'Harry and Ranjit were waiting for me - waiting to take me to Derby, to a wedding. My wedding. A wedding that I hadn't asked for, that I didn't want. To a girl who I didn't know... If they had bothered to open their eyes, they would have seen me: seventeen, angry, upset but determined - determined to do my own thing, to choose my own path in life...' Set partly in the UK and partly in the Punjab region of India, this is a fresh, bitingly perceptive and totally up-to-the-minute look at one young man's fight to free himself from family expectations and to be himself, free to dance to his own tune.

Absurdistan Gary Shteyngart,2007-04-03 “Absurdistan is not just a hilarious novel, but a record of a particular peak in the history of human folly. No one is more capable of dealing with the transition from the hell of socialism to the hell of capitalism in Eastern Europe than Shteyngart, the great-great grandson of one Nikolai Gogol and the funniest foreigner alive.” –Aleksandar Hemon From the critically acclaimed, bestselling author of The Russian Debutante’s Handbook comes the uproarious and poignant story of one very fat man and one very small country Meet Misha Vainberg, aka Snack Daddy, a 325-pound disaster of a human being, son of the 1,238th-richest man in Russia, proud holder of a degree in multicultural studies from Accidental College, USA (don’t even ask), and patriot of no country save the great City of New York. Poor Misha just wants to live in the South Bronx with his hot Latina girlfriend, but after his gangster father murders an Oklahoma businessman in Russia, all hopes of a U.S. visa are lost. Salvation lies in the tiny, oil-rich nation of Absurdistan, where a crooked consular officer will sell Misha a Belgian passport. But after a civil war breaks out between two competing ethnic groups and a local warlord installs hapless Misha as minister of multicultural affairs, our hero soon finds himself covered in oil, fighting for his life, falling in love, and trying to figure out if a normal life is still possible in the twenty-first century. With the enormous success of The Russian Debutante’s Handbook, Gary Shteyngart established himself as a central figure in today’s literary world—“one of the most talented and entertaining writers of his generation,” according to The New York Observer. In Absurdistan, he delivers an even funnier and wiser literary performance. Misha Vainberg is a hero for the new century, a glimmer of humanity in a world of dashed hopes.

Nismo na istom brodu Biljana Willimon,2021-07-22 Ovakvu Biljanu Willimon možete samo poželeti! Duhovitu, ironičnu, zabavnu, nežnu... Satkanu od ljubavi prema jednom čoveku, a opet razuzdanu od života. Kao Fransoaz Sagan u Srbiji, danas. Radmila Stanković, novinarka NIN-a Ova knjiga je najfiniji proizvod duha Biljane Willimon. Istog onog koji zrači i sa njenih slika, naročito onda kad odluči da bude duhovita. Retka vrlina vrlo inteligentnih ljudi. Ivana Hadži Popović, književnica Autofikcijska knjiga Biljane Willimon romantični je ljubavni roman. To je dnevnik pisan u doba korone, nostalgična ispovest multimedijalne umetnice, svrstane među srpske „ikone stila“. Duhovit pogled na godine koje su nam pojeli skakavci, intrigantna priča o intimnim doživljajima jednog autentičnog ženskog dendiija. Prof. dr Neda Todorović Roman Biljane Willimon, sa zadovoljstvom će se čitati i kad korona prođe. U njenoj ljubavnoj priči, uz ostale, uživaoce i vlasnica knjižare u Berlinu, vajarka iz Valensije, kućevlasnica na Menhetnu, sestra milosnica iz Dubrovnika, rimska novinarka, galeristkinja iz Pariza... Pod uslovom da su večno zaljubljene, ili zaljubljene u Večnog. Strasno, duhovito, (samo)ironično. Bravo! Duško Bogdanović, novinar

Relational Family Therapy Christian Gostečnik,2017-01-06 Relational Family Therapy introduces a cutting-edge family and couple therapy model that synthesizes relational theories and integrates object relations theory with interpersonal psychoanalysis and self-psychology. The model holds that individuals deal with conflicts rooted in the frustrated and threatening environment they grew up in by later forming intimate relationships that are comparable to the core experiences from their primary family systems. The book outlines the three levels of experience—systemic, interpersonal, and intrapsychic—and provide concrete ways for the therapist to address client problems and promote affect regulation. Chapters include transcripts of actual family therapy sessions as well as genograms so readers can see the model in action.

The Age of the Cathedrals Georges Duby,1983-02-15 Recognizing that a work of art is the product of a particular time and place as much as it is the creation of an individual, Duby provides a sweeping survey of the changing mentalities of the Middle Ages as reflected in the art and architecture of the period. If Age of the Cathedrals has a fault, it is that Professor Duby knows too much, has too many new ideas and takes such a delight in setting them out. . . insights whiz to and fro like meteorites.—John Russell, New York Times Book Review

The Future of the Book in the Digital Age Bill Cope,Angus Phillips,2006 With contributions from some of the world's leading authorities, this publication considers the future of the book in the digital age. As more books are published than ever before, this timely publication addresses a range of critically important themes relating to the book - including the present and future for publishing, libraries, literacy and learning in the information society. In the early 1990s the printed word appeared to be facing a terminal crisis, threatened from all sides by new media and other forms of entertainment. Subsequently the book has proved to be resilient in the face of these challenges, confounding the predictions of those who saw its replacement, whilst digital technology is providing mechanisms that enhance our ability to produce and distribute printed books. New developments, such as the growth of self-publishing and print on demand, and initiatives from major players such as Amazon and Google, mean that the printed book is in the middle of great changes. Chapters by leading experts in the field of publishing studies and information science A broad range of perspectives on key issues such as print on demand and digital publishing Contributions from around the world

Plastic Ocean: Art and Science Responses to Marine Pollution Ingeborg Reichle,2021-07-05 Our oceans are in an ecological crisis due to their contamination with millions of tons of toxic microplastic particles. In just a few years, the volume of microplastic particles will exceed that of plankton in our oceans and turn them into a huge sea of plastic. This publication brings together numerous international art projects related to environmental activities, DIY biotechnology, and science, and draws attention to the irreversible destruction of our marine ecosystems – the current threat posed by the loss of marine animal biodiversity, for example, or the decline in oxygen production due to massive plankton loss. It also presents current scientific findings on sustainable alternatives to plastic.

Communication Competence Annegret F. Hannawa,Brian H. Spitzberg,2015-10-16 Almost everything that matters to humans is derived from and through communication. Just because people communicate every day, however, does not mean that they are communicating competently. In fact, evidence indicates that there is a substantial need for better interpersonal skills among a significant proportion of the populace. Furthermore, dark side experiences in everyday life abound, and features of modern society pose new challenges that make the concept of communication competence increasingly complex. The Handbook of Communication Competence brings together scholars from across the globe to examine these various facets of communication competence, including its history, its essential components, and its applications in interpersonal, group, institutional, and societal contexts. The book provides a state-of-the-art review for scholars and graduate students, as well as practitioners in counseling, developmental, health care, educational, intercultural, and human resource management contexts, illustrating that communication competence is vital to health, relationships, and all collective human endeavors.
