Heritage and Exile Marion Zimmer Bradley, 2002-04-01 The Heritage of Hastur: Nominated for a Hugo Award, and described as “Bradley’s best [Darkover] novel” by Lous, THE HERITAGE OF HASTUR is a brilliant epic of the pivotal events in the love-hate relationship between the Terran worlds and the semi-alien off-spring of the forgotten colonists who peopled Darkover. This is the complex and compelling tale of the early life of Regis Hastur, Darkover’s greatest monarch. But HERITAGE also spins the terrifying and heartbreaking story of those who sought to control the deadly Sharra Matrix and tells how Lew Alton met and lost his greatest love, Marjorie Scott. This is the unforgettable showdown between these Darkovan lords who would bargain away their world for the glories of Terran science and those who would preserve the special matrix powers that are at once the prize and burden of Darkover. Sharra’s Exile: The most dangerous magical implement on all of Darkover was the infamous, legendary Sharra Matrix. Embodying the image of a chained woman wreathed in flames, it was the last remaining weapon of the Ages of Chaos—an era of uncontrolled laran warfare which had almost destroyed all life on Darkover. The Sharra Matrix had been exiled offworld to one of the far-flung planets of the Terran Empire, in the protective custody of one who had suffered gravely from its use: Comyn Lord Lew Alton. But when Lew was called back to Darkover to contend for his rights, he had no choice but to bring this dangerous matrix back with him, and once the Sharra Matrix was black, her flaming image spread far and wide, setting motion events which would change the lands, the

seven Domains, and the entire future forever.

Spirituality: Inner Armor Jim Amsing, 2019-08-02 Spirituality: Inner Armor provides an antidote to the toxic effects that evil has in the lives of peace officers. True-life police stories from front-line officers portray the reality of evil actions and its effects in the lives of everyone involved. When police officers are strong in mind, body, and spirit they can serve with humility, courage, compassion, and hope because they see opportunities to be change agents in society and refuse to succumb to cynicism, apathy, and despair. An informed spirituality that is open to wisdom will lead to an interior peace and harmonic congruence in the inner person that will necessarily reveal itself in outer actions. Peace officers who are willing to constantly grow in knowledge and practice of inner armor spirituality will find tranquility amidst chaos, peace during war, and right action in perplexity. Those who are willing to engage in the battle with evil will have battered shields and dented armor, but the inner armor of spirituality will sustain, renew and guide the guardians of society into the harbor of peace.

America and the Challenges of Religious Diversity Robert Wuthnow, 2005 Muslims, Hindus, Buddhists, and adherents of other non-Western religions have become a significant presence in the United States in recent years. Yet many Americans continue to regard the United States as a Christian society. How are we adapting to the new diversity? Are we willing to do the hard work required to achieve genuine religious pluralism? Award-winning author Robert Wuthnow tackles these and other difficult questions surrounding religious diversity. Wuthnow contends that responses to religious diversity are fundamentally deeper than polite discussions about civil liberties and tolerance would suggest. Rather, he writes, religious diversity strikes at the very core of our personal and national theologies. Only by understanding this important dimension of our culture will we be able to move toward a more reflective religious pluralism. -- From publisher's description.

China's Rise: Challenges and Opportunities ,

Thomas Merton and the Noonday Demon Donald Grayston,2015-05-19 How did Thomas Merton become Thomas Merton? Starting out from any one of his earlier major life moments--wealthy orphan boy, big man on campus, fervent Roman Catholic convert, new and obedient monk--we find ourselves asking how by his life's end he had grown from who he was then into a transcultural and transreligious spiritual teacher read by millions. This book takes another such starting point: his attempt in the mid-1950s to move from his abbey of Gethsemani, in Kentucky--a place that had become, in his view, noisy beyond bearing--to an Italian monastery, Camaldoli, which he idealized as a place of

monastic peace. The ultimate irony: Camaldoli at that time, bucolic and peaceful outwardly, was inwardly riven by a pre-Vatican II culture war; whereas Gethsemani, which he tried so hard to leave, became, when he was given his hermitage there in 1965, his place to recover Eden. In walking with Merton on this journey, and reading the letters he wrote and received at the time, we find ourselves asking, as he did, with so much energy and honesty, the deep questions that we may well need to answer in our own lives.

The American Challenge Carl Quimby Christol, 2009 This sequel to Carl Q. Christol's *International Law and U.S. Foreign Policy* (2nd Revised Edition, 2006) is based on original sources, such as the Constitution, treaties, statutes including the Detainee Treatment Act of 2005 and the Military Commissions Act of 2006, critical Supreme Court decisions, all relevant Department of Justice memorandums that have been released to the public, and the wide-ranging public writings of scholars and members of the professional estate. Christol emphasizes the significance of the constitutional concept of separation of powers, pointing to the efforts of the Executive branch to call upon the Commander-in-Chief and war powers during what has been referred to as the war on terrorism. He draws attention to the growing authority of military law and, in the contest between the three branches of government, Christol emphasizes the roles of Congress and the Courts in the protection of civil and political rights and liberties. Christol further emphasizes the importance of the writ of habeas corpus, the right to counsel, the right to a fair and speedy trial, and the presumption of innocence in criminal trials. Support for American outlooks toward the world rule of law was particularly identified in the U.S. responses in 2006 to earlier concerns and recommendations by the Torture Committee established in the 1984 Convention Against Torture. A detailed index serves as a guide to the wide-ranging and specific matters that were considered.

The Challenge of Pluralism Stephen V. Monsma, J. Christopher Soper, 2009 Provides a comparative analysis of church-state issues in the United States, the Netherlands, Australia, England, and Germany, and argues that the U.S. is unique in the way it resolves religious freedom and religious establishment questions.
