploration of spectacular coastal walking that allows a complete circuit of the island. The final walk on Gozo wanders over a series of little hills further inland, while the last walk in the book might be the best of them all: a circuit around the lovely little island of Comino. The guidebook also gives details of accommodation, transport and tourist information. Malta may be known as a tourist destination, but it also offers plenty of historic walks, stunningly beautiful and dramatic architecture and excellent scenery, especially around the cliffs and coastlines.
