My Dog: The Paradox The Oatmeal, Matthew Inman, 2013-05-07 This eponymous comic became an instant hit when it went live on The Oatmeal.com and was liked on Facebook by 700,000 fans. Now fans will have a keepsake book of this comic to give and to keep. In *My Dog: The Paradox*, Inman discusses the canine penchant for rolling in horse droppings, chasing large animals four times their size, and acting recklessly enthusiastic through the entirety of their impulsive, lovable lives. Hilarious and heartfelt, *My Dog: The Paradox* eloquently illustrates the complicated relationship between man and dog. We will never know why dogs fear hair dryers, or being baited into staring contests with cats, but as Inman explains, perhaps we love dogs so much "because their lives aren't lengthy, logical, or deliberate, but an explosive paradox composed of fur, teeth, and enthusiasm."

Rewriting Chinese Edward Gunn, 1991-07-01 Everyone who has studied the upheavals of modern China knows that one of them has taken place in Chinese writing. Anyone who has read Chinese texts has also eventually pondered the possible significance of this upheaval for understanding the text, and vice versa. By analyzing formal features and speculating about their relevance to the construction of a modern Chinese culture, this book intends to show why the Chinese have come to write the way they do in this century. Drawing on linguistic and rhetorical descriptions of language in writing as features of style, the author reviews the innovations that have been introduced into modern Chinese prose from both Chinese and foreign sources. The social history of these features, the attempts by various writers to assert cultural, political, and aesthetic principles through them and the resulting tensions and conventions that arise all form the critical framework for a study of Chinese prose literature and its most innovative authors in this century. The study is introduced and informed throughout by a succinct review of scholarly research from a wide range of disciplines relevant to the question of style as an object of study in contemporary criticism. The book begins its approach to style with an Introduction that draws on Gestalt theory, information theory, and linguistics to develop a nuanced concept of what style is, one that gives adequate weight to the complex interplay of psychological, formal, and historical features at work. Two chapters then examine various aspects of convention, necessarily a historical phenomenon. The fourth chapter, by contrast, discusses the aesthetic prescriptions by which modern Chinese writers sought consciously to introduce innovation and points out the limitations of a prescriptive approach. The final two chapters study the strategies of specific writers. Almost half the

book is an Appendix that consists of a rich catalog of rhetorical and stylistic examples, drawn from a wide range of twentieth-century Chinese literary writing. These hundreds of examples, identified by the nomenclature of grammar, rhetoric, and sentence cohesion, constitute a veritable handbook of modern Chinese prose. The book also contains a Glossary of terms drawn from rhetoric and linguistics.

Selected Stories of Lu Hsun Xun Lu, 2003-07-29 Some of these stories, I am sure, will be read as long as the Chinese language exists.—Ha Jin When I was young I, too, had many dreams. Most of them came to be forgotten, but I see nothing in this to regret. For although recalling the past may make you happy, it may sometimes also make you lonely, and there is no point in clinging in spirit to lonely bygone days. However, my trouble is that I cannot forget completely, and these stories have resulted from what I have been unable to erase from memory.—Lu Hsun Living during a time of dramatic change in China, Lu Hsun had a career that was as varied as his writing. As a young man he studied medicine in Japan but left it for the life of an activist intellectual, eventually returning to China to teach. Though he supported the aims of the Communist revolution, he did not become a member of the party nor did he live to see the Communists take control of China. Ambitious to reach a large Chinese audience, Lu Hsun wrote his first published story, *A Madman's Diary*, in the vernacular, a pioneering move in Chinese literature at the time. The *True Story of Ah Q*, a biting portrait of feudal China, gained him popularity in the West. This collection of eighteen stories shows the variety of his style and subjects throughout his career. In a new introduction, Ha Jin, the author of *Waiting* (National Book Award winner), *The Bridegroom*, and other works, places Lu Hsun's life and work in the context of Chinese history and literature.

□□□□ □□, 2002 Lu Xun is famous for his short stories, among other writings. This collection contains 13 of his stories, including: *A Madman's Diary*; *Medicine*; *Storm in a Teacup*; *My Old Home*; *Village Opera*; *A Happy Family*; *The Misanthrope*; *Regret for the Past*; and *Forging the Swords*.
