**The Cost of Being Poor** Sandra L. Barnes, 2012-02-01 While the negative effects of urban poverty are well documented, the everyday experiences of urban residents are often absent or secondary in urban studies research. *The Cost of Being Poor* rectifies this problem by examining both the noneconomic and the often-overlooked economic costs faced by residents of poor urban neighborhoods in Gary, Indiana. Using census, regional, and local data, and in-depth interviews with the residents of Gary, Sandra L. Barnes argues that many people incur costs resulting from the dual dilemma of being poor and residing in a poor urban area. She explores how factors such as race/ethnicity, neighborhood type, and location influence residents' views, coping strategies, and unconventional approaches toward making ends meet. Well written and accessible, this study of Gary's poor urban neighborhoods offers broad findings that apply to other similarly impoverished Rust Belt cities.

Lost Department Stores of San Francisco Anne Evers Hitz, 2020-03-02 In the late nineteenth century, San Francisco's merchant princes built grand stores for a booming city, each with its own niche. For the eager clientele, a trip downtown meant dressing up--hats, gloves and stockings required--and going to Blum's for Coffee Crunch cake or Townsend's for creamed spinach. The I. Magnin empire catered to a selective upper-class clientele, while middle-class shoppers loved the Emporium department store with its Bargain Basement and Santa for the kids. Gump's defined good taste, the City of Paris satisfied desires for anything French and edgy, youth-oriented Joseph Magnin ensnared the younger shoppers with the latest trends. Join author Anne Evers Hitz as she looks back at the colorful personalities that created six major stores and defined shopping in San Francisco.

**Gone Like Yesterday** Janelle M. Williams, 2023-02-14 A lyrical debut novel that asks what we owe to our families, what we owe to our ancestors, and what we owe to ourselves. Janelle M. Williams's *Gone Like Yesterday* employs magical realism to explore the majestic and haunting experience of being a Black woman in today's America. *Gone Like Yesterday* follows two Black women--Zahra, a listless college prep coach, and Sammie, a teenage girl and budding activist soon off to college--who are drawn to each other through the songs of gypsy moths. Gypsy moths have been singing the songs of Zahra's ancestors to her for years, so when Zahra realizes that Sammie might be a moth person too, their paths become intertwined. Then, the unthinkable happens: Zahra's brother, Derrick, goes missing. Derrick has always been different--sensitive and connected to the spiritual world, he has been drifting from Zahra and her family for some time. But this time feels different. Zahra is panicked that he may really be gone for good, lost to her forever. Zahra can't let that happen. So, she, along with Sammie, embarks on a road trip from New York to Atlanta, Zahra's hometown, in search of Zahra's brother, but also to uncover just what the moths and their ancestors want with them, and what to do about their individual and collective futures. Sharp and wholly original, *Gone Like Yesterday* is a novel about family and legacy but also a literary exploration

of racial identity, self, and what it means to be found.

"If You Are Already Blogging" Lisa Gore, 2011-10-06 Unique James is a strong black woman in most people's eyes. She's an Entrepreneur and doesn't let anything stop her from living out her dreams...well most of them. She walks the streets of Harlem with her head held high, but as she gets closer to home, sadness starts to creep in. Home means pain, depression, abuse, and Emmanuel, the lover that waits for her arrival. Escaping his control seems impossible. Yet, the longer she stays, the more she dies inside because loving him means not loving herself. When tragedy and betrayal hit Unique dead in the face as she lies in a hospital bed, she believes that she has to do something. Her life at one point seemed to be normal, until Dr. Sharp came along, now she questions everything, even her reasons to live. No one ever promised Unique love would be easy, but how will she ever know for sure? And what will it cost her to find out?

*Brothers* Yu Hua, 2009-01-27 A bestseller in China, *Brothers* is an epic and wildly unhinged black comedy of modern Chinese society running amok. Here is China as we've never seen it before, in a sweeping, Rabelaisian panorama of forty years of rough-and-rumble Chinese history, from the madness of the Cultural Revolution to the equally rabid madness of extreme materialism. Yu Hua, award-winning author of *To Live*, gives us a surreal tale of two comically mismatched stepbrothers, Baldy Li, a sex-obsessed ne'er-do-well, and the bookish, sensitive Song Gang, who vow that they will always be brothers—a bond they will struggle to maintain over the years as they weather the ups and downs of rivalry in love and making and losing millions in the new China. Both tragic and absurd by turns, *Brothers* is a fascinating vision of an extraordinary place and time.

*National Matters* Geneviève Zubrzycki, 2017-05-09 *National Matters* investigates the role of material culture and materiality in defining and solidifying national identity in everyday practice. Examining a range of things—from art objects, clay fragments, and broken stones to clothing, food, and urban green space—the contributors to this volume explore the importance of matter in making the nation appear real, close, and important to its citizens. Symbols and material objects do not just reflect the national visions deployed by elites and consumed by the masses, but are themselves important factors in the production of national ideals. Through a series of theoretically grounded and empirically rich case studies, this volume analyzes three key aspects of materiality and nationalism: the relationship between objects and national institutions, the way commonplace objects can shape a national ethos, and the everyday practices that allow individuals to enact and embody the nation. In giving attention to the agency of things and the capacities they afford or foreclose, these cases also challenge the methodological orthodoxies of cultural sociology. Taken together, these essays highlight how the material turn in the social sciences pushes conventional understanding of state and nation-making processes in new directions.
