Compelling photographic essays from photographer Eilon Paz are paired with in-depth and insightful interviews to illustrate what motivates these collectors to keep digging for more records. The reader gets an up close and personal look at a variety of well-known vinyl champions, including Gilles Peterson and King Britt, as well as a glimpse into the collections of known and unknown DJs, producers, record dealers, and everyday enthusiasts. Driven by his love for vinyl records, Paz takes us on a five-year journey unearthing the very soul of the vinyl community.

**DJ Rising** Love Maia,2012-02-06 The first thing I hear is music. The first thing I've always heard is music. Meet Marley, an unassuming high school junior who breathes in music like oxygen. In between caring for his heroin-addicted mother, and keeping his scholarship at a fancy prep school, he dreams of becoming a professional DJ. When chance lands Marley his first real DJ job, his career as DJ Ice suddenly skyrockets. But when heart-rending disaster at home brings Marley crashing back down to earth, he is torn between obligation and following his dreams.

*The Oxford Handbook of Mobile Music Studies* Sumanth Gopinath,Jason Stanyek,2014-03-21 The two volumes of *The Oxford Handbook of Mobile Music Studies* consolidate an area of scholarly inquiry that addresses how mechanical, electrical, and digital technologies and their corresponding economies of scale have rendered music and sound increasingly mobile-portable, fungible, and ubiquitous. At once a marketing term, a common mode of everyday-life performance, and an instigator of experimental aesthetics, mobile music opens up a space for studying the momentous transformations in the production, distribution, consumption, and experience of music and sound that took place between the late nineteenth and the early twenty-first centuries. Taken together, the two volumes cover a large swath of the world—the US, the UK, Japan, Brazil, Germany, Turkey, Mexico, France, China, Jamaica, Iraq, the Philippines, India, Sweden—and a similarly broad array of the musical and nonmusical sounds suffusing the soundscapes of mobility. Volume 2 investigates the ramifications of mobile music technologies on musical/sonic performance and aesthetics. Two core arguments are that mobility is not the same thing as actual movement and that artistic production cannot be absolutely sundered from the performances of quotidian life. The volume's chapters investigate the mobilization of frequency range by sirens and miniature speakers; sound vehicles such as boom cars, ice cream trucks, and trains; the gestural choreographies of soundwalk pieces and mundane interactions with digital media; dance

music practices in laptop and iPod DJing; the imagery of iPod commercials; production practices in Turkish political music and black popular music; the aesthetics of handheld video games and chiptune music; and the mobile device as a new musical instrument and resource for musical ensembles.

Craig Spector: So Far Craig Spector, 2017-06-16 Available for the first time in a single volume, three of Craig Spector's works of dark fiction -- A Question of Will, Underground, and Turnaround. A QUESTION OF WILL Paul Kelly is a good man: a firefighter and paramedic facing death and danger daily, risking his own safety for the sake of strangers. Paul has seen tragedy a thousand times, but it has never been his own. Until now... A shocking crime. A loved one, brutally murdered. Paul's life is suddenly invaded by police, reporters, the harsh glare of spotlights on a family's private sorrow. The killer shows no sorrow, no remorse – a teen sociopath whose dead eyes stare in sullen silence. Paul does not want blood or vengeance. He wants to know why. Paul Kelly was a good man. But his obsession is drawing him into the darkest depths of the human soul. Where a terrible truth lurks in the shadows of lies. And a price must be paid to answer... UNDERGROUND Once upon a time there were seven good friends. They were the forgotten little brothers and sisters of the Big Chill generation, born in the turbulent year when the flames of Watts lit the City of Angels and napalm kissed the war-torn skies of Vietnam. They called themselves The Underground. For Justin and Mia, Josh and Caroline, Amy, Seth, and Simon, there was nothing but drugs and music, combined with boundless cynicism and a deep yearning for something that really mattered. As graduation rolled around, they knew they would drift apart. By Labor Day weekend, there was just enough time to throw one last private party. But where? Creepy old Custis Manor was temporarily uninhabited. So they motored out to the moldering southern plantation, ready to party the night away. They could not have known that on the other side of the mirrors, something watched: a corrupt, voracious force, neither fully living nor truly dead. It was a soulless spirit of evil that had spent more than two hundred years cultivating its terrible powers. It was the Great Night. And Custis Manor was its domain. In one terrifying night their lives were forever shattered. One died. One disappeared. The survivors were scarred both inside and out. For twenty years, they couldn't face the truth of what had really happened. Until now. One has gone back, and through the mirror. And now the remaining friends are forced to confront the demons of their own pasts and a greater nightmare beyond their comprehension. Together they must face the Great Night, lay waste to its vicious legacy, and free the thousands of souls still trapped there, as the reunited Underground meets the Underground Railroad of souls. A truly original metaphysical thriller—gory and intense, satisfying and unique, Underground is a startling vision of the nightmare dimension from one of the true masters of the genre. TURNAROUND Eric Best's world is changing... not just a piece here or there, really changing. His monotonous day job working for an Internet search engine company leaves him unfulfilled, so he starts writing an exciting screenplay. His wife isn't happy with all of his time being monopolized, and their marriage is already a little rocky, but Eric is determined to finish what he started. He's becoming more and more invested in his work. He's even having lucid dreams of his scripted universe... but more real. Then he notices the changes. Changes in his life that are impossible, wonderful, and even horrific...
