back to be thrown again, is for many people the essence of a dog walk! The Other End of the Leash Patricia McConnell, Ph.D.,2009-02-19 Learn to communicate with your dog—using their language "Good reading for dog lovers and an immensely useful manual for dog owners."—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how "man's best friend" might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand

what we want. Inside you will discover:

- How you can get your dog to come when called by acting less like a primate and more like a dog
- Why the advice to “get dominance” over your dog can cause problems
- Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief
- How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!”

Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

The Koehler Method of Dog Training William R. Koehler, 2016-04-09 When the complexities of modern living demanded that, for his own protection as well as his master’s convenience, the dog be made controllable, the average owner sought advice from the most available source, which was, too often, some local dog-show exhibitor. Not realizing that, excepting a few praiseworthy individuals, these exhibitors were only superficially concerned with the qualities of use and companionship, an unfortunate dog owner would accept the sight of trophies or ribbons as the credits of an expert. Growing numbers of people and dogs continued to emphasize the advantages of proper dog-behavior and when, in 1935, The American Kennel Club instituted its obedience trials, the competition necessary to focus attention on results and improvement of methods was provided. And something else was observed. It was evident that thorough obedience training does more than assure a dog’s response to his master’s command; capacities for learning and emotional stability could be increased and integrated as permanent qualities of character. Recently, leading magazines of both general and specialized nature have made the public aware of the trained dog’s potential, and of the recreational possibilities of dog training as a hobby. Interest in dog-training classes and other activities where dogs are dignified by usefulness, rather than merely looked at, is evidence that the dog-training public has outgrown the “make a game” and “tid-bit tossing” techniques that, by not being founded on positive and proper motivations, demonstrate the inadequacy of the master, thus promoting failure of response at those times when control is most needed, as well as contributing to the dog’s feeling of insecurity. Dog owners of perspective have come to want the type of obedience upon which a blind person might stake his life, and the emotional stability that is vital to dogs in the presence of small, unpredictable children. This classic includes the following chapters: Introduction Lesson I. Fables and Foibles Lesson II. Correct Equipment Lesson III. The Foundation Lesson IV. Heeling Lesson V. Sitting Lesson VI. The Automatic Sit Lesson VII. The Sit-Stay Lesson VIII. The Down Lesson IX. Down-Stay Lesson X. Stand-For-Examination Lesson XI. Recall Lesson XII. Finish Lesson XIII. Polishing Lesson XIV. The Throw-Chain Lesson XV. The Light Line Lesson XVI. Don’t Lose It—Use It Problems

The Clicked Retriever Lana Mitchell, 2005-10-01 The retrieve is one of the most difficult skills for most dogs to master in competitive obedience. It is difficult because it involves a long series of steps that the dog must learn in order to complete the exercise successfully. Many trainers are realizing that teaching a complex series of behaviors like this is most easily done through the use of clicker training. The Clicker Retriever teaches you

step-by-step how to clicker train your dog to do a solid, enthusiastic and reliable retrieve. Learning no-force techniques builds trust between you and your dog, makes training more enjoyable for both of you, and sets you up for life-long training success built on scientific principles, respect and fun. The Clicked Retriever also shows you how to apply retrieving skills to other activities such as flyball and service dog training.

Thank Goodness! At long last, an approach that focuses on the people-motivating aspects of the business of pet dog training. It doesn't matter how good you are at training dogs, if you lack sales savvy and people skills for promotion, few dogs will benefit from your experience and expertise. I love this book. I really like the style—well written, catchy and always straight to the point.

Dr. Ian Dunbar, Founder of The Association of Professional Dog Trainers.

In this playful and incredibly enjoyable book, John Visconti shows readers many qualities that they already possess to sell their training services effectively and with heart. No longer will “sales” be a dirty word and trainers who read and apply the wisdom from this book will relish in their confidence and happily realize their goal of helping more dogs and owners.

Malena DeMartini-Price, author of *Treating Separation Anxiety in Dogs*

I really enjoyed the humor, personal stories, quotes and resources that this book provides. It's packed with wonderful thought provoking topics that give the reader nuggets to think about and apply to their own business. John coaches you to think of sales in a more inviting and less intimidating light. I truly appreciate his approach and highly recommend this book to dog professionals who have a less than desirable CER about “sales.” The more comfortable we all are in our business the more dogs and families we can reach!

Jennifer Shryock, B.A., CDBC Founder & Director of FPPE

Most of us dog trainers are absolutely terrible salespeople! We tend to let our compassion get the better of us, and we have a hard time realizing what we are really worth. John's book is an excellent handbook for recognizing our value and selling ourselves effectively!
