Divvy Up Stephen Marlowe, 2023-01-03 In a post-apocalyptic city, scavenger Hardesty schemes to steal valuables off a condemned man's corpse. When his partner jumps the gun, killing the man early, Hardesty stays behind to loot the body. But the man's vengeful widow catches him red-handed. After a bombing raid, he flees with his paltry gains, now hunted by the widow, his partner, the law, and fate itself. This gritty tale paints a chilling portrait of society reduced to its basest impulses. Yet glimmers of humanity persist -- even in the ruins...

Neoliberal Chicago Euan Hague, 2016-12-12 The neoliberal philosophy of fiscal austerity aligned with reduced regulation has transformed Chicago. As pursued by mayor Rahm Emanuel and his predecessor Richard M. Daley, neoliberalism led officials to privatize everything from parking meters to schools, gut regulations and social services, and promote gentrification wherever possible. The essayists in *Neoliberal Chicago* explore an essential question: how does neoliberalism work on the ground in today's Chicago? Contextual chapters explore race relations, physical development, and why Chicago embraced neoliberalism. Other contributors delve into aspects of the neoliberal vision, neoliberalism's impact on three iconic city spaces, and how events like the 2008 foreclosure crisis and the bid to attract the Olympic Games reveal the workings of neoliberalism. Contributors: Stephen Alexander, Larry Bennett, Michael Bennett, Carrie Breitbach, Sean Dinces, Kenneth Fidel, Roberta Garner, Euan Hague, Black Hawk Hancock, Christopher Lamberti, Michael J. Lorr, Martha Martinez, Brendan McQuade, Alex G. Papadopoulos, Rajiv Shah, Costas Spirou, Carolina Sternberg, and Yue Zhang.

The Complete Works of W.H. Auden W. H. Auden, Christopher Isherwood, 2019-02-19 This volume contains Auden and Christopher Isherwood's dramatic extravaganzas *The Dog Beneath the Skin*, *the Ascent of F 6*, and *On the Frontier*. It also includes the two versions of *Paid on Both Sides*--which are so different as to constitute two works--and Auden's satiric revue *The Dance of Death*. Two plays appear in print for the first time, Auden and Isherwood's *The Enemies of a Bishop* and Auden's *The Chase*. Also included are

Auden's prose and verse written for documentary films, a cabaret sketch, and an unpublished radio script. Many of the texts include poems by the young Auden that have never been published before. The extensive historical and textual notes trace the complex history of the production and revision of these plays, including full texts and rewritten scenes. During the years when these works were created, Auden moved from a poetry of isolation to more expansive and public writing. After he left Oxford at age twenty-one, during the summer of 1928, he wrote the tragicomic charade *Paid on Both Sides*. During the next ten years, until he left England for America, he created the increasingly ambitious works for stage, film, and broadcast that appear in this volume. The most important of these plays were written in collaboration with Isherwood. As the world political situation worsened, Isherwood and Auden's style combined the energy of popular entertainment with the urgency of sacramental ritual. Edward Mendelson is Professor of English and Comparative Literature at Columbia University and the author of *Early Auden* (Viking). He is the editor of two volumes of Auden's poetry, *Collected Poems* (Random House) and *The English Auden* (Random House). Originally published in 1988. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Greening Post-Industrial Cities Corina McKendry, 2017-09-22 City greening has been heralded for contributing to environmental governance and critiqued for exacerbating displacement and inequality. Bringing these two disparate analyses into conversation, this book offers a comparative understanding of how tensions between growth, environmental protection, and social equity are playing out in practice. Examining Chicago, USA, Birmingham, UK, and Vancouver, Canada, McKendry argues that city greening efforts were closely connected to processes of post-industrial branding in the neoliberal economy. While this brought some benefits, concerns about the unequal distribution of these benefits and greening's limited environmental impact challenged its legitimacy. In response, city leaders have moved toward initiatives that strive to better address environmental effectiveness and social equity while still spurring growth. Through an analysis that highlights how different varieties of liberal environmentalism are manifested in each case, this book illustrates that cities, though constrained by inconsistent political will and broader political and economic contexts, are making contributions to more effective, socially just environmental governance. Both critical and hopeful, McKendry's work will interest scholars of city greening, environmental governance, and comparative urban politics.

Rowdy Christopher Madsen, 2015-08-15

When Christopher Madsen made the snap decision—perhaps a rash decision—to buy and renovate the famous 1916 racing yacht for which this story is named, he could scarcely have imagined the consequences that were to follow. During the renovation Madsen's investigation of the original owner, New York senator Holland Sackett Duell, uncovered a remarkable true life 1920s adventure and love story; one which fully brings to life the era and flair of Gatsby and Hemmingway yet, by contrast, Rowdy is completely true, historically significant and meticulously documented in support of the authenticity. The reader first walks in Duell's footsteps as he departs New York in 1918 to participate in the Great War (the most detailed accounting ever written on New York's 306th Field Artillery, 77th Division). Highly decorated upon return, the adventure continues as Duell is immersed in politics at the highest level, the birth of Hollywood, sailing competitions with some of the richest men in America, fortunes and mansions and love affairs as well as scandalous affairs. A newly unearthed gem in American history, Rowdy will enjoyably transport the reader back in time to the Golden Age of Yachting—AND EVER SO MUCH MORE!

A multi-award winning story and a beautiful coffee table book; 8 1/2 X 11 hardcover with the look of worn, vintage leather, gold leaf stamping, rounded spine woven burgundy book mark. Full reviews, sample pages, awards etc., at <http://www.rowdystory.com>
