How to Speak Dolphin Ginny Rorby,2015-05-26 Schneider Family Book Award-winning author Ginny Rorby has created an irresistible dolphin story about a girl's struggle to help her autistic brother and herself. Lily loves her half-brother, Adam, but she has always struggled with him, too. He's definitely on the autism spectrum -- though her step-father, Don, can barely bring himself to admit it -- and caring for him has forced Lily to become as much mother as sister. All Lily wants is for her step-father to acknowledge that Adam has a real issue, that they need to find some kind of program that can help him. Then maybe she can have a life of her own. Adam's always loved dolphins, so when Don, an oncologist, hears about a young dolphin with cancer, he offers to help. He brings Lily and Adam along, and Adam and the dolphin -- Nori -- bond instantly. But though Lily sees how much Adam loves Nori, she also sees that the dolphin shouldn't spend the rest of her life in captivity, away from her family. Can Adam find real help somewhere else? And can Lily help Nori regain her freedom without betraying her family?

The World Book Encyclopedia ,1987 An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Empty Cages Tom Regan,2005-07-07 This shocking expose dispels the negative image of animal rights advocates portrayed by the media, unmasking the fraudulent rhetoric of human treatment favored by animal exploiters, and explain why existing laws function to legitimize institutional cruelty.

The Power of Wonder Monica Parker,2023-02-21 THE WALL STREET JOURNAL BESTSELLER 'Wonder is a mindset we can bring to anything to enrich our lives and the lives of those around us. This is a must-read book for our times.' SCOTT BARRY KAUFMAN, PhD, author of Transcend and host of The Psychology Podcast From the first tickle of curiosity to an unexpected shift in how we perceive the world, there isn't a person who hasn't experienced wonder, and yet the why and how of this profoundly beneficial emotion is only just beginning to be scientifically examined. The Power of Wonder takes readers on a multidisciplinary journey through psychology, neuroscience, philosophy, literature and business to share some of the surprising secrets behind the mechanics of wonder. This inspiring book explores the power of wonder to change the way we learn, develop new ideas, build resiliency and ultimately become better humans. If we embrace this essential emotion, we can find deeper meaning and lead a more fulfilling life. From art and architecture to love and sex, to sleep and psychedelics, you will learn about how wonder can transform our bodies and brains. Where it's

taking a daily 'wonder walk', embracing the benefits of daydreaming or discovering a new absorbing intellectual pursuit, this book shows us how to become more wonderprone and reconnect with a reverence for the world and all the magic in it.

Ripley's Special Edition 2015 Ripley's Entertainment Inc.,2014-08-26 Another year's worth of wild and wacky information from Ripley's Believe It or Not! 144 pages of awesomely weird information and photos. Cover includes eye-catching special effects!

Wild Ones Jon Mooallem,2014-05-27 Wild Ones is a tour through our environmental moment and the eccentric cultural history of people and wild animals in America that inflects it. With propulsive curiosity and searing wit, and without that easy moralizing and nature worship of environmental journalism's older guard, [Jon] Mooallem merges reportage, science, and history into a humane and endearing meditation on what it means to live in, and bring life into, a broken world.--Back cover.

Midnight Dolphin ,2017-04-12 Lucy longs to keep her special link with dolphins, and hates her Dad for telling her that she will grow out of it and lose her gift. Yet despite her efforts it looks like her father will be right. A painful accident gives her what may be one last glimpse of that world beneath the waves and the chance chance to spend time with Spirit. Yet there are clues to her mother Megan's own link with dolphins that sends her on a quest to discovery the real reason for Megan's death and what links them both to a Victorian girl called Mary. The answer lies in the Trinity Caves, but will she ever find them before the stars align at Christmas?This is the exciting conclusion to the Dolphin Child trilogy. 'The Girl Who Dreamt of Dolphins' saw Lucy discover her gift, and 'Dolphin Child' saw Lucy come closer to Spirit, before realising that her gift seemed set to fade away. 'Midnight Dolphin' sees Lucy struggle to find her own destiny, even as those around try to protect her from it.This is the last book in the Dolphin Child Trilogy in which Lucy finally learns her fate, and that of her mother Megan. As Christmas approaches, will she find the Trinity Caves in time and discover their secret?

In *Make Life Beautiful*, Syd and Shea inspire you on how to build an authentic life by applying design principles such as: Embrace the process Get to the next level Find balance Elevate the everyday *Make Life Beautiful* is essential for entrepreneurs, interior designers, working parents, couples building a family & career, and anyone else chasing their dreams. Both longtime and new fans will gain insight into how the McGees built such a successful company. Don't miss Shea's long-awaited interior design book, *The Art of Home: A Designer Guide to Creating an Elevated Yet Approachable Home*. Now available.

