China High ,2009-03-31 Born in Shanghai but raised in America, ZZ, an adventurous young lawyer, moves to Beijing to make his fortune. After a stint at a Chinese law firm, ZZ goes into business for himself, first as an independent lawyer and then as an entrepreneur when he starts a company called Foodiez, which provides delivery service for multiple restaurants around Beijing. ZZ spends his days lounging in run-down Café 44 and his nights at clubs in the company of some of the city s most beautiful women. ZZ enjoys the privilege of being an exalted foreigner with knowledge of the language and culture. But ZZ s charmed life comes crashing down around him when he s arrested for smoking a joint laced with morphine and finds himself facing 14 days in jail and a possible eight-month mandatory rehab stint. The jail time proves a harsh awakening for ZZ, who does some serious soul-searching while behind bars. ZZ s crisp, jaunty memoir offers a unique look at Chinese culture as well as his own compelling journey to adulthood and enlightenment.

Mao Jung Chang,Jon Halliday,2011-10-05 The most authoritative life of the Chinese leader every written, Mao: The Unknown Story is based on a decade of research, and on interviews with many of Mao's close circle in China who have never talked before — and with virtually everyone outside China who had significant dealings with him. It is full of startling revelations, exploding the myth of the Long March, and showing a completely unknown Mao: he was not driven by idealism or ideology; his intimate and intricate relationship with Stalin went back to the 1920s, ultimately bringing him to power; he welcomed Japanese occupation of much of China; and he schemed, poisoned, and blackmailed to get his way. After Mao conquered China in 1949, his secret goal was to dominate the world. In chasing this dream he caused the deaths of 38 million people in the greatest famine in history. In all, well over 70 million Chinese perished under Mao's rule — in peacetime.

Twisting My Kaleidoscope Shannon Love,2015-04-21 Our author carefully places you in an enchanted bubble, transiting you from one scene to the next. As you position yourself to view what best suits you, she unbars the door to her therapy sessions, uncovers the blanket of her thoughts, unlocks the key to her journal, and extends temporary access to her physical being. Imagine this impervious bubble, imprisoning you from the moment you choose to indulge—your desperate cries for release denied until an end is reached. Absolved from such a captivity, you can close the book when exhaustion hammers at your head and anxiety stabs your chest. This luxury evades the psychotic. Instead, she is forced to trek the turbulent terrain in its entirety.

<u>Culture, Cognition, and Emotion in China's Religious Ethnic Minorities</u> Rachel Sing-Kiat Ting,Louise Sundararajan,2017-10-20 This study examines the suffering narratives of the Bimo and Christian religious communities of the Yi minority who reside in the remote mountains of Sichuan and Yunnan, China, respectively. It is informed by the theoretical framework of ecological rationality, which posits that religions influence and are influenced by cognitive styles that have co-evolved with the ecological niche of a culture. It was predicted and found that in times of adversity, traditional religious communities differ in emotion expression, causal attribution, and help-seeking behavior, with far-reaching ramifications for how they are uniquely vulnerable to the ravages of modernization. The authors hope that the voices of the study participants, heard through their harrowing narratives, may inspire a deepened sensitivity to the plight of rural Chinese communities as China races to become a superpower in the global economy.

Mao Jon Halliday,Jung Chang,2012-08-10 Mao - A história desconhecida é a mais sólida biografia de Mao Tse-tung já escrita, fruto de uma década de pesquisa em arquivos do mundo todo e centenas de entrevistas com amigos, colaboradores e conhecidos de Mao - boa parte dos quais nunca havia se pronunciado. O resultado do árduo trabalho de Jung Chang e de seu marido Jon Halliday é a demolição de diversos mitos. O livro ataca o heroísmo da Longa Marcha, discorre sobre a ajuda financeira e militar da União Soviética de Stálin para a criação e o fortalecimento do Partido Comunista chinês e desqualifica os relatos de que os rebeldes comunistas teriam enfrentado os japoneses na Segunda Guerra Mundial. Os autores mostram como Mao concentrou-se em expandir seu domínio durante quase três décadas, ainda que isso resultasse no sofrimento e na morte de dezenas de milhões de cidadãos. Para se perpetuar no poder, instituiu um clima de denúncias, perseguições e terror. Na intimidade, ele é descrito como um pai omisso, marido infiel e amigo pouco confiável. Mao foi um dos lançamentos mais esperados no mundo todo e causou grande impacto quando foi publicado, no Reino Unido, em 2005.
