'Long Relationships' is a love letter to DJing and to every small-town DJ who never made it to the big time but whose life was enriched and improved by DJing anyway. It's packed with tales of gigs, clubs, raves, warehouses, music, record production and record deals, low-rent international travel, shady promoters, dodgy club security, magical dance floor moments and much more. If you ever DJed, if you ever lost yourself on a dance floor, or if you ever simply fell in love with the potential contained within a dark basement, a strobe and a sound system, then this story is your story.

The Path to Success: Famous DJs Best Kept Secrets Daniel Marques,

First Floor Volume 1 Shawn Reynaldo, 2023-08-31 First Floor started small. At first it was just a newsletter, an outlet where veteran electronic music journalist Shawn Reynaldo could write and share his ideas without having to contend with outside editors or cater to social media algorithms. It was a blank canvas, and Reynaldo began to fill it with his extended thoughts on not just electronic music, but the culture and industry that surrounded it. Just a few years later, First Floor now stands as one of electronic music's most influential platforms, particularly as Reynaldo continues to put many of the genre's thorniest issues under the microscope. First Floor Volume 1 collects his most thought-provoking pieces and provides a nuanced, wide-ranging look at contemporary electronic music culture as it comes to grips with systemic challenges during a time of profound transformation. Whether he's taking a hard look at the genre's futurist ethos, questioning the practices of the modern music press or mapping out what motivates dance music's newest generation, Reynaldo applies an undeniably critical lens, but his words are informed by decades of experience, a genuine passion for the subject matter and an open-minded outlook toward whatever changes lie ahead.