Sharks and Dolphins Kevin Kurtz, 2016-02-10 Sharks and dolphins both have torpedo-shaped bodies with fins on their backs. They slice through the water to grab their prey with sharp teeth. But despite their similarities, sharks and dolphins belong to different animal classes: one is a fish and gets oxygen from the water and the other is a mammal and gets oxygen from the air. Marine educator Kevin Kurtz guides early readers to compare and contrast these ocean predators through stunning photographs and simple, nonfiction text.

Dolphin Child James Carmody, 2017-04-12 Why is twelve year old Lucy Parr able to stretch out with her mind and communicate with dolphins? She doesn't know, but her connection to Spirit, a dolphin who lives off the coast of Cornwall, is incredibly important to her. When she returns to Cornwall for the summer, she looks forward to long swims with Spirit and to spending time with her aunt Bethany, a local artist. But when she starts dreaming about another dolphin trapped in a lagoon, she embarks on an adventure with a local boy called Paul that takes her closer to finding out the truth about her own strange ability, what it means to be a 'Dolphin Child', and the fate of another girl like her almost two hundred years before. This is the second in the *Dolphin Child* trilogy and picks up Lucy's quest to come to terms with her own identity and the loss of her mother following 'The Girl Who Dreamt Of Dolphins'.

Voices in the Ocean Susan Casey,2015-08-04 From Susan Casey, the New York Times bestselling author of *The Wave* and *The Devil's Teeth*, a breathtaking journey through the extraordinary world of dolphins Since the dawn of recorded history, humans have felt a kinship with the sleek and beautiful dolphin, an animal whose playfulness, sociability, and intelligence seem like an aquatic mirror of mankind. In recent decades, we have learned that dolphins recognize themselves in reflections, count, grieve, adorn themselves, feel despondent, rescue one another (and humans), deduce, infer, seduce, form cliques, throw tantrums, and call themselves by name. Scientists still don't completely understand their incredibly sophisticated navigation and communication abilities, or their immensely complicated brains. While swimming off the coast of Maui, Susan Casey was surrounded by a pod of spinner dolphins. It was a profoundly transporting experience, and it inspired her to embark on a two-year global adventure to explore the nature of these remarkable beings and their complex relationship to humanity. Casey examines the career of the controversial John Lilly, the pioneer of modern dolphin studies whose work eventually led him down some very strange paths. She visits a community in Hawaii whose adherents believe dolphins are the key to spiritual enlightenment, travels to Ireland, where a dolphin named as "the world's most loyal animal" has delighted tourists and locals for decades with his friendly antics, and consults with the world's leading marine researchers, whose sense of wonder inspired by the dolphins they study increases the more they discover. Yet there is a dark side to our relationship with dolphins. They are the stars of a global multibillion-dollar captivity

industry, whose money has fueled a sinister and lucrative trade in which dolphins are captured violently, then shipped and kept in brutal conditions. Casey's investigation into this cruel underground takes her to the harrowing epicenter of the trade in the Solomon Islands, and to the Japanese town of Taiji, made famous by the Oscar-winning documentary *The Cove*, where she chronicles the annual slaughter and sale of dolphins in its narrow bay. Casey ends her narrative on the island of Crete, where millennia-old frescoes and artwork document the great Minoan civilization, a culture which lived in harmony with dolphins, and whose example shows the way to a more enlightened coexistence with the natural world. No writer is better positioned to portray these magical creatures than Susan Casey, whose combination of personal reporting, intense scientific research, and evocative prose made *The Wave* and *The Devil's Teeth* contemporary classics of writing about the sea. In *Voices in the Ocean*, she has written a thrilling book about the other intelligent life on the planet.

The Virus Ben Martynoga, 2020-07-09 Join science expert Dr Ben Martynoga and illustrator extraordinaire Moose Allain on a fascinating, sometimes funny, and occasionally scary journey through the world of viruses. Explore the science behind viruses and the COVID-19 pandemic in a fascinating story of hijacked human cells and our own internal emergency services. Along the way, you'll learn what viruses are, how they work, and how we can overcome - or at least learn to live alongside - those that do us harm.

Rescuing Ladybugs Jennifer Skiff, 2018-08-01 Countless times throughout our lives, we're presented with a choice to help another soul. *Rescuing Ladybugs* highlights the true stories of remarkable people who didn't look away from seemingly impossible-to-change situations and instead worked to save animals. Prepare to be transported to Borneo to release orangutans, Brazil to protect jaguars, Africa to connect with chimpanzees and elephants, the Maldives to free mantas, and Indonesia, the only place where dragons still exist in the wild.
