

Djs Corner

Laban Carrick Hill

Groove Music Mark Katz,2012-05 It's all about the scratch in Groove Music, award-winning music historian Mark Katz's groundbreaking book about the figure that defined hip-hop: the DJ. Today hip-hop is a global phenomenon, and the sight and sound of DJs mixing and scratching is familiar in every corner of the world. But hip-hop was born in the streets of New York in the 1970s when a handful of teenagers started experimenting with spinning vinyl records on turntables in new ways. Although rapping has become the face of hip-hop, for nearly 40 years the DJ has proven the backbone of the culture. In Groove Music, Katz (an amateur DJ himself) delves into the fascinating world of the DJ, tracing the art of the turntable from its humble beginnings in the Bronx in the 1970s to its meteoric rise to global phenomenon today. Based on extensive interviews with practicing DJs, historical research, and his own personal experience, Katz presents a history of hip-hop from the point of view of the people who invented the genre. Here, DJs step up to discuss a wide range of topics, including the transformation of the turntable from a playback device to an instrument in its own right, the highly charged competitive DJ battles, the game-changing introduction of digital technology, and the complex politics of race and gender in the DJ scene. Exhaustively researched and written with all the verve and energy of hip-hop itself, Groove Music will delight experienced and aspiring DJs, hip-hop fans, and all students or scholars of popular music and culture.

Being a DJ Lisa Regan, Matt Aniss, 2012-10-01 Hailed as artistic geniuses who have transformed the music world, top professional DJs command enormous fees. They produce and release their own music and are major celebrities. Make sure this awesome job is on your radar! Inside you'll find these features: Real-Life Story Turntablist Sara Simms tells On the Radar why being a professional DJ is the best job in the world! Back Story Chart the rise of the DJ from street corner entertainer to international superstar. Five-Minute Interview DJ Tom Thorpe explains what it's like to drop beats for a living. Are you On the Radar?

The Unofficial Guide to Washington, D.C. Eve Zibart, 2014-03-17 Compiled and written by a team of experienced researchers whose work has been cited by such diverse sources as USA Today and Operations Research Forum, The Unofficial Guide to Washington, D.C. digs deeper and offers more than any other guide. The Unofficial Guide to Washington, D.C. is the insider's guide to Washington at its best with more than 75 restaurants reviewed and hotels reviewed and ranked for value and quality-plus secrets for getting the lowest rates. With advice that is direct, prescriptive, and detailed, it takes the guesswork out of travel by unambiguously rating and ranking everything from hotels, restaurants, and attractions to rental car companies. With an Unofficial Guide, you know what's available in every category, from the best to the worst and step-by-step detailed plans allow the reader to make the most of their time in Washington, D.C.

German Pop Music Uwe Schütte, 2017-01-11 The development of German pop music represents a fascinating cultural mirror to the history of post-war Germany, reflecting sociological changes and political developments. While film studies is an already established discipline, German pop music is currently emerging as a new and exciting field of academic study. This pioneering companion is the first volume to provide a comprehensive overview of the subject, charting the development of German pop music from the post-war period 'Schlager' to the present 'Diskursrock'. Written by acknowledged experts from Germany, the UK and the US, the various chapters provide overviews of pertinent genres as well as focusing on major bands such as CAN, Kraftwerk or Rammstein. While these acts have shaped the international profile of German pop music, the volume also undertakes in-depth examinations of the specific German contributions to genres such as punk, industrial, rap and techno. The survey is concluded by an interview with the leading German pop theorist Diedrich Diederichsen. The volume constitutes an indispensable companion for any student, teacher and scholar in the area of German studies interested in contemporary popular culture.

Moon Amsterdam Audrey Sykes, 2018-03-06 Moon Travel Guides: See the City with a Local Tulips blossom between cobblestones and there's a frosty Heineken around every corner. City-hopping in Europe? Check out Moon Dublin, Moon Rome, Florence & Venice, or Moon Paris Walks.

The DJ Chronicles – A Life Remixed Aaron John Traylor, 2003-11 As I stood at the faucet, I was caught by my own reflection in the mirror. At least I

thought it was mine. I didn't recognize my own face. My cheeks were gaunt and pale; my eyes were bloodshot and there were dark circles under each one. Looking down, I realized that my belt went in two extra notches and my previously form-fitting shirt was draping over my wilting frame. 'Way to go, Aaron, ' I thought to myself. 'This time it's Eddie. Next time it'll be you.' Based on the true story of America's Tallest DJ, AARON TRAYLOR, this book takes the reader inside the world of a legendary disc jockey. At 18, he reached the top of the charts as one of the most listened to DJs in a large American city. From corporate radio to dingy nightclubs and sweaty underground raves, a decade in the limelight brought little of the joy and glamour he expected, and much that he would later regret...failed relationships, the death of a friend, and empty dreams... This is the story of a seeker of enlightenment through music alone... Then one desperate day, a vision and a voice led him to his true calling.

The Secret DJ The Secret DJ,2021-02-15 Through four decades at the pointy end of dance music and club culture, the Secret DJ has seen it all. In this hilarious, gripping, and at times extremely moving follow-up to the smash-hit first book, the mysterious insider pulls no punches, wryly lifting the lid on misbehaving stars, what really goes on backstage, how to survive in the DJ game, and where the real power lies in rave. Most of all, they chart how capitalism bought and sold the utopian dreams of the Acid House generation - and whether those dreams can still be saved. Essential reading for anyone who cares about the dancefloor; past, present and future.

Superstar DJs Here We Go! Dom Phillips,2009-03-05 It was about larging it. It was about pulling out a wad of 20s when you were buying your champagne at the bar. It was about buying your cocaine in an eight ball. It was about wearing designer clothes. At that top tier of that club scene, it was about giving it loads. With a foreword by music journalist, Miranda Sawyer, *Superstar DJs Here We Go!* is the full, unexpurgated story of the biggest pop culture phenomenon of the 1990s: the rise and fall of the superstar DJ. During the 1990s big names such as Sasha, Jeremy Healy, Fatboy Slim, Dave Seaman, Nicky Holloway, Judge Jules, and Pete Tong exploded out of acid house, becoming international jetsetters, flying all over the world just to play a few hours and commanding up to £140,000 a night. The plush, heavily branded 'superclubs' where they performed - clubs like Cream, Ministry, Renaissance and Gatecrasher - were filled with thousands of adoring clubbers, roaring their approval of their DJ gods. For the DJs and promoters, it was a licence to print money and live like a rock star. For clubbers, it was a hedonistic utopia where anyone and everyone could come together to look fabulous, take drugs, and dance the night away. But underneath the shiny surface lurked a darker side, a world of cynical moneymaking, rampant egos and cocaine-fuelled self-indulgence that eventually spiralled out of control leaving behind burnt-out DJs, jobless promoters and a host of bittersweet memories. They went from having the clubbing world at their feet to the world's biggest comedown. Dom Phillips - former editor of clubbers' bible *Mixmag* - reveals an enthralling and at times jaw-dropping account of flawed people, broken dreams and what really happens when it all goes Pete Tong.

Last Night a DJ Saved My Life Bill Brewster, Frank Broughton,2014-05-13 “A riveting look at record spinning from its beginnings to the present day . . . A grander and more fascinating story than one would think.” —Time Out London This is the first comprehensive history of the disc jockey, a cult classic now updated with five new chapters and over a hundred pages of additional material. It's the definitive account of DJ culture, from the first record played over airwaves to house, hip-hop, techno, and beyond. From the early development of recorded and transmitted sound, DJs have been shaping the way we listen to music and the record industry. This book tracks down the inside story on some of music's most memorable moments. Focusing on the club DJ, the book gets first-hand accounts of the births of disco, hip-hop, house, and techno. Visiting legendary clubs like the Peppermint Lounge, Cheetah, the Loft, Sound Factory, and Ministry of Sound, and with interviews with legendary DJs, *Last Night a DJ Saved My Life* is a lively and entertaining account of musical history and some of the most legendary parties of the century. “Brewster and Broughton's ardent history is one of barriers and sonic booms, spanning almost 100 years, including nods to pioneers Christopher Stone, Martin Block, Douglas 'Jocko' Henderson, Bob 'Wolfman Jack' Smith and Alan 'Moondog' Freed.” —Publishers Weekly

The Mobile DJ Handbook Stacy Zemon,2013-07-24 *The Mobile DJ Handbook*, Second Edition continues to be an excellent guide for novice and experienced DJs looking to build a successful career as the owner-operator of a mobile disc jockey service. Complete with practical tips, expert advice, and creative strategies, this book serves as the perfect guide on how to market and sell your services as well as develop and expand your business. This book contains information on becoming a professional, securing bookings, buying equipment and music, and running party dances, contests, and games. Included within the text are sample contracts, an advertisement and brochure, and resource information. *The Mobile DJ Handbook* is an essential reference guide which offers readers all the knowledge and inspiration needed to run a profitable enterprise.

When the Beat Was Born Laban Carrick Hill,2013-08-27 Before there was hip hop, there was DJ Kool Herc. On a hot day at the end of summer in 1973 Cindy Campbell threw a back-to-school party at a park in the South Bronx. Her brother, Clive Campbell, spun the records. He had a new way of playing the music to make the breaks—the musical interludes between verses—longer for dancing. He called himself DJ Kool Herc and this is *When the Beat Was Born*. From his childhood in Jamaica to his youth in the Bronx, Laban Carrick Hill's book tells how Kool Herc came to be a DJ, how kids in gangs stopped fighting in order to breakdance, and how the music he invented went on to define a culture and transform the world.

DJ Skills Stephen Webber, 2012-08-21 *DJ Skills: The Essential Guide to Mixing & Scratching* is the most comprehensive, up to date approach to DJing ever produced. With insights from top club, mobile, and scratch DJs, the book includes many teaching strategies developed in the Berklee College of Music prototype DJ lab. From scratching and mixing skills to the latest trends in DVD and video mixing this book gives you access to all the tools, tips and techniques you need. Topics like hand position are taught in a completely new way, and close-up photos of famous DJ's hands are featured. As well as the step-by-step photos the book includes downloadable resources to demonstrate techniques. This book is perfect for intermediate and advanced DJs looking to improve their skills in both the analogue and digital domain.

AB Bookman's Weekly ,1999

Let's Go Australia 9th Edition Let's Go Inc.,2006-11-28 For over 40,000 years, people have been arriving awestruck on Australia, at the edge of the earth. Researched and compiled entirely by students who know how to see the world on the cheap, this guide contains insider tips and information for the socially conscious traveller.

The Record Players Bill Brewster, Frank Broughton, 2011-04-12 From the co-authors of the classic *Last Night a DJ Saved My Life*: A fascinating oral history of record spinning told by the groundbreaking DJs themselves. Acclaimed authors and music historians Bill Brewster and Frank Broughton have spent years traveling across the world to interview the revolutionary and outrageous DJs who shaped the last half-century of pop music. *The Record Players* is the fun and revealing result—a collection of firsthand accounts from the obsessives, the playboys, and the eccentrics that dominated the music scene and contributed to the evolution of DJ culture. In the sixties, radio tastemakers brought their sound to the masses, while early trendsetters birthed the role of the club DJ at temples of hip like the Peppermint Lounge. By the seventies, DJs were changing the course of popular music; and in the eighties, young innovators wore out their cross-faders developing techniques that turned their craft into its own form of music. With discographies, favorite songs, and amazing photos of all the DJs as young firebrands, *The Record Players* offers an unparalleled music education: from records to synthesizers, from disco to techno, and from influential cliques to arenas packed with thousands of dancing fans.

If you ally compulsion such a referred **Djs Corner** book that will have enough money you worth, acquire the agreed best seller from us currently from several preferred authors.
